TRIBAL GAMING REVENUE ALLOCATIONS

Motion:

Move to approve the Governor's recommendations contained in Fiscal Bureau Papers # 157 through #175, with the following modifications:

a. LFB Paper #158, Alt. 2H. Delete \$10,000 PR annually from tribal gaming revenue allocations for spearfishing enforcement aids. Also, maintain the current GPR appropriation for the aids, with no funding appropriated in the 1999-01 biennium and lapse any balance to the general fund (estimated at \$37,000).

b. LFB Paper #159, Alt. C2. Delete \$81,100 PR in 1999-00 and \$93,700 PR in 2000-01 and 2.0 PR positions annually and associated appropriation language relating to an Indian law unit in the Department of Justice.

c. LFB Paper #159, Alt. D2. Delete \$1,000,000 PR annually for nonpoint cost-share grants to landowners.

d. LFB Paper #160. In addition to Alt. 1, provide \$175,000 PR annually to the Stockbridge-Munsee tribe for a public safety initiative, and \$150,000 PR annually to the St. Croix Chippewa tribe to develop law enforcement capacity on reservation lands to be administered by the Office of Justice Assistance under the newly-created tribal law enforcement assistance grant program. In addition, modify the Governor's recommendation by also exempting the procedures for administering the tribal law enforcement program from the administrative rule process (Alt. B2).

e. LFB Paper #161. Make the following modifications to the gaming economic development and diversification grant and loan programs:

1. Provide an additional \$2,000,000 PR in 1999-00 for economic development grants and loans.

2. Require Commerce to make annual grants of \$1 million to the City of Milwaukee for a matching grant program administered by the Milwaukee Economic Development Corporation for remediation and economic redevelopment activities in the Menomonee Valley.

3. Require Commerce to make annual grants of \$150,000 to the Northwest Regional Planning Commission to match federal or private funds to establish a community-based venture fund. Require Commerce to release \$1 of state funding for each \$2 of federal or private matching funds.

4. Require that businesses in all counties be eligible for gaining economic development and diversification grants and loans.

5. Create program revenue repayments appropriations as annual.

6. Specify that Native American businesses are eligible for grants and loans.

f. LFB Paper #163. Modify the Governor's recommendations relating to Indian health program funding as follows: (a) provide \$183,700 PR in 1999-00 and \$245,000 PR in 2000-01 to be used as the state match to support MA-funded tribal outreach activities; (b) provide \$300,000 PR in 1999-00 and \$400,000 PR in 2000-01 in the Committee's supplemental appropriation as a contingency fund for BadgerCare premiums and require DHFS to submit a request for the release of these funds, under a 14-day passive review process once DHFS receives a written decision from HCFA on whether Native Americans would be required to pay premiums under the BadgerCare program; and (c) provide \$825,000 PR annually as the state match for MA services provided by tribal federally qualified health centers (FQHCs) and delete a corresponding amount from the GPR MA benefits appropriation.

In addition, provide \$450,000 PR annually in the Committee's supplemental appropriation to support a new tribal FQHC grant program. Direct DHFS to establish criteria for distributing grants to tribal FQHCs and to take into account each tribe's financial need, available resources and other demographic health status indicators in developing a distribution formula. Specify that these grants would support health care services of tribal members that are purchased or provided by tribal FQHCs. Require DHFS to submit a request for the release of this funding that specifies the distribution formula that would be used for awarding these grants, under 14-day passive review, by September 1, 1999.

g. LFB Paper #165, Alt. 2. Transfer 100% of the unencumbered balance of the county-tribal programs -- surcharge receipts appropriation to a newly-created penalty assessment appropriation under OJA.

h. LFB Paper #166, Alt. 4. Delete the increases in hunting and fishing licenses recommended by the Governor. Transfer an additional \$500,000 PR annually (\$2.5 million total) to the fish and wildlife account of the conservation fund.

i. Provide \$50,000 SEG annually from the fish and wildlife account for walleye surveys in the ceded territories.

j. LFB Paper #167. Modify the Governor's recommendation by providing \$50,000 PR in 1999-00 and \$200,000 PR in 2000-01 and 1.0 PR wildlife biologist position annually from tribal

gaming revenue allocations for the management of the elk reintroduction program by DNR.

k. Provide \$55,000 PR in 1999-00 and \$60,000 PR in 2000-01 from tribal gaming revenue allocations to DNR as one-time funding for a study of crop damage caused by cranes to be done by the University of Wisconsin and the International Crane Foundation. Also, provide \$75,300 PR in 1999-00 and \$87,000 PR in 2000-01 and 1.0 PR wildlife biologist position from tribal gaming revenue allocations related to the reintroduction of whooping cranes in Wisconsin.

