18.60 (1) The commission may authorize, for any one or more of the purposes described in s. 18.53 (1), the issuance of revenue obligation refunding bonds obligations. Refunding bonds obligations may be issued, subject to any contract rights vested in holders owners of bonds obligations or notes being refinanced, to refinance more than one issue of bonds obligations or notes notwithstanding that the bonds obligations or notes may have been issued at different times for different purposes and may be secured by the property or income of more than one enterprise or program or special fund or may be public debt or building corporation indebtedness. The principal amount of refunding bonds obligations shall not exceed the sum of: the principal amount of the bonds obligations or notes being refinanced; applicable redemption premiums; unpaid interest on the bonds obligations or notes to the date of delivery or exchange of the refunding bonds obligations; in the event the proceeds are to be deposited in trust as provided in sub. SECTION 149. 18.60 (2) of the statutes is amended to read:

18.60 (2) If the commission determines to exchange refunding bonds obligations, they may be exchanged privately for and in payment and discharge of any of the outstanding bonds obligations or notes being refinanced. Refunding bonds obligations may be exchanged for a like or greater principal amount of the bonds obligations or notes being exchanged therefor except that the principal amount of the refunding bonds obligations may exceed the principal amount of the bonds obligations or notes being exchanged therefor only to the extent determined by the commission to be necessary or advisable to pay redemption premiums and unpaid interest to the date of exchange not otherwise provided for. The holders owners of the bonds obligations or notes being refunded who elect to exchange need not pay accrued interest on the refunding bonds obligations if and to the extent that interest is accrued and unpaid on the bonds obligations or notes being refunded and to be surrendered. If any of the bonds obligations or notes to be refinanced are to be called for redemption, the commission shall determine which redemption dates shall be used, if more than one date is applicable and shall, prior to the issuance of the refunding bonds obligations, provide for notice of redemption to be given in the manner and at the times required by the proceedings authorizing the outstanding bonds obligations or notes.

only if the principal amount of the securities at maturity and the income therefrom to maturity will be sufficient and available, without the need for any further investment or reinvestment, to pay at maturity or upon redemption the principal amount of the ~~bonds~~ obligations or notes being refinanced together with applicable redemption premiums and interest accrued and to accrue to maturity or to the date of redemption. The income from the principal proceeds of the securities shall be applied solely to the payment of the principal of and interest and redemption premiums on the ~~bonds~~ obligations or notes being refinanced, but provision may be made for the pledging and disposition of any surplus. Nothing in this subsection shall be construed as a limitation on the duration of any deposit in trust for the retirement of ~~bonds~~ obligations or notes being refinanced, but which have not matured and which are not presently redeemable. Nothing in this subsection shall be construed to prohibit reinvestment of the income of a trust if the reinvestments will mature at such times that sufficient cash will be available to pay interest, applicable premiums and principal on the ~~bonds~~ obligations or notes being refinanced.

(c) *Overall requirements.* 1. The department may obligate not more than \$5,000,000 under the subprogram for the Baraboo Hills.

2. The amount of moneys, other than federal moneys, that may be used by local governmental units or nonprofit conservation organizations to make land acquisitions that are certified as qualifying matching land acquisitions under par. (e) may not exceed \$2,500,000.

3. Land that is either certified as a qualifying matching land acquisition under par. (e) or (h) 2. or acquired with moneys made available for expenditure under par. (g) or (h) 2. may not be department land or land that is otherwise owned or under the jurisdiction of the state on the effective date of this subdivision [revisor inserts date].

(d) *Matching land acquisitions; requirements.* The department may only certify as a qualifying matching

land acquisition in the Baraboo Hills an acquisition to which all of the following apply:

1. The land is being acquired for conservation purposes.

2. The land is being acquired by the federal government, by a local governmental unit or by a nonprofit conservation organization.

3. Any federal moneys being used for the acquisition are federal nontransportation moneys.

(e) *Matching land acquisitions; certification.* The department shall certify which land acquisitions qualify as matching land acquisitions for the subprogram for the Baraboo Hills and shall determine the values of these matching land acquisitions as provided in par. (f).

(f) *Matching land acquisitions; valuation.* The value of a land acquisition that is certified as a qualifying matching land acquisition under par. (e), shall be calculated as follows:

1. For land that is acquired by purchase at fair market value, the value shall equal the sum of the purchase price and the costs incurred by the federal government, local governmental unit or nonprofit conservation organization in acquiring the land.

2. For land that is acquired by gift or bequest or by purchase at less than fair market value, the value shall equal the sum of the appraised fair market value of the land at the time of the acquisition and the costs incurred by the acquiring entity in acquiring the land. The acquiring entity shall supply the appraisal upon which the appraised fair market value is based.

(g) *Matching land acquisitions; available moneys.* For each land acquisition that is certified as a qualifying matching land acquisition under par. (e), the department shall make available for expenditure moneys in an amount that equals the value of the land acquisition, as calculated under par. (f). This paragraph does not apply to a land acquisition that is acquired with moneys committed by the federal government, local governmental unit or nonprofit conservation organization under par. (h).

(h) *Matching land acquisitions; future commitments.*
1. In addition to the moneys made available for expenditure under par. (g), the department shall set aside moneys in amounts that equal amounts that the federal government, local governmental units or nonprofit conservation organizations commit for the acquisition of land in the Baraboo Hills for conservation purposes. Federal moneys that are committed under this paragraph shall be federal nontransportation moneys. The department may set aside moneys under this paragraph only for commitments that are made before January 1, 2006.

2. For each land acquisition that is made by using moneys that are committed by the federal government, a local governmental unit or a nonprofit conservation organization under this paragraph and that is certified as a qualifying matching land acquisition under par. (e), the

department shall make available for expenditure moneys in an amount that equals the value of the land acquisition, as calculated under par. (f), after the acquisition is certified.

(i) *Available moneys; uses.* The moneys made available for expenditure under par. (g) or (h) 2. may be used by the department to acquire land in the Baraboo Hills for conservation purposes and to award grants to local governmental units and nonprofit conservation organizations.

(j) *Available moneys; grant requirements.* A local governmental unit or nonprofit conservation organization that receives a grant under par. (i) does not need to provide any matching funding. Land acquired with moneys from a grant awarded under par. (i) may not be certified by the department as a qualifying matching land acquisition under par. (e). Grants awarded under par. (i) shall be used to acquire land for conservation purposes in the Baraboo Hills.

(k) *Unassigned amount.* If the assigned amount for the subprogram for the Baraboo Hills on January 1, 2006, is less than the available bonding authority, the department shall calculate the unassigned amount by subtracting the assigned amount from the available bonding authority. The department shall then adjust the annual bonding authority for the subprogram for land acquisition by increasing its annual bonding authority by an amount equal to this unassigned amount. The department shall expend any assigned amount that has not been expended before January 1, 2006, for acquisitions, by the department, of land for conservation purposes and for grants that meet the requirements under par. (j).

(L) *Highway construction required.* No moneys may be obligated for the subprogram for the Baraboo Hills before the department of transportation certifies to the department of natural resources that highway construction that will result in at least 4 traffic lanes has begun on the portion of USH 12 between the city of Middleton and the village of Sauk City.

(3) or (4) that is less than the annual bonding authority for that subprogram for that given fiscal year, the department shall adjust the annual bonding authority for that subprogram by raising the annual bonding authority, as it may have been previously adjusted under this paragraph and par. (b), for the next fiscal year by the amount that equals the difference between the amount authorized for that subprogram and the obligated amount for that subprogram in that given fiscal year.

(b) If for a given fiscal year the department obligates an amount from the moneys appropriated under s. 20.866 (2) (ta) for a subprogram under sub. (3) or (4) that is more than the annual bonding authority for that subprogram for

that given fiscal year, the department shall adjust the annual bonding authority for that subprogram by lowering the annual bonding authority, as it may have been previously adjusted under this paragraph and par. (a), for the next fiscal year by an amount equal to the remainder calculated by subtracting the amount authorized for that subprogram from the obligated amount, as it may be affected under par. (c) or (d), for that subprogram in that given fiscal year.

(c) The department may not obligate for a fiscal year an amount from the moneys appropriated under s. 20.866 (2) (ta) for a subprogram under sub. (3) or (4) that exceeds the amount equal to the annual bonding authority for that subprogram as it may have been previously adjusted under pars. (a) and (b), except as provided in par. (d).

(d) For a given fiscal year, in addition to obligating the amount of the annual bonding authority for a subprogram under sub. (3) or (4), or the amount equal to the annual bonding authority for that subprogram, as adjusted under pars. (a) and (b), whichever amount is applicable, the department may also obligate for that subprogram up to 100% of the annual bonding authority for that subprogram for that given fiscal year for a project or activity if the natural resources board determines that all of the following conditions apply:

1. That moneys appropriated for that subprogram to the department under s. 20.370 and the moneys appropriated for that subprogram under s. 20.866 (2) (ta), (tp) to (tw), (ty) and (tz) do not provide sufficient funding for the project or activity.

