Steve: Once every 10 years we have to fit in a 27th bi-weekly payroll into the state's fiscal year. The next time up is 2001. The last time we had this was in 1989-90 and we created central appropriations under s.20.865(1) to supplement agencies for the one-time costs. The GPR supplement would be a sum certain appropriation, while the ones for PR and SEG would be sum sufficient in nature. This is pretty standard. Could you please have drafted (resurrected) these three appropriations for fiscal year 2001? They would be repealed at the end of FY01. Sorry. This one slipped my mind until a conversation this morning.
