[LFB Paper #711]**

Motion:

Require that any information DNR posts on its Internet site about the air emissions that a facility reports to DNR is certified by DNR as accurate as of the date the information is posted on the site. If DNR cannot certify the information as accurate, limit data that may be included on the Internet to the name and address of the reporting facility.

* This amendment does not specify a procedure for DNR to follow when certifying that the information it posts on its internet site is accurate. Motion #952 is unclear as to what the certification procedure should include. Please let me know if there is a specific procedure for certification that you ^{would like} would like included in this amendment.

* ~~Also, this amendment does not impose a penalty on DNR if DNR fails to certify that the information is accurate or if the certification is incorrect. Is this your intent?~~

Please review this amendment carefully to make sure that it reflects your intent. If you have any questions or comments, please do not hesitate to contact me.
