NATURAL RESOURCES - FISH AND WILDLIFE

Continued Eligibility for Gray Wolf Damage

Motion:

Move to specify that damage caused by gray wolves is eligible for payment under the endangered resources damage program.

Note:

Under current law, 3% of the amount generated by the endangered resources tax check-off, not to exceed \$100,000, is allocated for wildlife damage control and payments of claims for damage associated with endangered or threatened species. In 1997-98, the 3% allotment was \$16,100 with \$16,800 being paid in damage claims, 96% of which was related to damage caused by wolves. Under this motion, damage from gray wolves would continue to be eligible for these payments regardless of the animal's status on the endangered or threatened species list.
