Department of Health and Family Services
1997-99 Biennial Budget Statutory Language Request
September 11, 1998

Title: Brighter Futures Initiative

Current Language

See attached chart "Proposed Brighter Futures Initiative - Programs & Current and Proposed Appropriations."

Proposed Change

The Department proposes to create a single funding source for programs targeted at the development of positive youth behaviors. The proposal would consolidate current categorical funding for eleven separate programs for youth in the areas of drug and alcohol abuse prevention, and adolescent services to develop self-sufficiency and prevent adolescent pregnancy. Current funding for these programs totals \$3,734,400.

The proposal is to repeal the current statutory provisions associated with each of the current categorical programs. The funding currently going to non-Milwaukee counties and organizations (\$1,534,300), the Tribes (\$180,000), and Milwaukee County (\$2,020,100) would be consolidated in a single new program called the Brighter Futures Initiative, and current levels of funding for non-Milwaukee counties, the Tribes, and Milwaukee County would be maintained for services in their respective areas. Non-Milwaukee counties could bid, on a competitive basis, for the newly consolidated funding. To be awarded three-year contract funding, counties would have to demonstrate that their planned use of the funds was consistent with the community plan developed under Family Preservation and Support. In Milwaukee County a planning committee will be formed to make recommendations to the Department on an allocation process. Grantees would be required to submit annual reports showing the status of key benchmark indicators and would have to demonstrate improvement on these indicators to get funding renewed. The effective date for the change would be July 1, 2000, for the calendar year 2001 funding cycle, to provide counties time to develop their plans. Funding consolidation for the Tribes would not be part of this initiative, since tribal funding is already included in a consolidated grant process.

A new statutory provision should be created in Chapter 46 directing the Department to provide funding to counties from the appropriation under (to be created) to assist families and communities to attain the competencies and social attributes necessary to become competent workers, parents and citizens. The initiative is intended to steer children and youth from the negative behaviors associated with many children and youth (crime and delinquency, school

1 534 300
180 000
714 300

failure, pregnancy, and substance abuse). The purpose of the grants should reflect the general purpose of the various categorical programs described in the attached chart (e.g., reduce neighborhood violence, reduce substance abuse, reduce adolescent pregnancies, and increase self-sufficiency). The Department should be directed to develop indicators to measure the outcomes expected from the program and to prepare a report to the Governor and Legislature by July 1, 2002, and annually thereafter, describing the outcome of the program. The indicators shall provide information relating to the prevalence of child abuse and neglect, unwed youth pregnancies, youth practicing abstinence to avoid unwed youth pregnancies and youth drug and alcohol use and abuse.

Effect of the Change

The effect of the proposal will be to enhance local prevention efforts by simplifying administration (one funding source and application) and providing more flexibility in the use of state funds for prevention programs by consolidating prevention funding, reducing program fragmentation, and increasing program effectiveness.

Rationale for the Change

Even though they are very similar in purpose, most of the eleven programs have their own statutory provisions. The programs have statutory directives on who is eligible to receive funding (counties, non-profit agencies, specific agencies) and there is a separate application for each program. With separate contracts and funding sources, and many different grantees, administration of these funds is more complex for both the contracting entities and the Department. In many cases the amounts provided each grantee are too small to be effective. The creation of numerous categorical programs has led to a fragmented approach to preventing risky youth behaviors, making it much more difficult to coordinate the programs at both the state and local level. This has resulted in minimal effectiveness and duplication of services. Little program evaluation is done and not enough is done to promote best practices and use prevention strategies proven to be the most effective.

The 1996 Legislative Audit Bureau report on prevention programs recommended that new initiatives be undertaken to foster coordination of prevention efforts at the local level. The audit report stated that opportunities to enhance local prevention efforts included developing more effective funding strategies that encourage the development of local prevention initiatives, providing more flexibility in the use of state funds for prevention programs, and providing more effective information and technical assistance services. The Department is proposing to consolidate prevention funding, thereby reducing program fragmentation and increasing program effectiveness.

Desired Effective Date: July 1, 2000 for appropriations; January 1, 2001 for new program language and repeal of existing program statutes.

AN ACT; relating to: the budget.

