Newborn Hearing Screening Program

Motion:

June 30, 2002?

? not in fiscal year 2001-02

(is probably ok bec the approp. is continuing)

DAK.  
No nonstat  
First 3,400 is

Put in  
Comp. -  
Equipment  
for approp.

Provide \$333,000 PR annually in a new, continuing PR appropriation to fund the costs of establishing a newborn hearing screening program. Create nonstatutory provisions that would require DHFS to award up to \$333,000 as grants to applying hospitals in fiscal years 1999-00, 2000-01 and 2001-02. Specify that, from January 1, 2000, to June 30, 2001, the Department would distribute grant funding for the payment of costs of capital equipment. For the period from July 1, 2001, to December 30, 2002, DHFS would distribute grants to support training or any other initial costs of establishing a newborn hearing screening program.

What about 7/1/99 - 12/31/99?  
We not have \$ by then

Increase the fee for the issuance of a duplicate birth certificate from \$12 to \$13.40 and specify that \$1.40 of the amount collected for issuing a copy of a birth certificate would be forwarded to the State Treasurer and deposited in the newborn hearing screening program appropriation. Specify that the increased fee for issuing a birth certificate would be effective 30 days after the general effective date of the bill, until December 31, 2002. As of January 1, 2003, the fee would be \$12.

Beginning July 1, 2002, and annually thereafter, require DHFS to collect information from hospitals for the previous calendar year on the number of deliveries in each hospital and whether the hospital has a newborn hearing screening program. Require DHFS to use this information to determine the number of deliveries in the state that are performed in hospitals with newborn hearing screening programs by July 31, 2003, and annually thereafter. Require DHFS to report this information to the appropriate standing committees of the Legislature.

Specify that, if by August 5, 2003, the Department determines that fewer than 88% of all deliveries in the state are performed in hospitals that have a newborn hearing screening program, it would notify all hospitals that every hospital must establish a newborn hearing screening program that is available to all infants delivered in the hospital by January 1, 2004.

Create the following definitions for the statutory and nonstatutory provisions of the program:  
(a) "hearing loss" means an inability to hear in one or both ears to detect sounds at 30 decibels hearing level or greater in the frequency region of 500 to 4,000 hertz, which affects speech recognition and auditory comprehension; (b) "hertz" means a body of frequency equal to one cycle

per second; (c) "hospital" as any building, structure, institution or place devoted primarily to the maintenance and operation of facilities for the diagnosis, treatment of and medical or surgical care for 3 or more nonrelated individuals hereinafter designated patients, suffering from illness, disease, injury or disability, whether physical or mental, and including pregnancy and regularly making available at least clinical laboratory services, and diagnostic X-ray services and treatment facilities for surgery, or obstetrical care, or other definitive medical treatment; (d) "infant" as a child from birth to three months of age; and (e) "newborn hearing screening program" as a system of a hospital under which an infant may be tested, using currently available medical techniques, to determine if the infant has a hearing loss.

---

Note:

This motion would create a grant program under which DHFS would provide funds to applying hospitals to support the costs of establishing newborn hearing screening programs. Funding to support these grants would be generated by increasing the issuance fee for duplicate birth certificates from \$12 to \$13.40 for the period beginning 30 days after the bill's general effective date through December 31, 2002.

***Analysis by the Legislative Reference Bureau***

This bill provides funding from general purpose revenues for three fiscal years, beginning July 1, 1999, for grants to be awarded by the department of health and family services (DHFS) to applying hospitals for the initial costs of establishing newborn hearing screening programs, under which infants may be tested to determine if they have hearing loss. The bill requires DHFS, beginning January 1, 2002, annually to collect information from hospitals concerning the numbers of deliveries in each hospital and the availability of newborn hearing screening programs. From this information DHFS must, by January 31, 2003, and annually thereafter, determine the percentage of deliveries that are performed in hospitals that have newborn hearing screening programs and report the percentage to the legislature. If, by February 5, 2003, DHFS determines that fewer than 88% of all deliveries are performed in hospitals that have newborn hearing screening programs and so notifies the hospitals, every hospital must, by July 1, 2003, have a newborn hearing screening program that is available to all infants who are delivered in the hospital.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.

