Hi Peter-If this is not your drafting area, please refer it to the appropriate drafter. It reaches across a few different areas. Thanks. It is a high priority for us to get introduced. Refer any questions to me, and you are also authorized to discuss this draft with LFB staff.

Sen. Chvala would like drafted a bill which statutorily requires the state to provide an increase in GPR to local government aid programs at least equal to the inflation rate in the previous year, beginning in calendar year 2001. The programs included in this list are as follows:

- VK 1. All Shared Revenue programs (ERP, Small Municipalities Shared Revenue, PMS, Shared Revenue, County Mandate Relief);
- SMM 2. Community Aids and Youth Aids. With these programs, also require the state to match any loss in federal funding for the programs from the previous calendar year;
- RPN 3. Court Support Grant Program;
- RCT 4. Recycling-index the recycling surcharge to generate revenue sufficient to fund an inflationary increase in grants to local governments. Require DOR to set the new rates, similar to the gas tax indexing mechanism.

51.423 (2) From the appropriations under s. 20.435 (3) (o) and (7) (b), (ba), (bb), (kw) and (o), the department shall distribute the funding for services provided or purchased by county departments under s. 46.23, 51.42 or 51.437 to such county departments as provided under s. 46.40. County matching funds are required for the distributions under s. 46.40 (2) and (9) (b). Each county's required match for the distributions under s. 46.40 (2) for a year equals 9.89% of the total of the county's distributions under s. 46.40 (2) for that year for which matching funds are required plus the amount the county was required by s. 46.26 (2) (c), 1985 stats., to spend for juvenile delinquency-related services from its distribution for 1987. Each county's required match for the distribution under s. 46.40 (9) (b) for a year equals 9.89% of that county's amounts described in s. 46.40 (9) (a) (intro.) for that year. Matching funds may be from county tax levies, federal and state revenue sharing funds or private donations to the counties that meet the requirements specified in sub. (5).

Private donations may not exceed 25% of the total county match. If the county match is less than the amount required to generate the full amount of state and federal funds distributed for this period, the decrease in the amount of state and federal funds equals the difference between the required and the actual amount of county matching funds.

Under current law, the state administers a shared revenue program that distributes state tax revenues to counties and municipalities for the counties and municipalities to use at their discretion. Under this bill, the amounts of the shared

**BILL**

revenue payments to counties and municipalities are annually adjusted to reflect changes in the consumer price index.

Under current law, the director of state courts administers a program that provides payments to counties to support the operation of circuit courts. Under the bill, the amounts of those payments are annually adjusted to reflect changes in the consumer price index.

Under current law, the department of natural resources administers a program that provides grants to local governmental units that are responsible for solid waste management (responsible units) to pay a portion of the costs of operating recycling programs. This bill changes the amount of funding for the responsible unit recycling grant program each year to reflect changes in the consumer price index.

Under current law, the department of health and family services distributes general purpose revenues and federal revenues, as community aids, to counties to provide social, mental health, developmental disabilities and alcohol and other drug abuse services. This bill changes the amount of general purpose revenues that are appropriated for community aids in each fiscal year to reflect changes in the consumer price index and any loss of federal revenues for community aids since the previous fiscal year.

Under current law, the department of corrections distributes general purpose revenues and federal revenues, as community, youth and family aids (commonly referred to as "youth aids"), to counties to pay for state-provided juvenile correctional services and local delinquency-related and juvenile justice services. This bill changes the amount of general purpose revenues that are appropriated for youth aids in each fiscal year to reflect changes in the consumer price index and any loss of federal revenues for youth aids since the previous fiscal year.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
