November 4, 1999

Currently under s. 44.39 (5), stats., the building commission may waive compliance with long-range planning requirements for listed properties under the jurisdiction of the department of corrections or the department of health and family services if either department determines that public safety may be jeopardized by compliance. This draft, therefore, does not apply to projects for which compliance has been waived under this provision. Please let me know if this is not in accord with your intent.
