7. AGRICHEMICAL FEE REDUCTION

EXPLANATION:

The department currently collects license and tonnage fees for agricultural inputs, including pesticides, fertilizer and feed. Fees are used to fund the department's agrichemical management program. Fee surcharges are also used to fund an agricultural chemical cleanup program.

The department currently has a surplus of funds in its agrichemical management and ag chem cleanup accounts. The 1997-99 biennial budget act therefore reduced license and tonnage fees for FY 1997-98 and FY 1998-1999. The department is proposing legislation to extend this fee reduction for one more year (FY 1999-2000).

The 1997-99 biennial budget act also created a 2-year "fee holiday" for agricultural chemical cleanup surcharges. Surcharges will revert to their prior levels at the end of the 2-year "fee holiday" unless the department extends the "fee holiday" by rule. The department plans to extend this "fee holiday" for one more year. The department can extend this "fee holiday" by rule, without further legislation.

STATUTORY LANGUAGE:

SECTION ____ . 94.64(4)(a)1. of the statutes is amended to read:

94.64(4)(a)1. A basic fee of 25 cents per ton for fertilizer sold or distributed ~~from July 1, 1997 to June 30, 1999~~ on or before June 30, 2000, and 32 cents per ton for fertilizer sold or distributed after June 30, ~~1999~~ 2000, with a minimum fee of \$25.

SECTION ____ . 94.681(2)(a), (b) and (c) of the statutes are amended to read:

94.681(2)(a) For each household pesticide product:

1. If the applicant sold less than \$25,000 of the product during the preceding year for use in this state, \$265, except that the fee is \$215 for the license years that begin on January 1, 1999, ~~and on~~ January 1, 2000 and January 1, 2001.
2. If the applicant sold at least \$25,000 but less than \$75,000 of the product during the preceding year for use in this state, \$750, except that the fee is \$650 for the license years that begin on January 1, 1999, ~~and on~~ January 1, 2000 and January 1, 2001.
3. If the applicant sold at least \$75,000 of the product during the preceding year for use in this state, \$1,500, except that the fee is \$1,200 for the license years that begin on January 1, 1999, ~~and on~~ January 1, 2000 and January 1, 2001.

(b) For each industrial pesticide product:

1. If the applicant sold less than \$25,000 of the product during the preceding year for use in this state, \$315, except that the fee is \$265 for the license years that begin on January 1, 1999, ~~and on January 1, 2000~~ and January 1, 2001.

2. If the applicant sold at least \$25,000 but less than \$75,000 of the product during the preceding year for use in this state, \$860, except that the fee is \$760 for the license years that begin on January 1, 1999, ~~and on January 1, 2000~~ and January 1, 2001.

Current law imposes fees on meter owners for not complying with these registration and testing requirements and on meter servicing companies for not complying with the reporting requirements. The bill makes minor changes in these fees. The bill also authorizes DATCP to suspend or revoke an operator's license for failure to have a meter tested or a meter servicer's license for failure to file a report.

Under current law, a person must be licensed by DATCP to manufacture or distribute fertilizer or animal feed. The bill imposes on the licensee a weights and measures fee on each ton of fertilizer or animal feed that is manufactured or delivered. The fees are used by DATCP for its weights and measures inspection program. The bill reduces the other fees that a licensee pays on each ton of fertilizer or animal feed so that the total fee per ton remains the same as it is under current law.

The bill also increases the fees for licenses for commercial scales that weigh vehicles.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

AGRICULTURE

Under current law, the department of agriculture, trade and consumer protection (DATCP) collects fees related to fertilizer, animal feeds and pesticides. The fees are used for purposes related to the management of agricultural chemicals. The 1997-99 biennial budget act lowered the amount of these fees for two years. This bill extends the lower fee amounts for two additional years.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
