[Paper #985]**

**Motion:**

Move to modify the Governor's recommendation regarding funding provided to the UW System for the Madison initiative by specifying that any portion of these funds used for compensation increases for UW-Madison faculty and academic staff could be used for recruitment and retention purposes and could not be used for solely merit-based increases unless those increases are related to recruitment and retention.

That looks fine to me.

Dave suggested the following type of language for the Madison compensation issue:  
"The funding provided in 1999-01 relating to the UW-Madison initiative, \$5.5 million in 1999-00 and \$9.5 million in 2000-01 in the s. 20.285(1)(a) appropriation and \$2,961,500 in 1999-00 and \$5,115,400 in 2000-01 in the s. 20.285 (1)(im) appropriation, cannot be used for solely merit-based compensation increases unless those increases are related to retention." He's not too comfortable with having either DOA or the Board be involved. What do you think?

Merry-

Peter suggested simply requiring UW-M to undertake the study in the 2000-01 fiscal year and then to require UW-M, upon completion of the study, to submit its report to the governor and the legislature. (He thinks this is OK in a nonstat.) Would this be acceptable?
