### ***Analysis by the Legislative Reference Bureau***

This bill provides that psychiatrists who contract directly with counties and who provide publicly funded psychiatric services are state agents of the department of health and family services (DHFS) for the purposes of representation by the department of justice in any court actions that arise from their provision of these psychiatric services. The bill also provides that psychiatrists who are employed by or are under contract with private, nonprofit agencies that contract with county departments of community programs or developmental disabilities services to provide the psychiatrist's services are state agents of DHFS for the provision of those services under the following conditions:

1. The board of the relevant county department of community programs or developmental disabilities services approves, after determining that certain criteria apply, a joint application of the psychiatrist and the private, nonprofit agency.

2. The department of administration (DOA) approves the application for a period of one year and so notifies the applicants. Prior to its approval, DOA may transmit the joint application to the medical examining board for review.

Amounts that are recoverable by civil suit against these psychiatrists as state agents of DHFS are limited to \$250,000 and judgments against them in these suits that exceed applicable liability insurance are payable by the state.

**SENATE BILL 313**

The bill requires that a psychiatrist who is covered under the bill identify himself or herself as a state agent to each patient receiving the publicly funded services.

Lastly, the bill prohibits a psychiatrist or county that is covered under the bill from being required to purchase liability insurance for the provision of the psychiatric services that are covered under the bill.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

**SENATE BILL 313**

1           895.46 (1) (a) If the defendant in any action or special proceeding is a public  
2 officer or employe and is proceeded against in an official capacity or is proceeded  
3 against as an individual because of acts committed while carrying out duties as an  
4 officer or employe and the jury or the court finds that the defendant was acting within  
5 the scope of employment, the judgment as to damages and costs entered against the  
6 officer or employe in excess of any insurance applicable to the officer or employe shall  
7 be paid by the state or political subdivision of which the defendant is an officer or  
8 employe, except that the state shall pay a judgment entered against a psychiatrist  
9 for the psychiatric services described in s. 51.035 (2) (a) or (b). This paragraph may

21 was doing any act growing out of or committed in the course of the discharge of his

23 issue without waiving the state's sovereign immunity to suit. Failure by the officer  
24 or employe to give notice to his or her department head of an action or special  
25 proceeding commenced against the defendant officer or employe as soon as

**SENATE BILL 313**

1 reasonably possible is a bar to recovery by the officer or employe from the state or  
2 political subdivision of reasonable attorney fees and costs of defending the action.  
3 The attorney fees and expenses shall not be recoverable if the state or political  
4 subdivision offers the officer or employe legal counsel and the offer is refused by the  
5 defendant officer or employe. If the officer, employe or agent of the state refuses to  
6 cooperate in the defense of the litigation, the officer, employe or agent is not eligible  
7 for any indemnification or for the provision of legal counsel by the governmental unit  
8 under this section.