2. That any land involved in the project or activity covers a large area or the land is uniquely valuable in conserving the natural resources of the state.

3. That delaying or deferring all or part of the cost to a subsequent fiscal year is not reasonably possible.

(5m) ADJUSTMENTS FOR LAND ACQUISITIONS. (a) Beginning in fiscal year 1999–2000, the department, subject to the approval of the governor and the joint committee on finance under sub. (6), may obligate under the subprogram for land acquisition any amount not in excess of the total bonding authority for that subprogram for the acquisition of land.

(b) For each land acquisition transaction under this subsection, all of the following apply:

1. The department shall sell a portion of the acquired land.

2. All proceeds from the sale of the land, up to the amount obligated under par. (a) as determined by the secretary of administration, shall be deposited in the general fund and credited to the appropriation account under s. 20.370 (7) (ag). Notwithstanding s. 25.29 (1) (a), the proceeds in excess of the amount obligated under par. (a) shall be deposited in the general fund.

3. For bonds that are retired from the proceeds of the sale of the acquired land within 3 years after the date on which the land was acquired by the department, the

department shall adjust the available bonding authority for the subprogram for land acquisition by increasing the available bonding authority for the fiscal year in which the bonds are retired by an amount equal to the total amount of the bonds issued for the sale that have been retired in that fiscal year.

4. For bonds that are not retired from the proceeds of the sale of the acquired land within 3 years after the date on which the land was acquired by the department, the department shall adjust the available bonding authority for the subprogram for land acquisition by decreasing the available bonding authority for the next fiscal year beginning after the end of that 3-year period by an amount equal to the total amount of the bonds that have not been retired from such proceeds in that fiscal year and, if necessary, shall decrease for each subsequent fiscal year the available bonding authority in an amount equal to that available bonding authority or equal to the amount still needed to equal the total amount of the bonds that have not been retired from such proceeds, whichever is less, until the available bonding authority has been decreased by an amount equal to the total of the bonds that have not been retired.

(c) Notwithstanding sub. (2) (a) 1., land acquired under this subsection need not be for conservation or recreational purposes.

(d) The department of administration shall monitor all transactions under this subsection to ensure compliance with federal law and to ensure that interest on the bonds is tax-exempt for the holders of the bonds.

(6) REVIEW BY JOINT COMMITTEE ON FINANCE. (a) The department may not obligate from the appropriation under s. 20.866 (2) (ta) for a given project or activity any moneys unless it first notifies the joint committee on finance in writing of the proposal. If the cochairpersons of the committee do not notify the department within 14 working days after the date of the department's notification that the committee has scheduled a meeting to review the proposal, the department may obligate the moneys. If, within 14 working days after the date of the notification by the department, the cochairpersons of the committee notify the department that the committee has scheduled a meeting to review the proposal, the department may obligate the moneys only upon approval of the committee.

(b) Paragraph (a) applies only to an amount for a project or activity that exceeds \$250,000, except as provided in par. (c).

(c) Paragraph (a) applies to any land acquisition under sub. (5m).

(7) CALCULATION OF GRANT AMOUNTS; APPRAISALS. (a) Except as provided in pars. the sum of the land's current fair market value and other acquisition costs, as determined by rule by the department.

(b) For land that has been owned by the current owner for less than one year, the acquisition costs of the land shall equal the owner's acquisition price.

(c) For land that has been owned by the current owner for one year or more but for less than 3 years, the acquisition costs of the land shall equal the sum of the current owner's acquisition price and the annual adjustment increase.

(d) For purposes of par. (c), the annual adjustment increase shall be calculated by multiplying the owner's acquisition price by 7.5% and by then multiplying that product by one of the following numbers:

1. By one if the land has been owned by the current owner for one year or more but for less than 2 years.

2. By 2 if the land has been owned by the current owner for 2 years or more but for less than 3 years.

(e) For any land for which moneys are proposed to be obligated from the appropriation under s. 20.866 (2) (ta) in order to provide a grant or state aid to a governmental unit under s. 23.09 (19), (20) or (20m) or 30.277 or to a nonprofit conservation organization under s. 23.096, the governmental unit or nonprofit conservation organization shall submit to the department two appraisals if the department estimates that the fair market value of the land exceeds \$200,000.

For any land which is acquired in whole or in part with moneys obligated from the appropriations under s. 20.866 (2) (ta) or (tz) or both, the department shall provide signs on the land stating that the land has been acquired with stewardship funds. The signs shall be clearly visible to the public at access points to the land or along highways or other transportation routes that provide access to the land. If the land is open to the public, the sign shall so state and shall state the purposes for which the land may be used by the public.

(12) EXPENDITURES AFTER JUNE 30, 2010. If the remaining bonding authority for a subprogram under sub. (3) or (4) on June 30, 2010, is an amount greater than zero, the department may expend any portion of this remaining bonding authority for that subprogram in one or more subsequent fiscal years.

(2) CONTRACTS. (a) The department may contract for operation of a care management organization only with an entity that is certified as meeting the requirements under sub. (3). No entity may operate as a care management organization under the requirements of this section unless so certified and under contract with the department.

(b) Within each county, the department shall initially contract to operate a care management organization with the county or a family care district if the county elects to operate a care management organization and the care management organization meets the requirements of sub. (3) and performance standards prescribed by the department. A county that contracts under this paragraph may operate the care management organization for all of the target groups or for a selected group or groups. With respect to contracts exclusively with counties to operate a care management organization, all of the following apply:

1. Before January 1, 2003, the department may not contract with an organization other than the county to operate a care management organization in the county unless any of the following applies:

b. The county fails to meet requirements of sub. (3) and performance standards prescribed by the department.

c. The county does not have the capacity to serve all county residents who are entitled to the family care benefit in the client group or groups that the county serves and cannot develop the capacity. 3. After December 31, 2003, the department may contract with counties, family care districts, the governing body of a tribe or band or the Great Lakes inter-tribal council, inc., or under a joint application of any of these, or with a private organization that has no significant connection to an entity that operates a resource center. Proposals for contracts under this subdivision shall be solicited under a competitive sealed proposal process under s. 16.75 (2m) and, after consulting with the local long-term care council for the county or counties, the department shall evaluate the proposals primarily as to the quality of care that is proposed to be provided, certify those appli-

(3) CERTIFICATION; REQUIREMENTS. (a) If an entity meets the requirements under par. (b) and applicable rules of the department and submits to the department an application for initial certification or certification renewal, the department shall certify that the entity meets the requirements for a care management organization. An application shall include comments about the applicant and recommendations about the application that are provided by the appropriate local long-term care council, as specified under s. 46.282 (3) (a) 3.

(b) To be certified as a care management organization, an applicant shall demonstrate or ensure all of the following:

5. Adequate supported living arrangements of the types and sizes that meet proposed enrollees' preference and needs.

6. Expertise in determining and meeting the needs of every target population that the applicant proposes to serve and connections to the appropriate service providers.

7. Thorough knowledge of local long-term care and other community resources.

8. The ability to manage and deliver, either directly or through subcontracts or partnerships with other organizations, the full range of benefits to be included in the monthly payment amount.

9. Thorough knowledge of methods for maximizing informal caregivers and community resources and integrating them into a service or care plan.

10. Coverage for a geographic area specified by the department.

(4) DUTIES. A care management organization shall, in addition to meeting all contract requirements, do all of the following:

(a) Accept requested enrollment of any person who is entitled to the family care benefit and of any person who is eligible for the family care benefit and for whom funding is available. No care management organization may disenroll any enrollee, except under circumstances specified by the department by contract. No care management organization may encourage any enrollee to disenroll in order to obtain long-term care services under the medical assistance fee-for-service system. No involuntary disenrollment is effective unless the department has reviewed and approved it.

(b) Conduct a comprehensive assessment for each enrollee, including an in-person interview with the enrollee, using a standard format developed by the department.

(c) With the enrollee and the enrollee's family or guardian, if appropriate, develop a comprehensive care plan that reflects the enrollee's values and preferences.

(d) Provide or contract for the provision of necessary services and monitor the provided or contracted services.

(e) Provide, within guidelines established by the department, a mechanism by which an enrollee may arrange for, manage and monitor his or her family care benefit directly or with the assistance of another person chosen by the enrollee. Notwithstanding s. 46.036 (3) and (5m), a care management organization that is under contract with the department may expend the funds, consistent with this section, including providing payment, on a capitated basis, to providers of services under the family care benefit.

(b) If the expenditures by a care management organization under par. (a) exceed payments received from the department under par. (a), as determined by the department by contract, the department may share the loss with the care management organization, within the limits prescribed under the contract with the department.

(c) If the payments received from the department under par. (a) exceed the expenditures by a care management organization under par. (a), as determined by the department by contract, the care management organization may retain a portion of the excess payments, within the limits prescribed under the contract with the department, and shall return the remainder to the department.

(d) The department may, by contract, impose solvency protections that the department determines are reasonable and necessary to retain federal financial participation. These protections may include all of the following:

1. The requirement that a care management organization segregate a risk reserve from other funds of the care management organization or the authorizing body for the care management organization.

