Subject:

Rachel asked that I forward this motion to you.

HEALTH AND FAMILY SERVICES

Respite Care

Motion:

Move to provide \$50,000 GPR in 1999-00 and \$225,000 GPR in 2000-01 for a life-span respite care project. Require DHFS to contract for the administration of the project with a private nonprofit organization: (a) that is capable of operating on a statewide basis and has expertise in respite care issues; (b) with at least 51% of its board comprised of consumers of respite care or caregivers; (c) with board members that are providers and elected officials and represent diverse geographical areas and cultural groups in the state.

Require the administering organization to do the following:

- After consulting with DHFS, counties, tribes and bands, providers and caregivers, prescribe criteria for the distribution of grants to conduct life-span respite care projects that include the requirement that grant funds be equally distributed among four administrative regions of the state plus one grant in any area of the state;
- Solicit applications to award grants for a life-span respite care project to a county, a tribe or band, a community-based private nonprofit or profit entity;
- Require that the grantee contribute matching funds equal to 25% of the grant, including at least 10% for direct services and at least 15% for in-kind services and require that these matching funds be used by the grantee to fund payments from caregivers to providers;
- Oversee life-span respite care grants, and monitor, provide technical assistance to and evaluate the projects;
- Develop best practice guidelines and a training curriculum that may be used by the project and any other respite care provider in the state;
- Promote the exchange of information and coordination among the state, local governments, the projects, entities serving persons with special needs, families of persons with special needs and person in favor of the promotion of respite care services, to encourage the efficient provision of respite care services;

- Act as a statewide clearinghouse of information about respite care and existing respite care programs and resources and operate a library of materials that may be lent to persons or organizations upon request; and
- Conduct analyses of respite care policies and proposals and identify and promote resolution of respite policy concerns at legislative, state and local levels.

Specify that funds awarded under this provision may not be used to supplant funds otherwise available and, prior to receipt of the grant, dedicated by the grantee to respite care.

Require projects funded under this provision to do all of the following:

- Operate in a culturally competent manner and be sensitive to the unique needs and strengths of a person with special needs and his or her family or caregiver;
- Identify, coordinate and develop resources for respite care that are built, to the extent possible, on existing community support services;
 - Recruit and screen providers;
- Identify training resources and organize training programs for providers that address different populations in need of respite care;
- Facilitate access by caregivers and families of persons with special needs to an array of respite care service options for which the person with special needs is eligible, that are responsive to caregiver and family needs and that are available before families and primary caregivers reach a crisis situation;
- Assist caregivers and families of persons with special needs to identify and coordinate funds and resources available for respite care for which the person with special needs is eligible and authorize and provide for a variety of funds and resources to make available additional respite care services for persons with special needs.

Require each project to create an advisory committee to advise the project on how the project may best serve persons with special needs and their caregivers. Consumers of respite care services and caregivers must comprise at least 51% of the advisory committee membership and must be representative of the diversity of persons who receive services under the project. Other members shall include providers, representative of local service agencies and members of the community.

Require DHFS and the organization that would administer the life-span respite care project under this provision to, by June 1, 2004, evaluate the projects. If, following the evaluation, DHFS and the organization determine that it is feasible to integrate the projects with any integrated, organized system of long-term care services operated by DHFS, require DHFS to submit statutory language to the Department of Administration that would be proposed for inclusion in the 2005-07

biennial budget to effect the integration.

Create an annual GPR appropriation for the life-span respite care project and definitions for "abuse," "caregiver," "county department," "neglect," "provider," "respite care," "special need," and "tribe or band."

Note:

This motion would incorporate most of the provisions of LRB 1300/3 into the bill with the following modifications. First, the motion would provide \$50,000 GPR in 1999-00 and \$225,000 in 2000-01, rather than \$75,000 GPR in 1999-00 and \$450,000 GPR in 2000-01. Second, the motion would direct DHFS to distribute up to five (rather than six) grants in the 1999-01 biennium and would not incorporate provisions in LFB 1300/3 that would increase the number of grants DHFS would distribute in the 2001-03 and 2003-05 biennia.

1999 BILL

AN ACT to create 20.435 (7) (br) and 46.986 of the statutes; relating to: creating

a respite care program and making an appropriation.

