Annual Total	113,300			

One-time

To create the necessary statistical data base for monitoring the felony sentencing practices of circuit court judges two project positions would be necessary for approximately one year to assist the circuit court automation program (CCAP) in developing a program which would collect the necessary data. With the elimination of the Sentencing Commission the old records of the Commission would have to be reviewed in the effort. To maintain the database a permanent ½ time programmer would be needed. The following are the projected costs to CCAP:

16,500

2 Programmers	90,000
(one year project position	ons)
Fringe Benefits	28,500
.5 Programmer (permanent in the second year) Fringe Benefits	22,500 7,100
Supplies and Services	3,600
One-time costs	21,000
Annual Total	30,800
One-time Costs	141,900