2. The requirement that interest accruing to the risk reserve remain in the escrow account for the risk reserve.

Moneys in the risk reserve or invested as specified in this subdivision may be expended only for the provision of services under this section. If a care management organization ceases participation under this section, the funds in the risk reserve or invested as specified in this subdivision, minus any contribution of moneys other than those specified in par. The department shall expend the moneys for the payment of outstanding debts to providers of family care benefit services and for the continuation of family care benefit services to enrollees.

(e) 1. Subject to subd. 2., a care management organization may enter into contracts with providers of family care benefit services and may limit profits of the providers under the contracts.

2. The department shall review the contracts in subd. 1., including rates for the provision of service, to ensure that the contract terms protect services access by enrollees and financial viability of the care management organization, and may require contract revision.

(6) GOVERNING BOARD. A care management organization shall have a governing board that reflects the ethnic and economic diversity of the geographic area served by the care management organization. At least one-fourth of the members of the governing board shall be older persons or persons with physical or developmental disabilities or their family members, guardians or other advocates who are representative of the care management organization's enrollee.

it shall be exempt from execution on the judgment of recovery until his or her death or sale of the property, whichever occurs first. Notwithstanding the foregoing restrictions and limitations, where the aid or benefit recipient is deceased a claim may be filed against any property in his or her estate and the statute of limitations specified in s. 859.02 shall be exclusively applicable. The records of aid or benefits paid kept by the county, by the department or by the Wisconsin works agency are prima facie evidence of the value of the aid or benefits furnished. Liability under this section shall extend to any parent or stepparent whose family receives aid under s. 49.19 or benefits under s. 49.148, 49.155 or 49.157 during the period that he or she is a member of the same household, but his or her liability is limited to such period. SECTION 1340. 49.195 (3) of the statutes is amended to read:

49.195 (3) A county, tribal governing body, Wisconsin works agency or the department shall determine whether an overpayment has been made under s. 49.19, 49.148, 49.155 or 49.157 and, if so, the amount of the overpayment. The county, tribal governing body, Wisconsin works agency or department shall provide notice of the overpayment to the liable person. The department shall give that person an opportunity for a review following the procedure specified under s. 49.152, if the person received the overpayment under s. 49.141 to 49.161, and for a hearing under ch. 227. Notwithstanding s. 49.96, the department shall promptly recover all overpayments made under s. 49.19, 49.148, 49.155 or 49.157 that have not already been received under s. 49.161 or 49.19 (17) and shall promulgate rules establishing policies and procedures to administer this subsection. The rules shall include notification procedures similar to those established for child support collections. The department may not recover overpayments made as a result of department error.

SECTION 1341. 49.195 (3m) of the statutes is created to read:

49.195 (3m) (a) 1. If any person fails to pay to the department any amount determined under sub. (3), no review or appeal of that determination is pending and the time for requesting a review or taking an appeal has expired, the department may issue a warrant directed to the clerk of circuit court of any county.

2. The clerk of circuit court shall enter in the judgment and lien docket the name of the person mentioned in the warrant, the amount for which the warrant is issued and the date on which the clerk entered that information.

3. A warrant entered under subd. 2. shall be considered in all respects as a final judgment constituting a perfected lien upon the person's right, title and interest in all real and personal property located in the county in which the warrant is entered.

4. After issuing a warrant, the department may file an execution with the clerk of circuit court for filing with the sheriff of the county, commanding the sheriff to levy upon and sell sufficient real and personal property of the person to pay the amount stated in the warrant in the same manner as upon an execution against property issued upon the judgment of a court of record, and to return the warrant to the department and pay to it the money collected by virtue of the warrant within 90 days after receipt of the warrant. The execution may not command the sheriff to levy upon or sell any property that is exempt from execution under ss. 815.18 (3) and 815.20.

(b) The clerk of circuit court shall accept, file and enter the warrant in the judgment and lien docket without prepayment of any fee, but the clerk of circuit court shall submit a statement of the proper fee semiannually to the department covering the periods from January 1 to June 30 and July 1 to December 31 unless a different billing period is agreed to between the clerk of circuit court and the department. The department shall pay the fees, but shall add the fees provided by s. 814.61 (5) for entering the warrants to the amount of the warrant and shall collect the fees from the person named in the warrant when satisfaction or release is presented for entry.

(c) If a warrant that is not satisfied in full is returned, the department may enforce the amount due as if the department had recovered judgment against the person named in the warrant for the same amount.

(d) When the amount set forth in a warrant and all costs due the department have been paid to it, the department shall issue a satisfaction of the warrant and file it with the clerk of circuit court. The clerk of circuit court shall immediately enter a satisfaction of the judgment on the judgment and lien docket. The department shall send a copy of the satisfaction to the person named in the warrant.

(e) If the department finds that the interests of the state will not be jeopardized, the department may issue a release of any warrant with respect to any real or personal property upon which the warrant is a lien or cloud upon title. Upon presentation to the clerk and payment of the fee for filing the release, the clerk shall enter the release of record. The release is conclusive that the lien or cloud upon the title of the property covered by the release is extinguished.

(f) Notwithstanding s. 49.96, at any time after the filing of a warrant, the department may commence and maintain a garnishee action as provided by ch. 812 or may use the remedy of attachment as provided by ch. 811 for actions to enforce a judgment. The place of trial of such an action may be either in Dane County or the county where the debtor resides and may not be changed from the county in which that action is commenced, except upon consent of the parties.

(g) If the department issues an erroneous warrant, the department shall issue a notice of withdrawal of the warrant to the clerk of circuit court for the county in which the warrant is filed. The clerk shall void the warrant and any resulting liens.

(h) If the department arranges a payment schedule with the debtor and the debtor complies with the payment schedule, the department shall issue a notice of withdrawal of the warrant to the clerk of circuit court for the county in which the warrant is filed. The clerk shall void the warrant and the resulting liens.

SECTION 1342. 49.195 (3n) of the statutes is created to read:

49.195 (3n) (a) In this subsection:

1. "Debt" means the amount of liability determined under sub. (3).

2. "Debtor" means an individual who is liable under sub. (3).

3. "Disposable earnings" means that part of the earnings of any debtor after the deduction from those earnings of any amounts required by law to be withheld, any life, health, dental or similar type of insurance premiums, union dues, any amount necessary to comply with a court order to contribute to the support of minor children, and any levy, wage assignment or garnishment executed prior to the date of a levy under this subsection.

4. "Federal minimum hourly wage" means that wage prescribed by 29 USC 206 (a) (1).

5. "Levy" means all powers of distraint and seizure.

6. "Property" includes all tangible and intangible personal property and rights to such property, including compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonus or otherwise, periodic payments received pursuant to a pension or retirement program, rents, proceeds of insurance and contract payments.

(b) If any debtor neglects or refuses to pay a debt after the department has made demand for payment, the department may collect that debt and the expenses of the levy by levy upon any property belonging to the debtor. Whenever the value of any property that has been levied upon under this section is not sufficient to satisfy the claim of the department, the department may levy upon any additional property of the person until the debt and expenses of the levy are fully paid.

(c) Any person in possession of or obligated with respect to property or rights to property that is subject to

levy and upon which a levy has been made shall, upon demand of the department, surrender the property or rights or discharge the obligation to the department, except that part of the property or rights which is, at the time of the demand, subject to any prior attachment or execution under any judicial process.

(d) 1. Any debtor who fails or refuses to surrender any property or rights to property that is subject to levy, upon demand by the department, is subject to proceedings to enforce the amount of the levy.

2. Any 3rd party who fails to surrender any property or rights to property subject to levy, upon demand of the department, is subject to proceedings to enforce the levy. The 3rd party is not liable to the department under this subdivision for more than 25% of the debt. The department shall serve the levy as provided under par. (m) on any 3rd party who fails to surrender property under this subdivision. Proceedings may not be initiated by the department until 5 days after service of the demand.

3. When a 3rd party surrenders the property or rights to the property on demand of the department or discharges the obligation to the department for which the levy is made, the 3rd party is discharged from any obligation or liability to the debtor with respect to the property or rights to the property arising from the surrender or payment to the department.

(e) 1. If the department has levied upon property, any person, other than the debtor who is liable to pay the debt out of which the levy arose, who claims an interest in or lien on that property and claims that that property was wrongfully levied upon may bring a civil action against the state in the circuit court for Dane County. That action may be brought whether or not that property has been surrendered to the department. The court may grant only the relief under subd. 2.

2. In an action under subd. 1., if a levy would irreparably injure rights to property, the court may enjoin the enforcement of that levy. If the court determines that the property has been wrongfully levied upon, it may grant a judgment for the amount of money obtained by levy.

3. For purposes of an adjudication under this paragraph, the determination of the debt upon which the interest or lien of the department is based is conclusively presumed to be valid.

(f) The department shall determine its costs and expenses to be paid in all cases of levy.

