GPR funding.

4. LFB Paper #1082. Alternative 3. Provide \$58,000,000 in 1998-99 in a newly created annual PR-S appropriation consisting of TANF revenues transferred from DWD to fund the share of the EITC permitted under federal law. Decrease GPR funding for the EITC by the same amount and specify that the GPR appropriation would be used to cover the cost of the credit that is not paid from the TANF appropriation. Increase DWD's appropriation for public assistance benefits and administration by \$24,300,000 GPR in 1998-99 to provide adequate funds to cover the TANF MOE requirement. Federal TANF funds currently allocated to W-2 would be reduced by \$24,300,000 to account for DWD's increased GPR funding. This option, which is similar to AB 243, would increase the 1999-00 opening balance in the general fund by \$33,700,000 and decrease the opening TANF balance by the same amount.

5. LFB Paper #1083. Alternative 2. Modify the statutory allocations for the W-2 program by reducing the amount identified for subsidized employment benefits by \$7,661,800 in 1999-00 FED and \$15,313,400 FED in 2000-01. In addition, reduce the amounts for performance bonuses by \$536,300 FED in 1999-00 and \$1,071,900 FED in 2000-01. This adjustment would make the benefit allocations in the bill consistent with the RFP, but would not transfer the savings to the allocation for administration.

6. LFB Paper #1083. Alternative 9. Modify the benefit allocations related to funding for the next W-2 agency contracts to reflect both a minimum allocation for each agency of five cases per month, and to reflect a 1.0% monthly decrease in the statewide caseload. Decrease funding by: (a) \$6,688,900 FED in 1999-00 and \$13,378,000 FED in 2000-01 for subsidized employment benefits; and (b) \$468,300 FED in 1999-00 and \$936,500 FED in 2000-01 for performance bonuses.

7. LFB Paper #1083. Alternative 10. Reduce funding for W-2 contracts by \$3,792,000 FED in 1999-00 and \$7,583,900 FED in 2000-01 to account for sanctions imposed on W-2 recipients. Specify that sanctions would be recovered from the W-2 agency as they are imposed by the agency on participants.

allocation

8. LFB Paper #1083. Alternative 14. Modify the Governor's proposal to specify that any dollars withheld, reduced or recovered from a W-2 agency because the agency has failed to satisfactorily perform its responsibilities under the contract would be added to the unallocated balance of unexpended TANF revenues that would be carried forward to the next fiscal year.

9.5 Modify the W-2 nonentitlement provision by requiring that a W-2 agency place a person who meets the eligibility requirements into a subsidized employment position under the W-2 program within 30 days of application if the person has made a reasonable search for employment
