Nilsen, Paul Packer License Plate Drafting Instructions

### Paul,

We would like to have a bill creating a Packer license plate. The cost of the plate would be \$25 in addition to the regular base cost. Proceeds from the plate's sale would be used to reimburse DOT for the costs of designing and producing the plate and Brown County for the purpose of paying debt service and retirement of bonds issued for purpose of a football facility. (I think there's boiler plate language in the Lambeau bill that captures our intent).

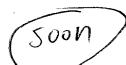

If bonds are not issued, the proceeds would be directed to a special fund administered by the County for the purpose of renovating a professional football facility.

Thank you for your help.

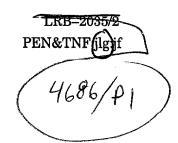

Barb Worcester 6-2502

I will be out of the country for a week beginning this Thursday. If you have any questions I will be here until late on Wednesday.

Analysis by the Legislative Reference Bureau

team

Under current law, members of authorized special groups may obtain special distinguishing registration plates for certain vehicles registered with the department of transportation (DOT). Special plates may be obtained for automobiles, station wagons, motor homes and certain dual purpose motor homes, farm trucks and dual purpose farm trucks that are owned or leased by special group members. A fee, in addition to the regular registration fee for the particular kind of vehicle, is assessed for the issuance or reissuance of most special plates.

Members of authorized special groups related to certain campuses of the University of Wisconsin (UW) System or to the support of endangered or threatened

species pay an additional annual fee as a tax deductible contribution to the UW System or to the endangered resources program administered by the department of natural resources.

This bill establishes an authorized special group for persons interested in obtaining special distinguishing registration plates expressing their support of the Green Bay Packers, a professional football team. Special group plates related to the Green Bay Packers may not be issued by DOT unless any approvals that are required for use of an applicable logo, trademark, trade name or commercial symbol designating the team have been obtained.

In addition to the regular vehicle registration fee, the special group members are required to pay a \$15 fee for issuance or reissuance of the special plates and an additional \$25 annual fee at the detailed contribution that after payment of certain data processing and licensing fee costs provides funds in equal amounts to D.A.R.E. Wisconsin, Ltd., a nonprofit corporation, for programs and activities relating to drug abuse resistance education and for the payment of marketing costs relating to the special group plates, to Boys and Girls Clubs of Wisconsin, to UW Children's Hospital and Clinics and to Children's Hospital of Wisconsin, Inc. Under the bill, D.A.R.E. Wisconsin, Ltd. is required to annually submit an audited financial statement of its use of the funds received from these tax deductible contributions. Funding to D.A.R.E. Wisconsin, Ltd., is discontinued if the nonprofit organization dissolves or loses its tax—exempt status under federal law.

Current law also prohibits enumerating special group license plates by legislative action. Instead, members of special groups desiring a special group license plate must apply to DOT for designation. This bill creates an exception to this administrative process.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 16.25 of the statutes is created to read:

16.25 Contributions from proceeds of special license plates. A fee, in addition to the regular registration fee for the particular kind of vehicle, is assessed for the issuance or reissuance of most special plates.

Members of authorized special groups related to certain campuses of the University of Wisconsin (UW) System or to the support of endangered or threatened species pay an additional annual fee as a tax deductible contribution to the UW System or to the endangered resources program administered by the department of natural resources.

This bill establishes an authorized special group for persons interested in obtaining special distinguishing registration plates expressing their support of the Green Bay Packers, a professional football team. Special group plates related to the Green Bay Packers may not be issued by DOT unless any approvals that are required for use of an applicable logo, trademark, trade name or commercial symbol designating the team have been obtained.

In addition to the regular vehicle registration fee, the special group members are required to pay a \$15 fee to DOT for issuance or reissuance of the special plates and an additional \$25 annual fee. After payment of certain data processing and licensing fee costs incurred by DOT in producing the plates, the remainder of the \$25 annual fees are paid by the department of commerce to qualified counties that have issued bonds or promissory notes for the purposes of constructing or renovating a stadium to be used by a professional football team.

Current law also prohibits enumerating special group license plates by legislative action. Instead, members of special groups desiring a special group license plate must apply to DOT for designation. This bill creates an exception to this administrative process.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