(g) 1. The department shall apply all money obtained under this subsection first against the expenses of the proceedings and then against the liability in respect to which the levy was made and any other liability owed to the department by the debtor.

2. The department may refund or credit any amount left after the applications under subd. 1., upon submission of a claim for that amount and satisfactory proof of the claim, to the person entitled to that amount.

(h) The department may release the levy upon all or part of property levied upon to facilitate the collection of the liability or to grant relief from a wrongful levy, but that release does not prevent any later levy.

(j) If the department determines that property has been wrongfully levied upon, the department may return the property at any time, or may return an amount of money equal to the amount of money levied upon.

(k) Any person who removes, deposits or conceals or aids in removing, depositing or concealing any property upon which a levy is authorized under this subsection with intent to evade or defeat the assessment or collection of any debt may be fined not more than \$5,000 or imprisoned for not more than 3 years or both, and shall be liable to the state for the costs of prosecution.

(L) If no appeal or other proceeding for review permitted by law is pending and the time for taking an appeal or petitioning for review has expired, the department shall make a demand to the debtor for payment of the debt which is subject to levy and give notice that the department may pursue legal action for collection of the debt against the debtor. The department shall make the demand for payment and give the notice at least 10 days prior to the levy, personally or by any type of mail service which requires a signature of acceptance, at the address of the debtor as it appears on the records of the department. The demand for payment and notice shall include a statement of the amount of the debt, including interest and penalties, and the name of the debtor who is liable for the debt. The debtor's refusal or failure to accept or receive the notice does not prevent the department from making the levy. Notice prior to levy is not required for a subsequent levy on any debt of the same debtor within one year of the date of service of the original levy.

department stating whether the 3rd party is in possession of or obligated with respect to property or rights to property of the debtor, including a description of the property or the rights to property and the nature and dollar amount of any such obligation.

(s) Any debtor who is subject to a levy proceeding made by the department has the right to appeal the levy proceeding under ch. 227.44. 66.431 (5r) FINANCING OF CERTAIN SCHOOL FACILITIES. (a) *Legislative declaration.* The legislature determines that the development of new public schools will help alleviate the substandard conditions described in sub. The legislature determines that the social and economic problems sought to be addressed are particularly acute in more densely populated areas. The legislature desires to make certain financing and economic tools available in 1st class cities with the view that

Vetoed

there are likely to be positive statewide benefits in light of the impact that 1st class cities have on the economy and welfare of the entire state.

(b) *Bond issuance for public school facilities.* The authority of a 1st class city may issue up to \$170,000,000 in bonds to finance or refinance the development or redevelopment of sites and facilities to be used for public school facilities by the board of school directors of the school district operating under ch. 119 if all of the following apply:

2. The authority determines that the purposes of the financing are consistent with the 1st class city's master plan.

(c) *Terms and conditions.* The terms and conditions of bonds issued under this subsection shall be those specified in sub. (5) (a) 4. except that it shall not be necessary that the financed property be located in a project area or a blighted area. The bonds may not have a maturity in excess of 20 years and may not be issued later than the first day of the 60th month beginning after the effective date of this paragraph ... [revisor inserts date].

(d) *Designation of special debt service reserve funds.* The authority may designate one or more accounts in funds created under the resolution authorizing the issuance of bonds under this subsection as special debt service reserve funds if, prior to each issuance of bonds to be secured by the special debt service reserve fund, the secretary of administration determines that all of the following conditions are met with respect to the bonds:

1. 'Purpose.' The proceeds of the bonds, other than refunding bonds, will be used for public school facilities in the school district operating under ch. 119.

2. 'Feasibility.' There is a reasonable likelihood that the bonds will be repaid without the necessity of drawing on funds in the special debt service reserve fund that secures the bonds. The secretary of administration may make this determination of reasonable likelihood only after considering all of the following:

a. The extent to which and manner by which revenues of the school district operating under ch. 119 are pledged to the payment of the bonds.

c. The proposed interest rates of the bonds and the resulting cash-flow requirements.

d. The projected ratio of annual pledged revenues from the school district operating under ch. 119 to annual debt service on the bonds, taking into account capitalized interest.

e. Whether an understanding exists providing for repayment by the authority to the state of all amounts appropriated to the special debt service reserve fund pursuant to par. (j).

f. Whether the authority has agreed that the department of administration will have direct and immediate access, at any time and without notice, to all records of the authority relating to the bonds.

3. 'Limit on bonds issued.' The principal amount of all bonds, other than refunding bonds, that would be secured by all special debt service reserve funds of the authority will not exceed \$170,000,000.

4. 'Refunding bonds.' All refunding bonds to be secured by the special debt service reserve fund meet all of the following conditions:

a. The refunding bonds are to be issued to fund, refund or advance refund bonds secured by a special debt service reserve fund.

b. The refunding will not adversely affect the risk that the state will be called on to make a payment under par. (j).

5. 'Approval of outstanding debt.' All outstanding bonds of the authority issued under this subsection have been reviewed and approved by the secretary of administration. In determining whether to approve outstanding bonds under this subdivision, the secretary may consider any factor which the secretary determines to have a bearing on whether the state moral obligation pledge under par. (j) should be granted with respect to an issuance of bonds.

6. 'Financial reports.' The authority has agreed to provide to the department of administration all financial reports of the authority and all regular monthly statements of any trustee of the bonds on a direct and ongoing basis.

(e) *Payment of funds into a special debt service reserve fund.* The authority shall pay into any special debt service reserve fund of the authority any moneys appropriated and made available by the state for the purposes of the special debt service reserve fund, any proceeds of a sale of bonds to the extent provided in the bond resolution authorizing the issuance of the bonds and any other moneys that are made available to the authority for the purpose of the special debt service reserve fund from any other source.

(f) *Use of moneys in the special debt service reserve fund.* All moneys held in any special debt service reserve fund of the authority for bonds issued under this subsection, except as otherwise specifically provided, shall be used solely for the payment of the principal of the bonds, the making of sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds or the payment of any redemption premium required to be paid when the bonds are redeemed prior to maturity. If moneys in a special debt service reserve fund at any time are less than the special debt service reserve fund requirement under par. (h) for the special debt service reserve fund, the authority may not use these moneys for any optional purchase or

optional redemption of the bonds. Any income or interest earned by, or increment to, any special debt service reserve fund due to the investment of moneys in the special debt service reserve fund may be transferred by the authority to other funds or accounts of the authority relating to the bonds to the extent that the transfer does not reduce the amount of the special debt service reserve fund below the special debt service reserve fund requirement under par. (h) for the special debt service reserve fund.

(g) *Limitation on bonds secured by a special debt service reserve fund.* The authority shall accumulate in each special debt service reserve fund an amount equal to the special debt service reserve fund requirement under par. (h) for the special debt service reserve fund. The authority may not at any time issue bonds under this subsection secured in whole or in part by a special debt service reserve fund if upon the issuance of these bonds the amount in the special debt service reserve fund will be less than the special debt service reserve fund requirement under par. (h) for the special debt service reserve fund.

(h) *Special debt service reserve fund requirement.* The special debt service reserve fund requirement for a special debt service reserve fund, as of any particular date of computation, is equal to an amount of money, as provided in the bond resolution authorizing bonds under this subsection with respect to which the special debt service reserve fund is established, that may not exceed the maximum annual debt service on the bonds of the authority for that fiscal year or any future fiscal year of the authority secured in whole or in part by that special debt service reserve fund. In computing the annual debt service for any fiscal year, bonds deemed to have been paid in accordance with the defeasance provisions of the bond resolution authorizing the issuance of the bonds shall not be included in bonds outstanding on such date of computation. The annual debt service for any fiscal year is the amount of money equal to the aggregate of all of the following calculated on the assumption that the bonds will, after the date of computation, cease to be outstanding by reason, but only by reason, of the payment of bonds when due, and the payment when due, and application in accordance with the bond resolution authorizing those bonds, of all of the sinking fund payments payable at or after the date of computation:

1. All interest payable during the fiscal year on all bonds that are secured in whole or in part by the special debt service reserve fund and that are outstanding on the date of computation.
2. The principal amount of all of the bonds that are secured in whole or in part by the special debt service reserve fund, are outstanding on the date of computation and mature during the fiscal year.
3. All amounts specified in bond resolutions of the authority authorizing any of the bonds that are secured in

whole or in part by the special debt service reserve fund to be payable during the fiscal year as a sinking fund payment with respect to any of the bonds that mature after the fiscal year.

(i) *Valuation of securities.* In computing the amount of a special debt service reserve fund for the purposes of this subsection, securities in which all or a portion of the special debt service reserve fund is invested shall be valued at par, or, if purchased at less than par, at their cost to the authority.

