Lonnie,

Hope this helps.

Background info FYI: Terms of contracts.

(3)(a): 1st Round of Contracts: 1996-97 through 2000-01
(3)(am): 2nd Round of Contracts: 1998-99 through 2002-03
(3)(ar): 3rd Round of Contracts: 2000-01 through 2004-05
(2)(g): Renewal Contracts: Starting in 2001-02
(3)(at): New Contracts: Starting in 2001-02

Poverty Priority Provision:

I think the language on page 5, lines 21 through 23, needs to be stated separately for contracts under (2)(g) and (3)(at). My concern is that the language as currently drafted could be construed as a separate and overriding priority that should be used in fund these contracts. Information below tries to address this concern along with setting up the priority of payments.

Funding Priorities by year:

2001-02:

1. Fund contracts under (3)(am) and (3)(ar).
2. After making payments under 1., fund contracts under (2)(g), if funding is available and by poverty rate if necessary.
3. After making payments under 2., fund contracts under (3)(at), if funding is available and by poverty rate if necessary.

2002-03:

1. Fund contracts under (3)(am) and (3)(ar) and existing contracts under (2)(g) and (3)(at) that commenced in a prior school year.
2. After making payments under 1., fund contracts under (2)(g) that commence in that school year, if funding is available and by poverty rate if necessary.
3. After making payments under 2., fund contracts under (3)(at) that commence in that school year, if funding is available and by poverty rate if necessary.

2003-04:

1. Fund contracts under (3)(ar) and existing contracts under (2)(g) and (3)(at) that commenced in a prior school year.
2. After making payments under 1., fund contracts under (2)(g) that commence in that school year, if funding is available and by poverty rate if necessary.
3. After making payments under 2., fund contracts under (3)(at) that commence in that school year, if funding is available and by poverty rate if necessary.

2004-05:

1. Fund contracts under (3)(ar) and existing contracts under (2)(g) and (3)(at) that commenced in a prior school year.
2. After making payments under 1., fund contracts under (2)(g) that commence in that school year, if funding is available and by poverty rate if necessary.
3. After making payments under 2., fund contracts under (3)(at) that commence in that school year, if funding is available and by poverty rate if necessary.

2005-06 and after:

1. Fund existing contracts under (2)(g) and (3)(at) that commenced in a prior year.
2. After making payments under 1., fund contracts under (2)(g) and (3)(at) that commence in that school, if funding is available and by poverty rate if necessary.

1999 BILL

D-N
Sen Act. Now

1 AN ACT ...; relating to: achievement guarantee contracts and making an
2 appropriation.

Analysis by the Legislative Reference Bureau

EDUCATION

PRIMARY AND SECONDARY EDUCATION

In the 1996-97 and 1998-99 school years, school boards with a certain percentage of low-income pupils could enter into five-year student achievement guarantee contracts (SAGE contracts) with the department of public instruction (DPI) to reduce class size and improve academic achievement in grades kindergarten to three in exchange for receiving state aid. Beginning in the 2000-01 school year, a school board may enter into a SAGE contract regardless of the school board's percentage of low-income pupils, but the school board must satisfy other eligibility requirements that also pertain to SAGE contracts entered into in 1996-97 and 1998-99 school years. One of these requirements is that a school board that was eligible to participate in the SAGE program in the 1996-97 and 1998-99 school years must have participated in the SAGE program in either school year.

This bill repeals this eligibility requirement. The bill also permits DPI to renew an existing SAGE contract for five years and to enter into new SAGE contracts after the 2000-01 school year if funding for contract renewals and the new contracts is available. In making payments for contract renewals and the new contracts, DPI must give priority to schools that have the highest percentage of low-income pupil enrollment.

As I discussed with Tricia Collins, this bill requires DPI to pay first the existing SAGE contracts and then, if funding is available, to pay renewals of existing contracts. In making payments for the renewals, DPI must give priority to schools with the highest percentage of low-income enrollment. After making the renewal payments, DPI must, if funding is available, make payments on the new contracts that begin after the 2000-01 school year and must similarly prioritize based on low-income enrollment.
