**Subject:** DMA related actions before JFC

Hi Bob,

This email lays out the actions of the JFC from Tuesday that affect DMA and require budget drafts. In general the executive session went pretty quickly with very little discussion. DMA got pretty much what they wanted with a few slight changes. Anyways, below is what needs to be drafted and I will fax a copy of the motions or any supporting detail I mention below.

Level A - paper 635 Alternative 2 was chosen. This would delete the last sentence in s166.215(5) relating to the authorization for DMA to come in for more funding under 13.10.

Level A - Motion 226 also passed requesting the Leg. Audit Committee direct LAB to do an audit of emergency response appropriations (Level A, Level B, and emergency response supplemental).

Tuition Grant - Motion 219 passed requiring session law language to require DMA to submit a 13.10 request for additional tuition grants if they estimate the funding provided is insufficient.

DEM Reporting Requirements - Motion 311. Require DEM to adopt EPA revised reporting requirements for retail gasoline facilities. This one popped up at the last minute and apparently DEM submitted an emergency rule to the Legislature (clearinghouse 99-017) which this would alter. I will fax you the talking points put out by the Petroleum Marketers Association that were promoting this change. The person who knows a fair amount about this in DEM is Chris Bacon 242-3206.

If you have any questions, please let me know. I will fax the motions to you this morning. Thanks for your help. DW

Audit of Emergency Response Grant Programs

Motion:

Move to include a nonstatutory provision requesting the Joint Legislative Audit Committee to direct the Legislative Audit Bureau to perform a financial and performance evaluation audit of the programs funded from the regional emergency response teams (Level A teams), emergency response equipment (Level B teams) and emergency response supplement appropriations.

Note:

This motion would request that the Joint Committee on Audit direct the LAB to perform an audit of the emergency response grant programs under the Division of Emergency Management including grants for Level A and Level B teams.