Analysis by the Legislative Reference Bureau

HEALTH AND HUMAN SERVICES

CHILDREN

Under current law, the department of health and family services (DHFS) provides grants for various programs relating to youth alcohol and other drug abuse, adolescent pregnancy and other adolescent services. Those programs include a neighborhood drug use and violence prevention program, a community alcohol and other drug abuse prevention program, a drug prevention program for Milwaukee public high school athletes, an adolescent self-sufficiency program, an adolescent pregnancy prevention program, an adolescent resource center in Milwaukee, a minority adolescent parenting skills program in Milwaukee, an adolescent choices project and a pregnancy counseling services program.

(stat)
This bill eliminates all of those programs and instead creates a brighter futures initiative under which DHFS distributes grants to public or private organizations operating in Milwaukee County, county departments of human services, social services, community programs or developmental disabilities services ~~county departments~~ operating in counties other than Milwaukee County, and federally recognized American Indian tribes or bands in this state, to provide programs to reduce youth violence and other delinquent behavior, reduce youth alcohol and other drug use and abuse, reduce nonmarital adolescent pregnancy and increase the use of abstinence as a method of reducing unwanted adolescent pregnancy, reduce child

A

abuse and neglect and increase adolescent self-sufficiency by encouraging high school graduation, vocational preparedness, improved social and other interpersonal skills and responsible decision-making. The bill requires DHFS to provide a set of benchmark indicators to measure the outcomes that are expected of a program funded under the initiative and permits DHFS to renew a grant only if the recipient shows improvement on those indicators.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Gordon:

The original decision was not to do the Brighter Futures Initiative and thus the draft was listed as an out last Monday. The decision resulted from the fact that we will be replacing a majority of the GPR currently funding adolescent programs with federal Temporary Assistance for Needy Families (TANF) funds. Debora Kennedy has a draft (LRB 1548) which does the funding switch. However, the decision was reversed and the Brighter Futures Initiative will be in the budget.

Please make the following changes in LRB 0277/1:

1. Delete sections 3 and 12 from the draft. Only a portion of the funding will be part of the initiative.
2. On page 3, line 12: after village insert the word "town".
3. On page 3, line 15 change the dollar amount from \$2,020,100 to \$1,250,600.
4. On page 3, line 17 change the dollar amount from \$1,534,300 to \$1,109,300.
5. On page 3, line 19 change the dollar amount from \$180,000 to \$7,500.
6. Line 22 and 23 on page 3 and line 1 on page 4 are to apply to (2)(a).
7. Create a (2)(b) that should read: "from the appropriation under s. 435(3)(ky), beginning on January 1, 2001, shall distribute \$769,500 in each fiscal year to applying nonprofit corporations and public agencies operating in a county having a population of 500,000 or more, \$425,100 in each fiscal year to applying county departments under s. 46.22, 46.23, 51.42 or 51.37 operating in counties other than a county having a population of 500,000 or more and \$172,500 in each fiscal and to applying federally recognized American tribes or bands in this state to provide programs to accomplish the following:
 1. Prevent and reduce the incidence of out-of-wedlock-pregnancies and increase the use of abstinence as a method of reducing out-of-wedlock-pregnancies.
8. Use the wording on page 4 lines 2 through 4.
8. On page 4 line 16 revise 3. to read the rate of out-of-wedlock-pregnancies and the rate at which abstinence is used to prevent out-of-wedlock-pregnancies.
9. On page 5 delete lines 5 through 10.

Analysis by the Legislative Reference Bureau
HEALTH AND HUMAN SERVICES

CHILDREN

Under current law, the department of health and family services (DHFS) provides grants for various programs relating to youth alcohol and other drug abuse, adolescent pregnancy and other adolescent services. Those programs include a neighborhood drug use and violence prevention program, a community alcohol and other drug abuse prevention program, a drug prevention program for Milwaukee public high school athletes, an adolescent self-sufficiency program, an adolescent pregnancy prevention program, an adolescent resource center in Milwaukee, a minority adolescent parenting skills program in Milwaukee, an adolescent choices project and a pregnancy counseling services program.