(j) *State moral obligation pledge.* If at any time of valuation the special debt service reserve fund requirement under par. (h) for a special debt service reserve fund exceeds the amount of moneys in the special debt service reserve fund, the authority shall certify to the secretary of administration, the governor and the joint committee on finance the amount necessary to restore the special debt service reserve fund to an amount equal to the special debt service reserve fund requirement under par. (h) for the special debt service reserve fund. If this certification is received by the secretary of administration in an even-numbered year prior to the completion of the budget compilation under s. 16.43, the secretary shall include the certified amount in the budget compilation. In any case, the joint committee on finance shall introduce in either house, in bill form, an appropriation of the amount so certified to the appropriate special debt service reserve fund of the authority. Recognizing its moral obligation to do so, the legislature hereby expresses its expectation and aspiration that, if ever called upon to do so, it shall make this appropriation. This paragraph applies only to bonds issued under, and in compliance with, this subsection.

(k) *Minority contracting provisions.* 1. With regard to a public school construction project that is financed from the proceeds of bonds that are issued under this subsection, a person who is awarded a contract for construction work or professional services shall agree, as a condition to receiving the contract, that at least 50% of the employees hired because of the contract will be minority group members, as defined in s. 560.036 (1) (f).

2. With regard to a public school construction project that is financed from the proceeds of bonds that are issued under this subsection, at least 50% of the aggregate dollar value of contracts awarded shall be awarded to minority businesses, as defined in s. 560.036 (1) (e), in the following areas:

101.143 (9m) REVENUE OBLIGATIONS. (a) For purposes of subch. II of ch. 18, the petroleum storage remedial action program is a special fund program, and the petroleum inspection fund is a special fund. The petroleum inspection fund is a segregated fund created by the imposition of fees, penalties or excise taxes. The legislature finds and determines that a nexus exists between the petroleum storage remedial action program and the petroleum inspection fund in that fees imposed on users of petroleum are used to remedy environmental damage caused by petroleum storage.

(b) Deposits, appropriations or transfers to the petroleum inspection fund for the purposes of the petroleum storage remedial action program may be funded with the proceeds of revenue obligations issued subject to and in accordance with subch. II of ch. 18 and, if designated a higher education bond, in accordance with subch. IV of ch. 18.

(c) The department shall have all other powers necessary and convenient to distribute the special fund revenues and to distribute the proceeds of the revenue obligations in accordance with subch. II of ch. 18 and, if designated a higher education bond, in accordance with subch. IV of ch. 18.

(d) The department may enter into agreements with the federal government or its agencies, political subdivisions of this state, individuals or private entities to insure or in any other manner provide additional security for the revenue obligations issued under this subsection.

2. Revenue obligations issued under this subsection may not exceed \$270,000,000 in principal amount. In addition to this limit on principal amount, the building commission may contract revenue obligations under this subsection as the building commission determines is desirable to fund or refund outstanding revenue obligations, to pay issuance or administrative expenses, to make deposits to reserve funds or to pay accrued or capitalized interest.

(f) Unless otherwise expressly provided in resolutions authorizing the issuance of revenue obligations or in other agreements with the owners of revenue obligations, each issue of revenue obligations under this subsection shall be on a parity with every other revenue obligation issued under this subsection and in accordance with subch. II of ch. 18 and, if designated a higher education bond, in accordance with subch. IV of ch. 18.

(g) Recognizing its moral obligation to do so, the legislature expresses its expectation and aspiration that, if the legislature reduces the rate of the petroleum inspec-

tion fee and if the funds in the petroleum inspection fund are insufficient to pay the principal and interest on the revenue obligations issued under subch. II or IV of ch. 18 pursuant to this subsection, the legislature shall make an appropriation from the general fund sufficient to pay the principal and interest on the obligations.

There is no limit on transfer under this paragraph of mobile homes titled in this state that are 20 or more years old at the time of transfer under this paragraph.

111.70 (4) (cm) 5s. 'Issues subject to arbitration.' In a collective bargaining unit consisting of school district professional employes, the municipal employer or the labor organization may petition the commission to determine whether the municipal employer has submitted a qualified economic offer. The commission shall appoint an investigator for that purpose. If the investigator finds that the municipal employer has submitted a qualified economic offer, the investigator shall determine whether a deadlock exists between the parties with respect to all economic issues. If the municipal employer submits a qualified economic offer applicable to any period beginning on or after July 1, 1993, no economic issues are subject to interest arbitration under subd. 6. for that period, except that only the impact of contracting out or subcontracting work that would otherwise be performed by municipal employes in the collective bargaining unit is subject to interest arbitration under subd. 6. In such a collective bargaining unit, economic issues concerning the wages, hours or conditions of employment of the school district professional employes in the unit for any period prior to July 1, 1993, are subject to interest arbitration under subd. 6. for that period. In such a collective bargaining unit, noneconomic issues applicable to any period on or after July 1, 1993, are subject to interest arbitration after the parties have reached agreement and stipulate to agreement on all economic issues concerning the wages, hours or conditions of employment of the school district professional employes in the unit for that period. In such a collective bargaining unit, if the commission's investigator finds that the municipal employer has submitted a qualified economic offer and that a deadlock exists between the parties with respect to all economic issues, the municipal employer may implement the qualified economic offer. On the 90th day prior to expiration of the period included within the qualified economic offer, if no agreement exists on that day, the parties are deemed to have stipulated to the inclusion in a new or revised collective bargaining agreement of all provisions of any predecessor collective bargaining agreement concerning economic issues, or of all provisions of any existing collective bargaining agreement concerning economic issues if the parties have reopened negotiations under an existing agreement, as modified by the terms of the qualified economic offer and as otherwise modified by the parties. In such a collective bargaining unit, on and after that 90th day, a municipal employer that refuses to bargain collectively with respect to the terms of that stipulation, applicable to the 90-day period prior to expiration of the period included within the qualified economic offer, does not violate sub. (3) (a) 4. Any such unilateral implementation after August 11, 1993, during the 90-day period prior to expiration of the period included within a qualified economic offer, operates as a full, final and complete settlement of all economic issues between the parties for the period

included within the qualified economic offer. The failure of a labor organization to recognize the validity of such a lawful qualified economic offer does not affect the obligation of the municipal employer to submit economic issues to arbitration under subd. 6.

SECTION 2166s. 135.066 of the statutes is created to read:

135.066 Intoxicating liquor dealerships. (1) LEGISLATIVE FINDINGS. The legislature finds that a balanced and healthy 3-tier system for distributing intoxicating liquor is in the best interest of this state and its citizens; that the 3-tier system for distributing intoxicating liquor has existed since the 1930’s; that a balanced and healthy 3-tier system ensures a level system between the manufacturer and wholesale tiers; that a wholesale tier consisting of numerous healthy competitors is necessary for a balanced and healthy 3-tier system; that the number of intoxicating liquor wholesalers in this state is in significant decline; that this decline threatens the health and stability of the wholesale tier; that the regulation of all intoxicating liquor dealerships, regardless of when they were entered into, is necessary to promote and maintain a wholesale tier consisting of numerous healthy competitors; and that the maintenance and promotion of the 3-tier system will promote the public health, safety and welfare. The legislature further finds that a stable and

healthy wholesale tier provides an efficient and effective means for tax collection. The legislature further finds that dealerships between intoxicating liquor wholesalers and manufacturers have been subject to state regulation since the enactment of the 21st Amendment to the U.S. Constitution and that the parties to those dealerships expect changes to state legislation regarding those dealerships.

(2) DEFINITIONS. In this section:

(b) A transferee shall be bound by each of the grantor’s dealerships with the grantor’s wholesalers and consequently shall be considered a grantor for purposes of, and shall comply with, the requirements of this chapter.

(4) CHANGE IN OWNERSHIP. (a) In this subsection, “successor wholesaler” means a wholesaler who succeeds to the management, ownership or control of a wholesaler or wholesaler’s business or any part of a wholesaler’s business by any means including by stock purchase, sale of assets or transfer or assignment of a brand of intoxicating liquor that is the subject of a dealership agreement.

(b) A change in the management, ownership or control of a wholesaler, a wholesaler’s business or any part of a wholesaler’s business is not good cause for a grantor to terminate, cancel, fail to renew or substantially change the competitive circumstances of its dealership with a successor wholesaler if the successor wholesaler meets the grantor’s reasonable and material qualifications for wholesaler applicants in effect at the time of the change. If the successor wholesaler meets the grantor’s reasonable and material qualifications for wholesaler applicants in effect at the time of the change, the successor wholesaler shall succeed to the dealership rights of the predecessor wholesaler and the grantor shall continue to be bound by the dealership.

b. Subject to any approval required under state or federal law, contract with each transmission utility that has transferred transmission facilities to the transmission company for the transmission utility to provide reasonable and cost-effective operation and maintenance services to the transmission company during the 3-year period after the transmission company first begins operations. The transmission company and a transmission utility may, subject to any approval required under federal or state law, agree to an extension of such 3-year period.

c. Assume the obligations of a transmission utility that has transferred ownership of its transmission facilities to the transmission company under any agreement by the transmission utility to provide transmission service over its transmission facilities or credits for the use of transmission facilities, except that the transmission company may modify such an agreement to the extent allowed under the agreement and to the extent allowed under state or federal law.

d. Apply for membership in the Midwest independent system operator as a single zone for pricing purposes that includes the transmission area and, upon a determination by the commission under sub. (2) (d) that the Midwest independent system operator has begun operations, transfer operational control of the transmission company's transmission facilities to the Midwest independent system operator.

e. Remain a member of the Midwest independent system operator, or any independent system operator or regional transmission organization that has been approved under federal law to succeed the Midwest independent system operator, for at least the 6-year transition period that is specified in the agreement conditionally approved by the federal energy regulatory commission that establishes the Midwest independent system operator.

f. Subject to subd. 4., elect to be included in a single zone for the purpose of any tariff administered by the Midwest independent system operator.

