Last week I sent over a change in the bill draft requested by DOT. Could you get that done and out. I need to "make this happen" in the next few days.

Hi Paul - -

Could you draft an amendment to LRB 4574 to reflect the language offered by DOT (below). I haven't looked at this close enough to know whether this change requires a Substitute Amendment or not. If it does go ahead and do it.

Thanks,  
Bill

Regarding SB448, to narrow the scope of this proposed legislation the following language may be beneficial for consideration.

To allow the transportation of solid waste suspended in water to a common recycling or processing center. Following centrifuge, the transportation of the grey water back to the water treatment plant from which it originated would be allowed.

TO 1999 SENATE BILL 448

LRB2160/r  
PEN  
[Signature]

At the locations indicated, amend the bill as follows:

- 1. Page 1, line 4: after "scrap" insert "to a facility for separation of liquid residue, and transporting liquid residue separated from biosolids to a facility for treatment, storage or disposal." (4)
- 2. Page 2, line 19: after "biosolids" insert "to another facility for the separation of liquid residue from the biosolids, and for the transportation of the liquid residue from the facility that separated the liquid residue from the biosolids to another facility for the treatment, storage or disposal of the liquid residue." (5)
- 3. Page 3, line 2: delete "the transportation of biosolids".
- 4. Page 3, line 2: delete "on".
