*Tribal Gaming Revenue Allocations*

## COMMERCE

## Grants for Public Facilities Improvements in Richland Center

## Motion:

Move to require the Department of Commerce to make a grant of \$299,800 PR in 1999:00 from the gaming economic developing grants and loans appropriation to a city that was required to replace its city well because of federal highway construction.

---

Note:

The Department of Commerce is the state's designated recipient of federal funding for the small cities community development block grant (CDBG) program. Commerce administers the economic development, public facilities, public facilities for economic development, blight elimination and brownfield redevelopment and emergency grant subprograms, and contracts with the Division of Housing in the Department of Administration (DOA) to provide the CDBG housing subprogram.

The CDBG public facilities program provides financial assistance to local governments to fund projects that correct deficiencies in public facilities that affect public health, safety or another essential need. Local governments submit applications for grants to Commerce. Applications are scored using a point system that considers distress indicators, need for project, local government's ability-to-pay and ability to leverage CDBG funds with other funds. Commerce awards grants to individual municipalities based on its evaluation of the comparative scores of all applications received from eligible local governments during an annual competition. Awards can be used to fund local infrastructure repairs and replacements and emergency services. A total of \$14.6 million was awarded to 38 communities in federal fiscal year 1999.

This motion would create a separate program revenue appropriation for Indian gaming monies and require Commerce to make a grant to the City of Richland Center.

Ron:

This is the amendment for the grant to Richland Center. I decided not to triple draft s. 20.143 (1) (kj) (to amend it after fiscal year 1999-2000 in addition to after fiscal year 2000-01). The nonstatutory text provides that this grant is to be provided in fiscal year 1999-2000. Besides, I'm sure there are ~~lots~~ <sup>a lot</sup> of appropriations out there that *still* make reference to some grant or loan that hasn't been payable for years.

Could the language for this grant apply to more than one city? Should the language be a little more specific, such as include when the well had to be replaced or on what highway the construction occurred?

As I am sure you are aware, but which I should mention anyway, this provision could be found by a court to be a private or local law, which under article IV, section 18, of the Wisconsin Constitution must be enacted as single-subject legislation and not as part of the budget bill.

no GI (in case you noticed that the stricken "(4)" on page 380, line 10, should be a stricken "(1)", I have included the change in our technical amendment.)
