- 1 **AN ACT to amend** 45.397 (2) (a), 46.27 (1) (dr) and 150.46 (1) of the statutes;
 2 **relating to:** schools eligible for veteran retraining grants, application of the
 3 state resource allocation program and making appropriations.

Analysis by the Legislative Reference Bureau

Under current law, a veteran may receive a grant of up to \$3,000 for retraining to enable the veteran to obtain employment. Currently, to receive a grant, the veteran must be enrolled in a training course at a technical college or in an on-the-job training program that meets program requirements promulgated by rule by the department of veterans affairs. This bill allows a veteran to also receive a retraining grant if the veteran is enrolled in a training course in a proprietary school that is approved by the educational approval board.

Under current law, the construction of new nursing home beds, increases in nursing home bed capacity, certain large capital expenditures and clinical equipment expenditures, and the conversion of a nursing home to a developmental disability facility are subject to the state resource allocation program. Under this program, none of these activities may be undertaken without the approval of the department of health and family services. Currently, this program does not apply to the Wisconsin Veterans Home at King. Under this bill, the program would also not apply to the new veterans nursing care facility in southeastern Wisconsin nor to the three state centers for the developmentally disabled.

The bill also provides funding for staff to operate the Southern Wisconsin Veterans Retirement Center, a residential facility for veterans located in

SENATE BILL 424

southeastern Wisconsin that was authorized in 1999 Wisconsin Act 9, the 1999–2001 budget bill.
