SUPREME COURT

Appropriation Modifications

Motion:

Move to convert the general operations appropriations for the Director of State Courts Office and the State Law Library from annual to biennial appropriations.

Note:

Under current law, two of the Supreme Court's GPR appropriations - the general program operations appropriations for the Director of State Courts Office and the State Law Library - are annual appropriations. This motion would convert these two appropriations from annual to biennial. An annual appropriation is expendable only up to the amount shown in the schedule and only for the fiscal year for which made. The unencumbered balance on June 30 of each fiscal year lapses to the source fund. A biennial appropriation is expendable for the biennium for which made. The dollar amounts shown in the schedule are the most reliable estimates for each fiscal year and the total for both years is the biennial appropriation. The unencumbered balance remaining at the end of the first fiscal year is available for expenditures during the second fiscal year. The unencumbered balance on June 30 of the second fiscal year lapses to the source fund.
