Statutory Language Proposals

Division: AIR AND WASTE

Subprograms: REMEDIATION AND REDEVELOPMENT

Issue/Topic: DRY CLEANER ENVIRONMENTAL RESPONSE PROGRAM

Proposed Change: The Department proposes to amend Wis. Stat. Ch 292.65 (3)(a) 2 to read:

The department shall pay an award for immediate action activities.

Explanatory Note: The section to be taken out is not consistent with NR 708, which does allow contaminated soil removal and free product (solvent) recovery as immediate action activities.

AN ACT ..., relating to: the budget.

Analysis by the Legislative Reference Bureau

ENVIRONMENT

HAZARDOUS SUBSTANCES AND ENVIRONMENTAL CLEANUP

Under current law, the department of natural resources (DNR) administers the dry cleaner environmental response program which provides reimbursement for a portion of the costs of responding to discharges of dry cleaning solvents. Under current law, the first priority for payment under the program is payment for immediate action activities, activities taken within a short time after a discharge occurs or after a discharge is discovered. For the purpose of this payment priority, removal of contaminated soils and recovery of discharged dry cleaning solvent are not considered immediate action activities.

Under this bill the removal of contaminated soils and recovery of solvent may be considered as immediate action activities for the purpose of payment priority under the dry cleaner environmental response program.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 292.65 (3) (am) 2. of the statutes is amended to read:

2 292.65 (3) (am) 2. The department shall pay an award for immediate action
3 activities. ~~For the purposes of this subdivision, removal of contaminated soils and~~
4 ~~recovery of free dry cleaning solvent are not considered immediate action activities.~~