This bill eliminates all of those programs and instead creates a brighter futures initiative under which DHFS distributes grants to public or private organizations operating in Milwaukee County, county departments of human services, social services, community programs or developmental disabilities services operating in counties other than Milwaukee County, and federally recognized American Indian tribes or bands in this state, to provide programs to reduce youth violence and other delinquent behavior, reduce youth alcohol and other drug use and abuse, reduce nonmarital adolescent pregnancy, increase the use of abstinence as a method of reducing unwanted adolescent pregnancy, reduce child abuse and neglect and

The bill requires DHFS to provide a set of benchmark indicators to measure the outcomes that are expected of a program funded under the initiative and permits DHFS to renew a grant only if the recipient shows improvement on those indicators.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

(b) From the appropriation under s. 20.435 (3) (K4), the department, beginning on January 1, 2001, shall distribute \$769,500 in each fiscal year to applying nonprofit corporations and public agencies operating in a county having a population of 500,000 or more, \$425,100 in each fiscal year to applying county departments under s. 46.22, 46.23, 51.42 or 51.437 operating in counties other than a county having a population of 500,000 or more and \$173,500 in each fiscal year to applying Federally recognized American Indian Tribes or bands in this state to provide programs to accomplish all of the following:

1. Prevent and reduce the incidence of nonmarital pregnancy and increase the use of abstinence as a method of preventing nonmarital pregnancy.

D-Note

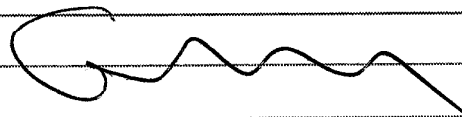

Gretchen:

1. The preferred modern statutory term to describe a pregnancy outside of marriage is "nonmarital" rather than "out-of-wedlock".

Also, because the Brighter Futures Initiative is targeted at adolescents and will replace programs targeted at adolescents, do you want to specify that the program is intended to reduce the incidence of nonmarital adolescent pregnancy?

2. You might want to double check whether your new figures account for the fact that under this redraft pregnancy program under s. 263.08 is not being repealed and folded into the Brighter Futures Initiative.

3. As indicated in your redraft instructions, if this draft is included in the budget, then LRB-1548/4 should not be.

Under current law, the department of health and family services (DHFS) provides grants for various programs relating to youth alcohol and other drug abuse, adolescent pregnancy and other adolescent services. Those programs include a neighborhood drug use and violence prevention program, a community alcohol and other drug abuse prevention program, a drug prevention program for Milwaukee public high school athletes, an adolescent self-sufficiency program, an adolescent pregnancy prevention program, an adolescent resource center in Milwaukee, a minority adolescent parenting skills program in Milwaukee and an adolescent choices project.

This bill eliminates all of those programs and instead creates a brighter futures initiative under which DHFS distributes grants to public or private organizations operating in Milwaukee County, county departments of human services, social services, community programs or developmental disabilities services operating in counties other than Milwaukee County, and federally recognized American Indian tribes or bands in this state, to provide programs to prevent and reduce the incidence of youth violence and other delinquent behavior, prevent and reduce the incidence of youth alcohol and other drug use and abuse, prevent and reduce the incidence of nonmarital pregnancy, increase the use of abstinence as a method of preventing

nonmarital pregnancy, prevent and reduce the incidence of child abuse and neglect and increase adolescent self-sufficiency by encouraging high school graduation, vocational preparedness, improved social and other interpersonal skills and responsible decision making. The bill requires DHFS to provide a set of benchmark indicators to measure the outcomes that are expected of a program funded under the initiative and permits DHFS to renew a grant only if the recipient shows improvement on those indicators.

10 **SECTION 6.** 46.715 of the statutes is repealed.

11 **SECTION 7.** 46.99 of the statutes is created to read:

12 **46.99 Brighter futures initiative. (1) DEFINITION.** In this section

13 (a) “Nonprofit corporation” means a nonstock, nonprofit corporation organized
14 under ch. 181.

15 (b) “Public agency” means a county, city, village, town or school district or an
16 agency of this state or of a county, city, village, town or school district.

17 **(2) AWARDING OF GRANTS.** (a) From the appropriations under s. 20.435 (3) (eg)
18 and (nL), the department, beginning on January 1, 2001, shall distribute \$1,250,600
19 in each fiscal year to applying nonprofit corporations and public agencies operating
20 in a county having a population of 500,000 or more, \$1,109,300 in each fiscal year to
21 applying county departments under s. 46.22, 46.23, 51.42 or 51.437 operating in
22 counties other than a county having a population of 500,000 or more and \$7,500 in
23 each fiscal year to applying federally recognized American Indian tribes or bands in
24 this state to provide programs to accomplish all of the following:

1 1. Prevent and reduce the incidence of youth violence and other delinquent
2 behavior.

3 2. Prevent and reduce the incidence of youth alcohol and other drug use and
4 abuse.

