Under current law, persons who discharge wastewater into the waters of this state are required to pay an annual wastewater discharge fee to the department of natural resources (DNR). ✓ DNR is required to structure the fee so that municipalities that are subject to the fee pay 50% of the total charged and other persons that are subject to the fee pay the other 50%. Currently, DNR may not charge total fees that exceed \$7,450,000. This bill changes the cap on the wastewater discharge fee to \$7,925,000. ✓
