Peter,

I have a non-stat language request for the UW.

The Governor approved \$1.0 million in funding in each year of the biennium for the UW Center for Tobacco Research and Intervention.

We will place the additional \$1.0 million in the UW's general program operations appropriation, 20.285 1(a) .

We would also like to include non-stat language that indicates that the funding is earmarked for the Tobacco Research and Intervention Center for the purpose of developing new educational programs to discourage tobacco use, determining the most effective prevention strategies and expanding smoking cessation programs throughout the state.

Thanks for your assistance.

Peter.
