**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-3385/1dn
RNK:kmgjf

August 6, 1999

Under this draft, s. 30.135 (1) (a) is renumbered and amended to delete the requirement that a water ski platform or jump must not interfere with public rights in navigable waters in order to be placed in a navigable waterway without a permit. The draft, as requested, provides that the placement of the platform or jump must be consistent with the public trust in navigable waters under the constitution. It seems that these provisions have the same effect. Is this consistent with your intent? If so, you may want to consider simply retaining the language as it currently exists in the statutes.

1. **JACKET** the draft for introduction by JCRAR (return jacket to Robson 15-S)
in the **Senate** or the **Assembly** (check only one). Only the requester under whose name the drafting request is entered in the LRB's drafting records may authorize the draft to be submitted. Please allow one day for the preparation of the required copies.

2. **REDRAFT.** See the changes indicated or attached _____.
A revised draft will be submitted for your approval with changes incorporated.

3. Obtain **FISCAL ESTIMATE NOW**, prior to introduction _____.

If the analysis indicates that a fiscal estimate is required because the proposal makes an appropriation or increases or decreases existing appropriations or state or general local government fiscal liability or revenues, you have the option to request the fiscal estimate prior to introduction. If you choose to introduce the proposal without the fiscal estimate, the fiscal estimate will be requested automatically upon introduction. It takes about 10 days to obtain a fiscal estimate. Requesting the fiscal estimate prior to introduction retains your flexibility for possible redrafting of the proposal.

If you have any questions regarding the above procedures, please call 266-3561. If you have any questions relating to the attached draft, please feel free to call me.