2. The transmission company may not do any of the following:

a. Sell or transfer its assets to, or merge its assets with, another person, unless the assets are sold, transferred or merged on an integrated basis and in a manner that ensures that the transmission facilities in the transmission area are planned, constructed, operated, maintained and controlled as a single transmission system.

b. Bypass the distribution facilities of an electric utility or provide service directly to a retail customer or member.

c. Own electric generation facilities or sell, market or broker electric capacity or energy in a relevant wholesale or retail market as determined by the commission, except that, if authorized or required by the federal energy regulatory commission, the transmission company may procure or resell ancillary services obtained from 3rd parties, engage in redispatch activities that are necessary to relieve transmission constraints or operate a control area.

3. Notwithstanding subd. 1. a., the transmission company may not begin operations until it provides an opinion to the commission from a nationally recognized investment banking firm that the transmission company is able to finance, at a reasonable cost, its start-up costs, working capital and operating expenses and the cost of any new facilities that are planned.

4. If the transmission charges or rates of any transmission utility in the transmission area are 10% or more below the average transmission charges or rates of the transmission utilities in the transmission area on the date, as determined by the commission, that the last public utility affiliate files a commitment with the commission under sub. (5) (a) 2., the transmission company shall, after consulting with each public utility affiliate that has filed a commitment under sub. (5) (a) 2., prepare a plan for phasing in a combined single zone rate for the purpose of pricing network use by users of the transmission system operated by the Midwest independent system operator and shall seek plan approval by the federal energy regulatory commission and the Midwest independent system operator. A plan under this subdivision shall phase in an average-cost price for the combined single zone in equal increments over a 5-year period, except that, under the plan, transmission service shall be provided to all users of the transmission system on a single-zone basis during the phase-in period.

(b) *Powers.* The transmission company may do any of the following:

1. Subject to the approval of the commission under s. 196.491 (3), construct and own transmission facilities, including high-voltage transmission lines, as defined in s. 196.491 (1) (f), in the transmission area or in any other area of the state in which transmission facilities that have been contributed to the transmission company are located. This subdivision does not affect the right or duty of an electric utility that is not located in the transmission area or that has not contributed its transmission facilities to the transmission company to construct or own transmission facilities.

2. Subject to any approval required under state or federal law, purchase or acquire transmission facilities in addition to the transmission facilities contributed under sub. (5) (b).

(c) *Organization.* The operating agreement, as defined in s. 183.0102 (16), of a transmission company that is organized as a limited liability company under ch. 183 or the bylaws of a transmission company that is orga-

nized as a corporation under ch. 180 shall provide for each of the following:

1. That the transmission company has no less than 5 nor more than 14 managers or directors, except that the operating agreement or bylaws may allow the requirements of this subdivision to be modified upon a unanimous vote of the managers or directors during the 10-year period after the organizational start-up date or upon a two-thirds vote of the board of directors or managers after such 10-year period.

2. That at least 4 managers or directors of the transmission company have staggered 4-year terms, are elected by a majority vote of the voting security holders and are not directors, employees or independent contractors of a person engaged in the production, sale, marketing, transmission or distribution of electricity or natural gas or of an affiliate of such a person.

3. That, during the 10-year period after the organizational start-up date, each of the following is satisfied, subject to the limitation on the number of managers or directors under subd. 1.:

a. Each nontransmission utility security holder that owns 10% or more of the outstanding voting securities of the transmission company may appoint one manager or director of the transmission company for a one-year term, except that the requirements of this subd. 3. a. may be modified upon a unanimous vote of the managers or directors.

b. Each group of nontransmission utility security holders that, as a group, owns 10% or more of the outstanding voting securities of the transmission company may appoint one manager or director of the transmission company for a one-year term if the group has entered into a written agreement regarding the appointment and the group files the agreement with the transmission company, except that the requirements of this subd. 3. b. may be modified upon a unanimous vote of the managers or directors.

bg. Each nontransmission utility security holder that makes an appointment under subd. 3. a. is not allowed to make an appointment under subd. 3. b. as a member of a group of nontransmission utility security holders.

br. Each nontransmission utility security holder that makes an appointment as a member of a group under subd. 3. b. is not allowed to make an appointment under subd. 3. a.

c. Each person that receives at least 5% of the voting securities of the transmission company under sub. (6) (a) 1. or 3. may appoint one manager or director of the transmission company for a one-year term if the person continues to hold at least a 5% equity interest in the transmission company during the one-year term and if the person does not make an appointment under subd. 3. a., b. or d.

d. Each transmission utility security holder may appoint one manager or director of the transmission company for a one-year term.

4. That, during the 5-year period after the organizational start-up date, no public utility affiliate that contributes transmission facility assets to the transmission company under sub. (5) (b) and no affiliate of such a public utility affiliate may increase its percentage share of the outstanding securities of the transmission company prior to any initial issuance of securities by the transmission company to any 3rd party other than a 3rd party exercising its right to purchase securities under sub. (6) (a) 3., except that this subdivision does not apply to securities that are issued by the transmission company in exchange for transmission facilities that are contributed in addition to the transmission facilities that are contributed under sub. (5) (b) and except that the requirements of this subdivision may be modified upon a unanimous vote of the managers or directors.

5. That, beginning 3 years after the organizational start-up date, any holder of 10% or more of the securities of the transmission company may require the transmission company to comply with any state or federal law that is necessary for the security holder to sell or transfer its shares.

(d) *Commission jurisdiction.* The transmission company is subject to the jurisdiction of the commission except to the extent that it is subject to the exclusive jurisdiction of the federal energy regulatory commission.

SECTION 2335ud. 196.485 (4) (a) (intro.) of the statutes is amended to read:

196.485 (4) (a) (intro.) ~~A- Except as provided in par. (am),~~ a transmission utility may not transfer control over, or divest its interest in, its transmission facilities to an independent system operator or independent transmission owner unless, to the satisfaction of the commission, each of the following requirements is satisfied:

SECTION 2335uf. 196.485 (4) (am) of the statutes is created to read:

196.485 (4) (am) Each transmission utility in the transmission area that is a public utility shall become a member of the Midwest independent system operator no later than June 30, 2000, and shall transfer operational control over its transmission facilities to the Midwest independent system operator. Each such transmission utility that has not contributed its transmission facilities to the transmission company shall elect to become part of the single zone for pricing purposes within the Midwest independent system operator and any phase-in plan prepared under sub. (3m) (a) 4.

SECTION 2335uh. 196.485 (5) of the statutes is created to read:

196.485 (5) PUBLIC UTILITY AFFILIATES. (a) *Asset cap exception.* Section 196.795 (6m) (e) does not apply to the eligible assets of a nonutility affiliate in a holding company system unless each public utility affiliate in the holding company system does each of the following:

1. Petitions the commission and the federal energy regulatory commission to approve the transfer of opera-

tional control of all the public utility affiliate's transmission facilities in this state and in Iowa, Michigan, Minnesota and Illinois to the Midwest independent system operator.

2. Files with the commission an unconditional, irrevocable and binding commitment to contribute, no later than September 30, 2000, all of the transmission facilities that the public utility affiliate owns or operates in this state on the effective date of this subdivision [revisor inserts date], and land rights, to the transmission company. A filing under this subdivision shall specify a date no later than September 30, 2000, on which the public utility affiliate will complete the contribution of transmission facilities.

3. Files with the commission an unconditional, irrevocable and binding commitment to contribute, and to cause each entity into which it merges or consolidates or to which it transfers substantially all of its assets to contribute, any transmission facility in this state the ownership or control of which it acquires after the effective date of this subdivision [revisor inserts date], and land rights, to the transmission company.

4. Notifies the commission in writing that the public utility affiliate has become a member of the Midwest independent system operator, has agreed to transfer its transmission facilities to the Midwest independent system operator and has committed not to withdraw its membership prior to the date on which the public utility affiliate contributes transmission facilities to the transmission company under par. (b).

5. Petitions the commission and the federal energy regulatory commission to approve the contributions specified in subds. 2. and 3. and agrees in such a petition not to withdraw the petition in the event that the commission or the federal energy regulatory commission conditions its approval on changes that are consistent with state and federal law.