5 3. Prevent and reduce the incidence of child abuse and neglect.

6 (b) From the appropriation under s. 20.435 (3) (ky), the department, beginning
7 on January 1, 2001, shall distribute \$769,500 in each fiscal year to applying
8 nonprofit corporations and public agencies operating in a county having a population
9 of 500,000 or more, \$425,100 in each fiscal year to applying county departments
10 under s. 46.22, 46.23, 51.42 or 51.437 operating in counties other than a county
11 having a population of 500,000 or more and \$172,500 in each fiscal year to applying
12 federally recognized American Indian tribes or bands in this state to provide
13 programs to accomplish all of the following:

14 1. Prevent and reduce the incidence of nonmarital pregnancy and increase the
15 use of abstinence as a method of preventing nonmarital pregnancy.

16 2. Increase adolescent self-sufficiency by encouraging high school graduation,
17 vocational preparedness, improved social and other interpersonal skills and
18 responsible decision making.

19 (c) A nonprofit corporation, public agency or American Indian tribe or band that
20 is applying for a grant under par. (a) or (b) shall provide to the department a proposed
21 service plan for the use of the grant moneys. If the department approves the service
22 plan, the department may award the grant. The department shall award the grants
23 on a competitive basis and for a 3-year period.

24 **(3) OUTCOMES EXPECTED.** (a) The department shall provide a set of benchmark
25 indicators to measure the outcomes that are expected of a program funded under sub.

1 (2) (a). Those benchmark indicators shall measure all of the following among youth
2 who have participated in a program funded under sub. (2) (a) or (b):

3 1. The rate of participation in violent or other delinquent behavior.

4 2. The rate of alcohol and other drug use and abuse.

5 3. The rate of nonmarital pregnancy and the rate at which abstinence is used
6 to prevent nonmarital pregnancy.

7 4. The rate of substantiated cases of child abuse and neglect.

8 5. The development of self-sufficiency, as indicated by the rate of high school
9 graduation, the degree of vocational preparedness, any improvements in social and
10 other interpersonal skills and in responsible decision making and any other
11 indicators that the department considers important in indicating the development
12 of adolescent self-sufficiency.

13 6. Any other indicators that the department considers important in indicating
14 the development of positive behaviors among adolescents.

15 (b) The department shall require a grant recipient under sub. (2) (a) or (b) to
16 provide an annual report showing the status of its program participants in terms of
17 the benchmark indicators provided under par. (a) and may renew a grant only if the
18 recipient shows improvement on those indicators.

SECTION 8. 46.995 of the statutes is repealed.

SECTION 9. 46.996 of the statutes is repealed.

SECTION 10. 46.997 of the statutes is repealed.

SECTION 11. 51.45 (5) of the statutes is repealed.

SECTION 9423. Effective dates; health and family services.

FOR 1999-01 BUDGET — NOT READY FOR INTRODUCTION

1 AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

HEALTH AND HUMAN SERVICES

CHILDREN

Under current law, the department of health and family services (DHFS) provides grants for various programs relating to youth alcohol and other drug abuse, adolescent pregnancy and other adolescent services. Those programs include a neighborhood drug use and violence prevention program, a community alcohol and other drug abuse prevention program, a drug prevention program for Milwaukee public high school athletes, an adolescent self-sufficiency program, an adolescent pregnancy prevention program, an adolescent resource center in Milwaukee, a minority adolescent parenting skills program in Milwaukee and an adolescent choices project.

This bill eliminates all of those programs and instead creates a brighter futures initiative under which DHFS distributes grants to public or private organizations operating in Milwaukee County, county departments of human services, social services, community programs or developmental disabilities services operating in counties other than Milwaukee County, and federally recognized American Indian tribes or bands in this state, to provide programs to prevent and reduce the incidence of youth violence and other delinquent behavior, prevent and reduce the incidence of youth alcohol and other drug use and abuse, prevent and reduce the incidence of nonmarital pregnancy, increase the use of abstinence as a method of preventing

nonmarital pregnancy, prevent and reduce the incidence of child abuse and neglect and increase adolescent self-sufficiency by encouraging high school graduation, vocational preparedness, improved social and other interpersonal skills and responsible decision making. The bill requires DHFS to provide a set of benchmark indicators to measure the outcomes that are expected of a program funded under the initiative and permits DHFS to renew a grant only if the recipient shows improvement on those indicators.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