D-NOTE

To Amie Goldman:

1. We do not draft effective dates to take effect on a certain number of days (e.g., 30) after publication, because it is unclear if one counts the day of publication or the day after publication and it is unclear if the provision takes effect on the 30th day or after the 30th day.

Therefore, I drafted the <sup>first</sup> birth certificate fee change to take effect on October 1, 1999, or on the first day of the first month beginning after publication, whichever is later.

9 2. This amendment puts the nonstatutory provisions concerning the program funding into s. 253.115 (4); the reason for this change is that the funding is now extended to December 31, 2002, and we <sup>are</sup> draft <sup>ing</sup> nonstatutory provisions those that will cease to be effective by July 1, 2002.

FROM THE  
LEGISLATIVE REFERENCE BUREAU**

LRBb0235/1dn  
DAK:cmh&jlg:hmh

May 11, 1999

To Amie Goldman:

1. We do not draft effective dates to take effect on a certain number of days (e.g., 30) after publication, because it is unclear if one counts the day of publication or the day after publication and it is unclear if the provision takes effect on the 30th day or after the 30th day. Therefore, I drafted the first birth certificate fee change to take effect on October 1, 1999, or on the first day of the first month beginning after publication, whichever is later.

2. This amendment puts the nonstatutory provisions concerning the program funding into s. 253.115 (4); the reason for this change is that the funding is now extended to December 31, 2002, and we only draft as nonstatutory provisions those that will cease to be effective by July 1, 2002.

5           “**SECTION 2439r.** 253.115 of the statutes is created to read:

6           **253.115 Newborn hearing screening programs.** (1) In this section:

7           (a) “Hearing loss” means an inability in one or both ears to detect sounds at 30  
8 decibels hearing level or greater in the frequency region of 500 to 4,000 hertz, which  
9 affects speech recognition and auditory comprehension.

10          (b) “Hertz” means a unit of frequency equal to one cycle per second.

11          (c) “Hospital” has the meaning given in s. 50.33 (2).

12          (d) “Infant” means a child from birth to 3 months of age.

13          (e) “Newborn hearing screening program” means a system of a hospital under  
14 which an infant may be tested, using currently available medical techniques, to  
15 determine if the infant has a hearing loss.

16          (2) Beginning July 1, 2002, the department shall annually collect information  
17 from hospitals for the previous calendar year concerning the numbers of deliveries  
18 in each hospital and the availability in each hospital of a newborn hearing screening  
19 program. From this information, by July 31, 2003, and annually thereafter, the  
20 department shall determine the percentage of deliveries in this state that are  
21 performed in hospitals that have newborn hearing screening programs and shall  
22 report this information to the appropriate standing committees of the legislature  
23 under s. 13.172 (3).

up to \$333,000 in each fiscal year

1 (3) If, by August 5, 2003, the department determines that fewer than 88% of  
2 all deliveries in this state are performed in hospitals that have a newborn hearing  
3 screening program and so notifies the hospitals, every hospital shall, by January 1,  
4 2004, have a newborn hearing screening program that is available to all infants who  
5 are delivered in the hospital.

6 (4) From the appropriation under section 20.435 (5) (jk), the department shall  
7 award ~~moneys~~ as grants to applying hospitals to fund the costs of establishing  
8 newborn hearing screening programs, as follows:

9 (a) For the period from January 1, 2000, to June 30, 2001, the department shall  
10 award moneys under this subsection only for payment of costs of capital equipment.

11 (b) For the period from July 1, 2001, to December 31, 2002, the department  
12 shall award moneys under this subsection for payment of training or any other initial  
13 costs of establishing a newborn hearing screening program.

14 **SECTION 2439s.** 253.115 (4) of the statutes, as created by 1999 Wisconsin Act
