RESPONDENCE MEMORANDUM

**STATE OF WISCONSIN
Department of Administration**

Date: October 14, 1998
To: Steven Miller, LRB
From: Jennifer Sajna (6-8219)
SBO
Subject: 1999-01 Biennial Budget Drafting Requests

I have several additional drafting requests for the 1999-01 biennial budget. They include:

- TAY 1) **Treatment of Child Support Payments under W-2** – Under proposed federal regulations, states can only count the state’s share of any child support passed through to a recipient towards the Maintenance of Effort requirement, if it does not affect the person’s eligibility for the TANF program. Given this, please modify s.49.145(3)(b) to exclude child support payments in the calculation of income for purposes of eligibility for the W-2 program.
- RJK 2) **Social Security Numbers on the Lien Docket** – Attached is a new DWD request.
- TAY 3) **Credit Assistance** – Modify s.49.143 (2)(cr) to read “Provide or contract with another agency to provide budgeting and financial planning, including credit establishment, training to participants”. Delete the rest of that paragraph and the related allocation under s.49.175.
- TAY 4) **Child Care Eligibility**– Modify the initial eligibility standard in s.49.155(1m)(c)1 from 165% to 185% of the federal poverty line, s.49.155(1m)(b)3 to remove the asset test and s.49.155(1m)(a) to cover disabled children, as defined by the department, ages 13 to 18.
- TAY 5) **TANF allocations (49.175)** – I still don’t have numbers on these (or child care) but I do know that we will be eliminating the following separate allocations – s.49.175(a), (cr), (e), (d), (j), (q), (s), and (v).

per Jenny
Sajna

Modifications to drafts already submitted:

- RJK 1) **Insurance Company Disclosure** – Amend s.49.475 to require DHFS to share the information received from the insurance companies with DWD.
- TAY 2) **Public Assistance Collections** – Allow DWD to use “UI”-type collection methods only for overpayments that did not result from an agency error.

Please have the drafters call me if they have any questions. Thanks.

Under current law, a person is eligible for a subsidy for child care for a child who is under the age of 13 if the person meets certain financial and non-financial requirements. For example, the person must be a parent or other primary caretaker of the child; the person must initially have a gross income at or below 165% of the federal poverty line; and the person's assets must not exceed \$2,500 in combined equity value.

This bill expands eligibility for a child care subsidy beginning January 1, 2000. Under the bill, the initial income limit is increased to 185% of the poverty line and the asset limit is eliminated. The bill also expands the subsidy to cover child care for disabled children who are under the age of 19.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 SECTION 1. ~~49.155~~ (1) (a) ~~L~~ of the statutes is created to read:

3 49.155 (1) (a) "Disabled" has the meaning specified by the department by rule.

Comment (C) The drafting instructions indicate that the child care subsidy is to be made available for child care for disabled children "ages 13 to 18." I assumed that the subsidy, therefore, would be available for child care for disabled children who are 18 and ~~below~~ *younger*. Is that correct? Also, the changes to the income and asset limits are for all recipients, not just for recipients with disabled children. Is *that* correct? Finally, per your request, the eligibility modifications do not take effect until January 1, 2000.

InterOffice Memo

Department of Workforce Development

Date: December 10, 1998

To: Jennifer Sajna
State Budget Office

From: Bob Nikolay
Bureau of Strategic Planning and Budget

Subject: Statutory Language Drafts for Biennial Budget

include it where?

Summarized below are additional comments on LRB drafts of biennial budget statutory language.

1. LRB 0492/1 - Child Care Administration. This draft retains the responsibility for setting the maximum child care reimbursement rates with the county agencies. The Division would prefer that flexibility be provided so that child care resource and referral agencies could be selected to set these rates. This could be accomplished by making the following changes in s. 49.155(6), Stats.: 1) Change the reference in pars. (a) to (c) from county to administering agency; 2) include a reference to s. 49.134(1)(b), Stats.; and 3) add the phrase "as determined by the department."
2. LRB 0495/1 - Use of Child Care Allocations. The Department's intent is that the standard be 5% of the current expenditures. The exception would be that if current year expenditures are less than the previous year, then 5% of the previous year amount or \$20,000, whichever is greater, is allowed. Also, since the Department now makes child care payments through the automated payment system, it may be more appropriate to use the term "expended" instead of "distributed." This draft also needs to be reconciled with the LRB 0492 to reference the administering agency instead of the county.
3. LRB 0609/1 - Food Stamps EBT. I believe the latest we discussed (12/7) was a three-month delay, rather than one year. Otherwise, the draft is OK.
4. LRB 0687/2 - Child care Start-up and Expansion Loans. This draft is OK provided the numbers s. 49.155 (1g)(b) change to reflect increases requested in indirect services.
5. LRB 0699/1 - Treatment of Child Support Payments under W-2. This draft is OK.
6. LRB-0701/1 - Child Care Eligibility for Disabled Children. The drafter was correct in assuming that the Department's intent was to make the child care subsidy to disabled children age 18 and younger. Also, it is the Department's intent to change the income and asset limits for all families. The effective date of January 1, 2000 is correct.

The drafter has created a definition of the term "disabled" under s.49.155(1)(aL). Rather than have the Department specify the definition in administrative rules, we would prefer that a statutory definition be created consistent with the federal regulations at 45 CFR 98.20, i.e., disabled means "physically or mentally incapable of caring for himself or herself."

Date: January 12, 1999

To: Jennifer Sajna

From: Bob Nikolay
Bureau of Strategic Planning and Budget

Subject: Statutory Language Drafts for Biennial Budget

Summarized below are additional comments on LRB drafts of biennial budget statutory language.

1. LRB 0487/3 – Child Care and Basic Education. The drafter is correct in assuming that it was the Department's intent to eliminate language regarding "other employment skills training" and "educational courses that provide an employment skill" from s.49.155(1m)(a)4. She was also correct in determining that the phrase "skill specific training" is subsumed in the phrase "courses that provide an employment skill."

2. LRB 0495/2 – Child Care Allocations. This draft is OK.

3. LRB 0536/2 – Collection of CR&D Fee by Income Assignment. On page 6, beginning on line 14, we would prefer that the underlined language after "under s. 767.265" be deleted. The Department would like to devise a methodology in KIDS for issuing withholding orders to employers that would not necessarily always be with the first payment of the year. The language, as drafted, would limit us.

The drafter notes that this draft needs to be reconciled with LRB-0593/1, which is the draft that deals with collection of the R & D fee for pre-existing orders. The two drafts need to be reconciled in a way that permits administrative withholding by the Child Support Agencies both for R & D fees ordered after the effective date of passage and for pre-existing orders.

4. LRB 0601/1 – Financial Account Seizure. This draft is OK.

5. LRB 0701/2 – Child Care Eligibility. We would suggest that in addition to repealing s. 49.155(1m)(b)3, that the asset test also be eliminated for foster care and kinship care families specified in s.49.155(1m)(c)1g and 1h to provide consistency across the program.

(Sorry –Tina, they were right after all – I was looking at the wrong section when I called you.)

CHILDREN

Under current law, a person is eligible for a subsidy for child care for a child who is under the age of 13 if the person meets certain financial and nonfinancial requirements. For example, the person must be a parent or other primary caretaker of the child; the person must initially have a gross income at or below 165% of the federal poverty line; and the person's assets must not exceed \$2,500 in combined equity value.

This bill expands eligibility for a child care subsidy beginning on January 1, 2000. Under the bill, the initial income limit is increased to 185% of the poverty line and the asset limit is eliminated. The bill also expands the subsidy to cover child care for disabled children who are under the age of 19.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
