Becky - -

Here is another amendment (if needed) to SB 479. The amendment would make *compliance by school districts in responding to the follow-up survey mandatory.*

Bill;

As per our conversation, here's the verbiage that Bob Battaglia at Ag Statistics suggested by in the bill to assure reporting by the schools to the follow up survey:

Bill must stipulate that reporting by schools be mandatory to assure an adequate response rate and accurate survey results.

If you need anything else, don't hesitate to call. However, that being said, I'll be on the road much of next week doing pesticide applicator training.
