Describe the problem, including any helpful examples. How do you want to solve the problem? The youth options program, authorized under S. 118.55, allows public school students to take college or technical level courses at their high schools expense if the course is not available through the high school. This bill would make this program available to students enrolled in private schools also. → If neither priv. school nor public school offers the course.	
If you know of any statute sections that might be affected, please list them or provide a marked (not re-typed) copy. S. 118.55 (attached)
