NATURAL RESOURCES -- AIR, WASTE AND CONTAMINATED LAND

Air Management Staff and Fees
[LFB Paper #711]

Motion:

Move to adopt Alternatives B1 (Governor) and C2 (maintain current law). Further, direct DNR to submit a request under s. 16.505/515, after administrative rules are promulgated, to fund asbestos abatement and construction permit activities from available revenues.

Motion #947

4. Maintain the current emission tonnage fees. Approve the Governor's recommendation to delete \$600,000 FED annually with 8.0 FED positions. In addition, delete \$1,351,900 PR in 1999-00 and \$1,320,000 PR in 2000-01 with 17.5 PR positions in the Air Management Bureau to balance expenditures with available revenues. This alternative would result in a reduction of 20.5 Air Management Bureau positions instead of 3.0 under the bill. No funding would be provided for permit processing software upgrades.

Alternative A4	PR
1999-01 REVENUE (Change to Bill)	- \$3,187,300
1999-01 FUNDING (Change to Bill)	- \$2,671,900
2000-01 POSITIONS (Change to Bill)	- 17.50

B. Asbestos Abatement

1. Approve the Governor's recommendation to: (a) increase the statutory limit of \$200 per project to \$210 for the inspection of nonresidential asbestos demolition and renovation projects; (b) authorize DNR to issue citations for violations of asbestos abatement requirements; and (c) require DNR to promulgate rules, that must be approved by the Department of Justice, which specify the violations for which citations may be issued.

2. Approve the Governor's recommendation except remove the statutory limit of the fee per project. Estimated fee increases would be expected to generate at least \$47,000 PR annually beginning in 2000-01.

Alternative B2	PR
1999-01 REVENUE (Change to Bill)	\$47,000

3. Approve Alternative B2. In addition, provide \$52,700 PR with 1.0 PR position in 2000-01 (DNR could seek additional staff under s. 16.505/515 if revenues are sufficient).

Alternative B3	PR
1999-01 FUNDING (Change to Bill)	\$52,700
2000-01 POSITIONS (Change to Bill)	1.00

4. In addition to, or in lieu of, any of the above, convert 1.0 PR asbestos abatement project position (that expires in April, 2000) to permanent and provide \$10,000 PR in 1999-00 and \$48,000 PR in 2000-01 to fund the position.

Alternative B4	PR
1999-01 FUNDING (Change to Bill)	\$58,000
2000-01 POSITIONS (Change to Bill)	1.00

5. Maintain current law.

Alternative B5	PR
1999-01 REVENUE (Change to Bill)	- \$4,300

C. Construction Permit Staff

1. Provide \$47,800 PR with 1.0 PR position annually from air management construction permit fees (this position could be funded in 1999-01 with existing fees).

Alternative C1	PR
1999-01 FUNDING (Change to Bill)	\$95,600
2000-01 POSITIONS (Change to Bill)	1.00

2. Maintain current law. (DNR could seek additional staff under s. 16.505/515 after fee modification rules have been promulgated.)
