Ivy,

Julie Laundrie from Sen. Erpenbach's office asked that I forward to you a drafting request for an amendment to SB260. I've highlighted in red the suggested change. Julie wants this change to be in lieu of LRBa0908/1.

Feel free to call me if you have questions.

Thanks.

3this language would be added to LRB 0908/1?

Is 0908/1 still necessary? If it is necessary would the two amendments be seperate?? I would prefer one amendment.

Can we say something like - "if the agency cannot use its current resources to determine age or does not collect date of birth"? Just a thought..........

Sorry I am complicating this issue a little I think - maybe you should call me tomorrow AM. Thanks Dick.

Julie,

In talking with Joe Maassen from DOT, we arrived at the following language to be added to SB 260 (together with the language in LRBa0908/1);

1

Page 2, line 6: after the period insert "This subsection does not apply to a state authority's data base that does not include the subjects' dates of birth."

Page 2, line 9: after the period insert: "This subsection does not apply to information obtained from a state authority's data base that does not include the subjects' dates of birth."

Also, Dan Schmidt and I weren't sure why "a record containing" is included on page 2, lines 3 and 4 since there is no parallel language on page 2, line 7. If it isn't needed, any amendment that we draft to address the above language could delete these words.

Can you let me know if you want me to forward these changes to the LRB. Thanks.
