### *Analysis by the Legislative Reference Bureau*

This bill requires the department of public instruction (DPI) to enter into an agreement with the National Geographic Society Education Foundation to establish the Wisconsin geographical education fund to award grants and to support programs to improve geographical education in Wisconsin. Among other things, this agreement must require both DPI and the foundation to make an initial grant of \$500,000 to the fund and the foundation to submit to DPI an annual, financial audit statement of the fund.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
