

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-4574/1dn
PEN:cmh:km

February 29, 2000

This bill does not make the permit valid on those portions of highways designated as I 39. It is my understanding that the highways enumerated under s. 348.27 (9r), stats., have already been designated as I 39, and that following their designation this state may not create additional size and weight limit exceptions without loss of federal highway aid. If my understanding is incorrect and you wish to include the oversize and overweight limit exception to those highways designated as I 39, please let me know.

Check the definition of "biosolids" closely. Is it what you intend?