(b) *Contribution of transmission facilities.* 1. A public utility affiliate may not contribute a transmission facility to the transmission company until the commission has reviewed the terms and conditions of the transfer to determine whether the transfer satisfies the requirements of this subsection and has issued an order approving the terms and conditions of the transfer. The commission may modify the terms and conditions of the transfer and take any other action necessary to satisfy the requirements of this subsection. An order under this subdivision that approves or modifies the terms and conditions of a transfer may allow a public utility affiliate to recover in retail rates any adverse tax consequences of the transfer as a transition cost.

2. The transmission company and a public utility affiliate that files a commitment to contribute transmission facilities under par. (a) 2. shall structure the transfer of the transmission facilities in a manner that satisfies each of the following:

a. The structure of the transfer avoids or minimizes material adverse tax consequences to the public utility affiliate from the transfer and avoids or minimizes material adverse consequences on public utility rates that do not arise out of combining the transmission company's facilities into a single zone in the Midwest independent system operator.

b. To the extent practicable, the structure of the transfer satisfies the requirements of the Internal Revenue Service for a tax-free transfer.

3. The requirements under subd. 2. b. shall, if practicable, be satisfied by the transmission company's issuance of a preferred class of securities that provides the fixed-cost portion of the resulting capital structure of the transmission company. The transmission company shall issue preferred securities under this subdivision on a basis that does not dilute the voting rights of the initial security holders relative to the value of their initial contributions.

4. If the transfer of transmission assets under this paragraph results in a capital structure of the transmission company in which the percentage of common equity is materially higher than that of the public utility affiliates who made the transfer, or if the cost of the fixed-cost portion of the capital structure of the transmission company is materially higher than that of the public utility affiliates who made the transfer, the public utility affiliates shall enter into a contract with the transmission company under which the public utility affiliates agree to accept from the transmission company a return on common equity based upon the equity rate of return approved by the federal energy regulatory commission and upon an imputed capital structure that assigns to a portion of the public utility affiliates' common equity holdings an imputed debt return that is consistent with the requirements of this subdivision. A contract under this subdivision shall specify that the public utility affiliates shall be required to accept the return on common equity described in this subdivision only until such time that the federal energy regulatory commission determines that the actual capital structure and capital costs of the transmission company are appropriate and consistent with industry practice for a regulated public utility that provides electric transmission service in interstate commerce.

5. If, at the time that a public utility affiliate files a commitment under par. (a) 2., the public utility affiliate has applied for or obtained a certificate of public convenience and necessity under s. 196.491 (3) or a certificate under s. 196.49 for the construction of transmission facilities, the public utility affiliate shall do each of the following:

a. Proceed with diligence with respect to obtaining the certificate and, except as provided in subd. 6., constructing the transmission facilities.

b. If the commission determines that the cost of the transmission facilities is reasonable and prudent, transfer

the transmission facilities to the transmission company at net book value when construction is completed in exchange for additional securities of the transmission company on a basis that is consistent with the securities that were initially issued to the public utility affiliate.

6. If the construction of a transmission facility specified in subd. 5. a. is not completed within 3 years after a certificate is issued for the transmission facility under s. 196.49 or 196.491 (3), the transmission company may assume responsibility for completing construction of the transmission facility. If the transmission company assumes responsibility for completing construction under this subdivision, the transmission company shall carry out any obligation under any contract entered into by the public utility with respect to the construction until the contract is modified or rescinded by the transmission company to the extent allowed under the contract.

7. Any transmission facilities that are contributed to the transmission company shall be valued at net book value determined on the basis of the regulated books of account at the time of the transfer.

(bm) *Lease of transmission facilities.* If a public utility affiliate is not able to contribute its transmission facilities to the transmission company as required under par. (b) due to merger-related accounting requirements, the public utility affiliate shall transfer the transmission facilities to the transmission company under a lease for the period of time during which the accounting requirements are in effect and, after such requirements are no longer in effect, contribute the transmission facilities to the transmission company under par. (b). A public utility affiliate that transfers transmission facilities under a lease under this paragraph does not qualify for the asset cap exception under par. (a) unless, during the term of the lease, the public utility affiliate does not receive any voting interest in the transmission company.

(c) *Contribution of land rights.* 1. A public utility affiliate that commits to contributing land rights to the transmission company under par. (a) 2. shall do each of the following:

a. Except as provided in subd. 2., if the land right is assigned to a transmission account for rate-making purposes and is not jointly used for electric and gas distribution facilities by the public utility affiliate, the public utility affiliate shall convey or assign at book value all of its interest in the land right to the transmission company, except that any conveyance or assignment under this subd. 1. a. shall be subject to the rights of any joint user of the land right and to the right of the public utility affiliate to nondiscriminatory access to the real estate that is subject to the land right.

b. If the land right is jointly used, or is intended to be jointly used, for electric and gas distribution facilities by the public utility affiliate, the public utility affiliate shall enter into a contract with the transmission company that grants the transmission company a right to place, main-

tain, modify or replace the transmission company's transmission facilities on the real property that is subject to the land right during the life of the transmission facilities and the life of any replacements of the transmission facilities. A right granted in a contract under this subd. 1. b. shall be paramount to the right of any other user of the land right, except that a right granted in such a contract shall be on par with the right of the public utility affiliate to use the land right for electric or gas distribution facilities.

2. If a public utility affiliate is prohibited from making a conveyance or assignment described in subd. 1. a., the public utility affiliate shall enter into a contract with the transmission company that grants the transmission company substantially the same rights as under such a conveyance or assignment. For purposes of a contract under this subdivision, a land right shall be valued at book value, not at market value.

3. The commission shall resolve any dispute over the contribution of a land right under subd. 1. or 2., including a dispute over the valuation of such a land right, unless a federal agency exercises jurisdiction over the dispute. During the pendency of any dispute that is before the commission or a federal agency, the transmission company shall be entitled to use the land right that is the subject to the dispute and shall be required to pay any compensation that is in dispute into an escrow account.

(d) *Applicability.* Notwithstanding sub. (1) (h), and subject to any approval required under federal law, for purposes of this subsection, a facility of a public utility affiliate is a transmission facility if any of the following applies:

1. The facility is not a radial facility and the facility is designed for operation at a nominal voltage of more than 130 kilovolts.

2. The facility is not a radial facility and the facility is designed for operation at a nominal voltage of more than 50 kilovolts but not more than 130 kilovolts, unless a person has demonstrated to the commission that the facility is not a transmission facility on the basis of factors for identifying a transmission facility that are specified in the orders of the federal energy regulatory commission under 16 USC 824d and 824e.

3. The facility is a radial facility or is designed for operation at a nominal voltage of 50 kilovolts or less, and a person has demonstrated to the commission that the facility is a transmission facility on the basis of factors for identifying a transmission facility that are specified in the orders of the federal energy regulatory commission under 16 USC 824d and 824e.

SECTION 2335uj. 196.485 (6) of the statutes is created to read:

196.485 (6) ELECTRIC UTILITIES, TRANSMISSION DEPENDENT UTILITIES AND RETAIL ELECTRIC COOPERATIVES.

(a) No later than the first day of the 12th month beginning after the first public utility affiliate files a commitment under sub. (5) (a) 2.:

1. An electric utility, other than a public utility affiliate or an owner or operator of a wholesale merchant plant, as defined in s. 196.491 (1) (w), may transfer all of its transmission facilities that are specified in subd. 2. to the transmission company on the same terms and conditions as a contribution of transmission facilities and land rights by a public utility affiliate under sub. (5) (b) and (c).

2. An electric utility may transfer transmission facilities under subd. 1. if the transmission facilities are located in the geographic area that is served by the Mid-America Interconnected Network, Inc., or the Mid-Continent Area Power Pool reliability council of the North American Electric Reliability Council.

3. A transmission-dependent utility or retail electric cooperative may purchase equity interests in the transmission company at a price that is equivalent to net book value and on terms and conditions that are comparable to those for public utility affiliates that have contributed transmission facilities to the transmission company. A purchaser under this subdivision may contribute funds to the transmission company that are no more than the value of its prorated shares based on firm electric usage in this state in 1999.

(b) Notwithstanding sub. (1) (h), and subject to any approval required under federal law, for purposes of this subsection, a facility of an electric utility is a transmission facility if the criteria specified in sub. (5) (d) 1., 2. or 3. are satisfied.

SECTION 2335uk. 196.485 (6m) of the statutes is created to read:

196.485 (6m) **DIVIDENDS, DISTRIBUTIONS, PROFITS AND GAINS.** The commission may not treat any dividend or distribution received by a transmission utility from the transmission company or any gain or profit of a transmission utility from the sale or other disposition of securities issued by the transmission company as a credit against the retail revenue requirements of the transmission utility.

SECTION 2335um. 196.485 (7) of the statutes is created to read:

196.485 (7) **ENFORCEMENT.** A wholesale or retail customer of a public utility affiliate may petition the circuit court for Dane County for specific performance of a commitment filed under sub. (5) (a) 2. or 3.

SECTION 2335uo. 196.485 (8) of the statutes is created to read:

196.485 (8) **PENALTIES.** A public utility affiliate that fails to complete the contribution of transmission facilities to the transmission company by the completion date specified in the filing under sub. (5) (a) 2. shall forfeit \$25,000 for each day that completion of the contribution is delayed if the transmission company is legally able to accept the contribution.

