1 AN ACT relating to: size and weight limitations for vehicles and combinations
2 of vehicles transporting biosolids from a facility that recycles or processes
3 metallic or nonmetallic scrap.

Analysis by the Legislative Reference Bureau

Under current law, the department of transportation (DOT) may issue annual and consecutive month permits authorizing certain vehicles and combinations of vehicles that exceed size, weight or load limitations to operate upon a highway. One such permit authorizes the operation of oversize or overweight vehicles and combinations of vehicles that are transporting metallic or nonmetallic scrap for the purpose of recycling or processing.

This bill authorizes DOT to issue annual or consecutive month permits for the transport of oversize or overweight vehicles and combinations of vehicles transporting biosolids from a facility that recycles or processes metallic or nonmetallic scrap. Like other permits authorizing the operation of oversize or overweight vehicles, the permit is not valid on highways designated as part of the national system of interstate or defense highways.

Because this bill concerns an exception to the vehicle weight limits specified in ch. 348, Stats., the department of transportation, as required by law, will prepare a report to be printed as an appendix to this bill.

Chapter
348 of
the
Wisconsin
Statutes

DOT

Section #, 348.27 (9r)⁻²⁻ (title) of the statutes
is amended to read:

348.27 (9r) (title)

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

B

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1

SECTION 1. 348.27 (9r) of the statutes is renumbered 348.27(9r)(a) and

3
A

2

amended to read:

3

348.27 (9r) (a) TRANSPORTATION OF SCRAP AND ITS BYPRODUCTS. The department

4

may issue an annual or consecutive month permit for the transportation of metallic

5

or nonmetallic scrap for the purpose of recycling or processing on a vehicle or

6

combination of vehicles which exceeds statutory weight or length limitations and for

7

the return of the vehicle or combination of vehicles when empty. This subsection

8

paragraph does not apply to the transportation of scrap on highways designated as

9

part of the national system of interstate and defense highways, except for that

10

portion of USH 51 between Wausau and STH 78 and that portion of STH 78 between

11

USH 51 and the I 90/94 interchange near Portage upon their federal designation as

12

I 39.

13

SECTION 2. 348.27 (9r) (b) of the statutes is created to read:

14

348.27 (9r) (b) 1. In this paragraph, "biosolids" means the solid, semi-solid or liquid residue generated during the recycling or processing of metallic or nonmetallic scrap.

15

16

17

2. The department may issue an annual or consecutive month permit for the transportation of biosolids from the facility that recycled or processed the metallic

18

19

or nonmetallic scrap. The department may issue the permit for a vehicle or

20

combination of vehicles that exceeds statutory weight or length limitations. The

1 permit may authorize the transport of the empty vehicle or empty combination of
2 vehicles to the recycling or processing facility. This paragraph does not apply to the
3 transportation of biosolids on highways designated as part of the national system of
4 interstate and defense highways.

This bill does not make the permit valid on those portions of highways designated as I 39. It is my understanding that the highways enumerated under s. 348.27 (9r), stats., have already been designated as I 39, and that following their designation this state may not create additional size and weight limit exceptions without loss of federal highway aid. If my understanding is incorrect and you wish to include the oversize and overweight limit exception to those highways designated as I 39, please let me know.

Check the definition of "biosolids" closely. Is it what you intend?

1. JACKET the draft for introduction

Alice Clausing

in the Senate or the Assembly (check only one). Only the requester under whose name the drafting request is entered in the LRB's drafting records may authorize the draft to be submitted. Please allow one day for the preparation of the required copies.

2. REDRAFT. See the changes indicated or attached _____.

A revised draft will be submitted for your approval with changes incorporated.

3. Obtain FISCAL ESTIMATE NOW, prior to introduction _____.

If the analysis indicates that a fiscal estimate is required because the proposal makes an appropriation or increases or decreases existing appropriations or state or general local government fiscal liability or revenues, you have the option to request the fiscal estimate prior to introduction. If you choose to introduce the proposal without the fiscal estimate, the fiscal estimate will be requested automatically upon introduction. It takes about 10 days to obtain a fiscal estimate. Requesting the fiscal estimate prior to introduction retains your flexibility for possible redrafting of the proposal.

If you have any questions regarding the above procedures, please call 266-3561. If you have any questions relating to the attached draft, please feel free to call me.
