To: Kreye, Joseph
Subject: New draft - Mining impact administrative expense approp

Below is information on the new drafting request I just phoned you about.

First, here is how I envision the language:

A non-statutory provision as follows:

Mining investment and local impact fund administrative expenses. From the investment and local impact fund, transfer an amount equal to the FY99 expenditures under s.20.566(7)(g) to that appropriation.

The intent is to eliminate a cash deficit in the s.20.566(7)(g) appropriation. Some action is necessary to do this because there is no mining activity to apply the fee to under s.70.3965. For FY00 and beyond, the appropriation in the budget bill will be given zero expenditure authority but the appropriation will left in place in case mining begins again in Wisconsin.

Below is DOR's presentation on this issue. While DOR states that we should use interest earnings from the investment and local impact fund, I don't see any need to make such a distinction -- a dollar is a dollar in the fund. If we can make them happy, however, let's specify that the transfer is of interest earnings.

Here is DOR's description:

TITLE: Funding of Mining Board Administrative costs

DESCRIPTION OF CURRENT LAW AND PROBLEM

Administrative costs, including staff salary, of the Mining Impact and Local Investment Fund (MILIF) Board are funded from an assessment against companies with gross proceeds from metallic mineral mining. However, during years when there is no mining in the state, as is now the case, administrative costs are unfunded so a back up funding source is needed or such costs should be held to a level that can be absorbed by the department of revenue, to whom the Board is attached for administrative purposes.

RECOMMENDATION FOR ACTION

Fund Board administrative expenses for FY 1999 from interest earnings of the MILIF. In subsequent fiscal years, the department would provide administrative services for the board from the department's own resources.

FISCAL/ADMINISTRATIVE IMPACT

The proposal would use interest earnings in the MILIF-SEG to pay s.20.566(7)(g) in the General Fund for MILIF Board expenses in FY 1999 of approximately \$40,000.

DRAFTING INSTRUCTIONS

Create a non-statutory provision directing that, for the payment of expenses for FY 1999 only, interest earnings from the fund under s.20.566(7)(v), i.e., the MILIF, be used as a replacement for the fee under s.70.3965.

EFFECTIVE DATE OR INITIAL APPLICABILITY

Effective July 1, 1999, for the payment due on or before August 15, 1999, under s.70.3965.

STATE GOVERNMENT
STATE FINANCE

plain

expenses

This bill transfers money from the appropriation to the department of revenue (DOR) for the investment and local impact fund (MILIF) to the (DOR) appropriation for MILIF expenses that is used to pay the administrative expenses of the MILIF board. The appropriation for MILIF administrative expenses is funded from fees imposed on the gross proceeds of metallic mineral mining in this state. Currently, there is no metallic mineral mining in this state and, therefore, no fees collected for the appropriation for MILIF administrative expenses.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 SECTION 9243. Appropriation changes; revenue.

3 (1) INVESTMENT AND LOCAL IMPACT FUND. There is transferred from the

4 ~~appropriation to the department of revenue under section 20.566 (7) (v) of the~~

Subject: Drafts

3 items

1. I haven't seen /2 of the county sales tax admin rate draft -- 1672
2. I have marked draft 1839 (exempting computerized property) as OUT ---- although as of this moment I regard this OUT designation as only 80% certain.
3. Please change draft 2049/1 as follows:

Instead of specifying a transfer of \$41,800, transfer an amount equal to the expenditures in the receiving appropriation (s.20.566(7)(g)) during the 1998-99 fiscal year. The intent here is to include a transfer that acts as a replacement to the fee that would have been collected under s.70.3965 if any mining companies would have had mining gross proceeds.

Thank you.