SECTION 2335uq. 196.487 of the statutes is created to read:

196.487 Reliability of electric service. (1) DEFINITIONS. In this section:

(a) "Public utility affiliate" has the meaning given in s. 196.795 (1) (L).

(b) "Transmission company" has the meaning given in s. 196.485 (1) (ge).

(2) **COMMISSION ORDER.** If the commission determines that a public utility affiliate or the transmission company is not making investments in the facilities under its control that are sufficient to ensure reliable electric service, the commission shall order the public utility affiliate or transmission company to make adequate investments in its facilities that are sufficient to ensure reliable electric service. An order under this subsection shall require the public utility affiliate or transmission company to provide security in an amount and form that, to the satisfaction of the commission, is sufficient to ensure that the public utility affiliate or transmission company expeditiously makes any investment that is ordered.

(3) **COST RECOVERY.** The commission shall allow a public utility affiliate that is subject to an order under sub. (2) to recover in its retail electric rates the costs that are prudently incurred in complying with the order.

SECTION 2335wb. 196.491 (3) (d) 3r. of the statutes is created to read:

196.491 (3) (d) 3r. For a high-voltage transmission line that is proposed to increase the transmission import capability into this state, existing rights-of-way are used to the extent practicable and the routing and design of the high-voltage transmission line minimizes environmental impacts in a manner that is consistent with achieving reasonable electric rates.

SECTION 2335wd. 196.491 (3) (d) 3t. of the statutes is created to read:

196.491 (3) (d) 3t. For a high-voltage transmission line that is designed for operation at a nominal voltage of 345 kilovolts or more, the high-voltage transmission line provides usage, service or increased regional reliability benefits to the wholesale and retail customers or members in this state and the benefits of the high-voltage transmission line are reasonable in relation to the cost of the high-voltage transmission line.

SECTION 2335wf. 196.491 (3) (gm) of the statutes is created to read:

196.491 (3) (gm) The commission may not approve an application filed after the effective date of this paragraph [revisor inserts date], under this section for a certificate of public convenience and necessity for a high-voltage transmission line that is designed for operation at a nominal voltage of 345 kilovolts or more unless the approval includes the condition that the applicant shall pay the fees specified in sub. (3g) (a). If the commission has approved an application under this section for a certificate of public convenience and necessity for a high-voltage transmission line that is designed for

operation at a nominal voltage of 345 kilovolts or more that was filed after April 1, 1999, and before the effective date of this paragraph [revisor inserts date], the commission shall require the applicant to pay the fees specified in sub. (3g) (a). For any application subject to this paragraph, the commission shall determine the cost of the high-voltage transmission line, identify the counties, towns, villages and cities through which the high-voltage transmission line is routed and allocate the amount of investment associated with the high-voltage transmission line to each such county, town, village and city.

SECTION 2335wh. 196.491 (3g) of the statutes is created to read:

196.491 (3g) FEES FOR CERTAIN HIGH-VOLTAGE TRANSMISSION LINES. (a) A person who receives a certificate of public convenience and necessity for a high-voltage transmission line that is designed for operation at a nominal voltage of 345 kilovolts or more under sub. (3) shall pay the department of administration an annual impact fee as specified in the rules promulgated by the department of administration under s. 16.969 (2) (a) and shall pay the department of administration a one-time environmental impact fee as specified in the rules promulgated by the department of administration under s. 16.969 (2) (b).

(b) A person that pays a fee under par. (a) may not use the payment to offset any other mitigation measure that is required in an order by the commission under sub. (3) regarding the certificate of public convenience and necessity specified in par. (a).

SECTION 2335wj. 196.491 (3m) (b) 2. of the statutes is amended to read:

196.491 (3m) (b) 2. The analytical process specified in subd. 1. b. shall, to the extent practicable, be consistent with the analytical process described in the merger enforcement policy of the federal department of justice and the federal trade commission regarding horizontal acquisitions and mergers that are subject to 15 USC 1, 18 or 45, as defined in s. 196.485 (1) (dr).

SECTION 2335wL. 196.494 (3) of the statutes is amended to read:

196.494 (3) ~~No later than December 31, 2004, the~~ The commission may shall, under this subsection, issue an order requiring the transmission company, as defined in s. 196.485 (1) (ge), or an electric utility to construct or procure, on a competitive basis, the construction of transmission facilities specified by the commission in its order if the commission determines that, ~~based on the results of the study under sub. (2),~~ such construction is necessary to relieve a constraint on a transmission system and the construction will materially benefit the customers of the transmission company or electric utility or other electric utilities or of an independent system operator, as defined in s. 196.485 (1) (d), or independent transmission owner, as defined in s. 196.485 (1) (dm).

SECTION 2335wn. 196.494 (5) of the statutes is created to read:

196.494 (5) The governor may, on behalf of this state, enter into an interstate compact that establishes a joint process for the states in the upper midwest region of the United States to determine the need for and siting of regional electric transmission facilities that may affect electric service in this state. The governor may not enter into a compact under this subsection unless the compact includes requirements and procedures for establishing each of the following:

(a) Compliance with each state's environmental and siting standards for transmission facilities.

(b) A regional need determination for transmission facilities.

(c) A mechanism for resolving conflicts between the states regarding the siting of transmission facilities.

SECTION 2335wp. 196.52 (3) (a) of the statutes is amended to read:

196.52 (3) (a) In this subsection, "contract or arrangement" means a contract or arrangement providing for the furnishing of management, supervisory, construction, engineering, accounting, legal, financial or similar services and any contract or arrangement for the purchase, sale, lease or exchange of any property, right, or thing, or for the furnishing of any service, property, right, or thing, other than management, supervisory, construction, engineering, accounting, legal, financial or similar services, but "contract or arrangement" does not include a contract or arrangement under which a transmission utility, as defined in s. 196.485 (1) (i), sells or transfers securities, as defined in s. 196.485 (1) (fe), that have been issued by a transmission company, as defined in s. 196.485 (1) (ge). The commission shall approve a contract or arrangement made or entered into after June 7, 1931, only if it shall clearly appear and be established upon investigation that it is reasonable and consistent with the public interest. The commission may not approve any contract or arrangement unless satisfactory proof is submitted to the commission of the cost to the affiliated interest of rendering the services or of furnishing the property or service to each public utility or of the cost to the public utility of rendering the services or of furnishing the property or service to each affiliated interest. No proof is satisfactory under this paragraph unless it includes the original (or verified

copies) of the relevant cost records and other relevant accounts of the affiliated interest, or an abstract of the records and accounts or a summary taken from the records and accounts if the commission deems the abstract or summary adequate. The accounts shall be properly identified and duly authenticated. The commission, where reasonable, may approve or disapprove a contract or arrangement without submission of the cost records or accounts.

SECTION 2335wr. 196.77 of the statutes is amended to read:

196.77 Promotional rates. Except as provided in this section, nothing in this chapter prohibits a telecommunications utility from filing a tariff to make a limited offering of promotional rates. A promotional rate under this section shall take effect automatically at the time specified in the tariff ~~but not earlier than 10 days after the date the tariff is filed with the commission~~ unless the commission ~~authorizes an earlier effective date or~~ suspends the tariff within 10 days after the date on which it is filed. The department shall calculate each facility's maximum payment per patient day under this paragraph by multiplying by 5% the amount obtained by dividing the total of nurse's assistants' wages or salaries of the facility by the total number of patient days of the facility, as indicated by the facility's 1998 cost reports. Each facility may apply to the department for up to the total maximum amount per patient day calculated for the facility and receive that supplemental amount for each medical assistance day of service provided.

(bm) In order to ensure that a supplement provided to a facility under paragraph (b) was expended in accordance with the purpose specified in paragraph (b), the department of health and family services shall prepare a supplemental application form for completion by facilities in applying for the supplement, to determine whether the facility's housekeeping and laundry workers', dieticians' and food workers', wage or salary and fringe benefits costs per patient day have increased during the period after June 30, 1999, and before July 1, 2000, by a percentage that is at least equal to the percentage of increase obtained under paragraph (bg). The department shall adjust the required percentage increase to account for all of the following:

1. Any payment rate increase or decrease applicable to the facility that is in effect beginning July 1, 1999, and is other than the supplement under paragraph (b).

2. The fact that the wage supplement percentage increase is based only on wages and salaries, while the cost comparison also includes fringe benefits.

3. Any decrease or increase in the facility's expenditures for contracted labor services.

4. Any change in the facility's patient acuity levels.

5. Whether or not the facility's reporting period corresponds to the supplement payment period.

6. Any other factor that the department determines is relevant and that is readily available in the data base of the department.

(c) If the department of health and family services determines that a supplement under paragraph (a) provided to a facility was not expended as required under paragraph (am) or that a supplement under paragraph (b) provided to a facility was not expended as required under paragraph (bm), the department may recoup that part of the supplement that was not expended as required.
