CORRESPONDENCE MEMORANDUM

**STATE OF WISCONSIN
Department of Administration**

Date: January 12, 1999

To: Steve Miller
Legislative Reference Bureau

From: Manyee Wong *M.W.*
State Policy and Budget Analyst

Subject: 1999-01 Budget Draft

Please draft the following technical modifications for the inclusion in the Governor's 1999-01 biennial budget:

- Amend section 281.58 (6) (b) 8. (Add at end) Annual payments made to the board of commissioners of public lands for loans under the (sub?) section shall not exceed the annual subsidy as calculated for loans made under subsections 1, 2, and 4.
- Please require similar changes to the drinking water and land recycling statutes.

1 AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

ENVIRONMENT

WATER QUALITY

Under the clean water fund program, this state provides financial assistance for projects for controlling water pollution, including sewage treatment plants. Under the safe drinking water loan program, this state provides financial assistance to local governmental units for projects for the construction or modification of public water systems. Under the land recycling loan program, this state provides financial assistance to cities, villages, towns and counties (political subdivisions) for projects to remedy environmental contamination at sites owned by political subdivisions where the environmental contamination has affected, or threatens to affect, groundwater or surface water. One form of assistance that these programs provide is a loan at a subsidized interest rate. Another form of assistance is a payment to the board of commissioners of public lands to reduce interest payments on a loan from the board for a project that is eligible for assistance under one of the programs.

This bill provides that a payment to the board of commissioners of public lands under the clean water fund program, the safe drinking water loan program or the

land recycling loan program may not exceed the amount of subsidy that would have been provided if the loan had been made directly under the clean water fund program, the safe drinking water loan program or the land recycling loan program. ✓

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 SECTION 1. 281.58 (8) (j) of the statutes is created to read:

2 281.58 (8) (j) The amount of a payment under sub. (6) (b) 8. may not exceed the
3 amount of subsidy that would have been provided if the financial assistance to the
4 municipality had been provided as a loan under sub. (6) (b) 4. ✓

5 SECTION 2. 281.60 (8s) of the statutes is created to read:

6 281.60 (8s) LIMITATION ON FINANCIAL ASSISTANCE. The amount of a payment
7 under sub. (2r) (d) may not exceed the amount of subsidy that would have been
8 provided if the financial assistance to the political subdivision had been provided as
9 a loan under sub. (2r) (a). ✓

10 SECTION 3. 281.61 (8s) of the statutes is created to read:

11 281.61 (8s) LIMITATION ON FINANCIAL ASSISTANCE. The amount of a payment
12 under sub. (2r) (d) may not exceed the amount of subsidy that would have been
13 provided if the financial assistance to the local governmental unit had been provided
14 as a loan under sub. (2r) (a). ✓

15 (END) ✓

1/27/99 TC w. Michael Wolff - He is concerned about use of word "provided" because sometimes DAS is lending funds that aren't borrowed from anyone, so someone could argue that subsidy is not being provided

Subject: RE: Board of Commissioners draft

Becky -- I like the language you drafted; it works for me. The only problem I see is in the narrative where the "would have been provided" language remains, but I think this is fixable the same way the statutory language was, i.e., replace "that would have been provided" with "necessary."

Call if you've any other concerns.
