ECONOMIC DEVELOPMENT

Under current law, four appropriations to the department of commerce are for the department's program operations. All four appropriations are annual appropriations, which means that the unencumbered balances in the appropriation accounts lapse to the general fund at the end of each fiscal year. The bill eliminates three of these appropriations and consolidates their purposes into the remaining appropriation so that the department is left with one appropriation for its general program operations.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 1. 20.143 (1) (a) of the statutes is amended to read:
