Under current law, the department of natural resources (DNR), in conjunction with the department of agriculture, trade and consumer protection (DATCP), the land and water conservation board (LWCB) and local governmental units, administers a program to provide financial assistance for measures to reduce water pollution from nonpoint (diffuse) sources. Under current law, the nonpoint source program is funded with general purpose state revenues, segregated revenues from the environmental fund and proceeds of state bonds. This bill provides funds for the nonpoint program from moneys paid to <sup>this</sup> state under Indian gaming compacts.

Becky,

Please remove the delayed effective date for the following LRB drafts:

LRB 1241/P1  
LRB 1242/P1

Also, please modify LRB 1242/P1 to allow the gaming revenues to be used for nonpoint cost-sharing assistance. The intent is to focus funds on meeting signed cost-share agreements with farmers who are installing best management practices, not to provide counties with more local assistance grant funds.

Let me know if you have any questions.

Thanks,

Kirsten
