Assumptions Used in Arriving at Fiscal Estimate

The portion of this bill related to the Department of Corrections involves the elimination of a distinction between a minor under 14 years of age and a minor 14 years of age or over with regard to transfers from a juvenile secured correctional facility to an inpatient facility for mental health treatment. Transfers from a secured juvenile facility to the Mendota Juvenile Treatment Center (MJTC) on the grounds of the Mendota Mental Health Institute are considered to be transfers from one secured correctional facility to another, are within the discretion of DOC regardless of the juvenile's age, and therefore would not be affected by this bill. Transfers from secured correctional facilities to inpatient mental health facilities other than MJTC happen infrequently, and are not likely to have any state fiscal effect.