L. LFB Paper #169, Alt. 2. Provide \$100,000 PR in 1999-00 in addition to the \$300,000 PR in 2000-01. Further, require the Town of Swiss and the St. Croix Band to submit a report of the findings of the drinking water and water quality study to DNR and DOA no later than January 1, 2001, instead of January 1, 2003.

m. LFB Paper #171. Require that at least \$900,000 annually be spent for Joint Effort Marketing (JEM) grants and specify that any tribal government or not-for-profit tribal entity is eligible to receive JEM grants. Further, delete \$750,000 GPR each year from Tourism's marketing appropriation. Allocate \$200,000 annually from the tribal gaming tourism marketing appropriation for grants to the Milwaukee Public Museum for Native American exhibits and activities.

Further, provide 1.0 PR position and transfer \$23,500 in 1999-2000 and \$30,500 in 2000-01 from the tribal gaming tourism marketing appropriation to a new, annual appropriation funded by tribal gaming revenue for a tourist information assistant. Require that program revenue from the tribal gaming tourism marketing appropriation annually be transferred to match the amount in the schedule for the tourist information assistant position. Delete \$35,700 PR annually and 1.0 vacant tourism special assistant position in the surplus property appropriation for tourism promotion.

Specify that Tourism maintain proportionate balances in each marketing appropriation. Maintain the GPR tourism marketing appropriation as an annual appropriation (Alternatives B2 and B3).

n. LFB Paper #172, Alt. 2. Modify the Governor's recommendation by requiring the Board of Regents to submit to the Joint Committee on Finance for its approval under s. 13.10 of the statutes, a plan for the construction and operation of the proposed aquaculture facility including: (a) a description of the physical characteristics of the facility; (b) the functions to be performed by the center; (c) how, and by whom, those functions would be carried out; (d) staffing levels; and (e) estimated operational costs. Specify that the program revenue bonding for construction of the facility could not be issued until the Committee has approved the University's plan.

o. LFB Paper #173, Alts. 2A(2) and 2B(2). Modify the Governor's recommendation as follows: (a) provide the additional American Indian veterans services coordinator position (funded from the tribal gaming revenues) as a permanent position rather than a four-year project position; and (b) provide additional funding of \$12,500 PR in 1999-00 and \$17,500 PR in 2000-01 (from tribal gaming revenues) to establish a \$2,500 per tribe grant program for those Wisconsin Indian tribes which designate a tribal veterans service officer and which have had a tribal veterans services officer plan approved by DVA.

p. LFB Paper #174. Delete the Governor's recommendation regarding: (a) provide a one-time transfer of \$2,500,000 from tribal gaming revenues to the WDRF specifically for a loan guarantee program to provide up to \$200,000 or 100% guarantee of loans for small businesses located in a county or adjacent to a Wisconsin county with a casino; and (b) allow WHEDA to provide interest subsidies by paying the lender an annual amount of up to 3.5% of the outstanding loan balance.

q. Move to create a management assistance grant program, administered by DOA, to provide financial assistance to counties to fund public safety, public health, public infrastructure, public employee training and economic development expenditures. Provide that grants be provided, subject to the availability of funds, to counties that meet the following criteria: (1) the county does not contain any incorporated municipalities; (2) the county has a geographic area of less than 400 square miles; (3) the county submits a detailed expenditure plan that identifies how the funds are proposed to be expended and how those expenditures meet the program's goals; and (4) the county maintains its financial records in accordance with accounting procedures established by DOR. Establish the grant amount for each eligible county at \$500,000, annually. Create an appropriation to make grants under the program. Place \$1,000,000 in tribal gaming revenues in the PR appropriation of the Joint Committee on Finance to be transferred under s. 13.10 to the management assistance grant program appropriation upon request by DOA and a finding that a county has met the eligibility criteria of the grant program.

r. Provide \$250,000 PR annually and create a county law enforcement grant program, to be administered by the Office of Justice Assistance (OJA) under which counties may receive no more than \$50,000 annually. Provide that counties that fulfill all of the following requirements would be eligible to receive funds: (a) the county borders a federally-recognized Indian reservation in Wisconsin; (b) the county does not receive a grant from the Department of Justice's cooperative county-tribal law enforcement program for each of the tribes that border the county; (c) the county demonstrates a need for law enforcement services; and (d) the county submits a plan to OJA that shows how the county would use the grant monies for law enforcement services.

Note:

[Change to Bill: -\$3,150,000 GPR, \$37,000 GPR-Lapse, \$100,000 SEG, \$1,000,000 SEG-REV and \$4,468,000 PR and -0.5 PR positions]
