1999 BILL

1 AN ACT ^{gen} ...; relating to: ✓ worker's compensation benefits for local emergency
2 response teams.

Analysis by the Legislative Reference Bureau

Under current law, regional emergency response teams respond to level A releases of hazardous substances. A "level A release" is a release of a hazardous substance that necessitates the highest level of protective equipment for the skin and respiratory systems because of the high degree of hazard to the skin or respiratory system from the released substances. The state contracts with regional emergency response teams to respond to a level A release and reimburses them for the costs incurred in responding to a level A release of hazardous substances. Current law also provides that a member of a regional emergency response team who is acting under the contract is an employe of the state for purposes of worker's compensation benefits, ^{Plain} meaning that the state would be liable for ~~any costs incurred as a result of that member needing~~ worker's compensation benefits for an injury incurred while responding to the level A release.

which means

This bill would provide that a member of a local emergency response team who is responding to a hazardous substance release is an employe of the state for purposes of worker's compensation benefits during the

2. **REDRAFT.** See the changes indicated or attached _____
A revised draft will be submitted for your approval with changes incorporated.

3. Obtain **FISCAL ESTIMATE NOW**, prior to introduction _____
If the analysis indicates that a fiscal estimate is required because the proposal makes an appropriation or increases or decreases existing appropriations or state or general local government fiscal liability or revenues, you have the option to request the fiscal estimate prior to introduction. If you choose to introduce the proposal without the fiscal estimate, the fiscal estimate will be requested automatically upon introduction. It takes about 10 days to obtain a fiscal estimate. Requesting the fiscal estimate prior to introduction retains your flexibility for possible redrafting of the proposal.