2

Analysis by the Legislative Reference Bureau

This bill creates a respite care program in the department of health and family services (DHFS), under which DHFS must contract using general purpose revenues, as appropriated in the bill, with a private, nonprofit organization that meets certain requirements, including the capability of operating on a statewide basis. The organization must, in turn, prescribe criteria for, award and oversee grants to conduct life-span respite care projects. ("Respite care" is defined in the bill to mean care that is provided to a person with special needs, or a person at risk of abuse or neglect, in order to provide temporary relief to the caregiver of that person or when the caregiver is unable to provide care.) The organization also must develop best practice guidelines and a training curriculum for use by the respite care projects and other respite care providers; promote the exchange of information among various entities to encourage the efficient provision of respite care services; act as a statewide clearinghouse of information about respite care and existing programs and resources; and conduct analyses of respite care policies and proposals and identify and promote resolution of respite care policy concerns at legislative, state and local levels.

Under the bill, the life-span respite care project grants may be awarded by the organization to county departments of social services, human services, community programs or developmental disabilities services; governing bodies of federally recognized American Indian tribes or bands; or community-based private entities

BILL

that are nonprofit or are operated for profit. Each grantee must contribute matching funds in the amount of 10% of the amount of the grant awarded and must create an advisory committee to advise the project on how best to serve persons with special needs and their caregivers. The bill specifies a schedule for the award of the grants during the 1999–2001, 2001–03 and 2003–05 state biennia. Each life—span respite care project for which a grant is awarded must fulfill specified requirements, including, upon receipt of a referral, assisting caregivers and families of persons with special needs in identifying and coordinating available funds and resources and authorizing and providing a variety of funds and resources to make available additional respite care services.

Lastly, under the bill, DHFS and the organization must together evaluate the life-span respite care projects by June 1, 2004. If DHFS and the organization together determine that it is feasible to integrate the projects with any integrated, organized system of long-term care services that DHFS operates, DHFS must, by July 1, 2004, provide to the department of administration statutory language proposed for inclusion in the 2005-07 biennial budget bill to effect the integration.

For further information see the **state** and **local** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

(Section \$\) 46.986 of the statutes is created to read:

46.986 Respite care program. (1) DEFINITIONS. In this section:

\mathbf{BILL}

(a) "Abuse" means the wilful infliction on a person of physical pain or injury or
unreasonable confinement.
(b) "Caregiver" means an individual who lives in the home of a person with
special needs and provides care or supervision for that person.
(c) "County department" means a county department under s. 46.215, 46.22, 46.23, 51.42 or 51.437.
(d) "Neglect" means an act, omission or course of conduct that, because of the
failure to provide adequate food, shelter, clothing, medical care or dental care
creates a significant danger to the physical and mental health of a person.
(e) "Provider" means an individual or agency that a caregiver selects, with
input to the selection by the person with special needs, if competent, to provide
respite care to the person with special needs.
(f) "Respite care" means care that is provided to a person with special needs
or a person at risk of abuse or neglect, in order to provide temporary relief to the
carcgiver of that person or when the caregiver is unable to provide care.
(g) "Special need" means a person's need resulting from an emotional
behavioral, cognitive, physical or personal condition that necessitates receipt of care
or supervision in order to meet the person's basic needs or to prevent harm from
occurring to him or her.
(h) "Tribe or band" means the governing body of a federally recognized
American Indian tribe or band in this state.
(2) PROGRAM. (a) From the appropriation account under s. 20.435 (7) (br), the
department shall contract for the administration of life-span respite care projects
with an organization to which all of the following apply:

the department

13	existing respite care programs and resources and operate a library of materials that
14	may be lent to persons or organizations upon request.
15	8. Conduct analyses of respite care policies and proposals, and identify and
16	promote resolution of respite care policy concerns at legislative, state and local levels.
17	(3) Grants not to supplant other moneys. Moneys awarded as grants under
18	sub. (2) (b) may not be used to supplant moneys otherwise available and, prior to
19	receipt of the grant, dedicated by the grantee to respite care.
20	(4) LIFE-SPAN RESPITE CARE PROJECT REQUIREMENTS. Life-span respite care
21	projects for which a grant is awarded under sub. (2) (b) 2. shall do all of the following:
22	(a) Operate in a culturally competent manner and be sensitive to the unique
23	needs and strengths of a person with special needs and his or her family or caregiver.
24	(b) Identify, coordinate and develop resources for respite care that are built, to

the extent possible, on existing community support services.

- (c) Recruit and screen providers.
 - (d) Identify training resources and organize training programs for providers that address different populations in need of respite care.
 - (e) Facilitate access by caregivers and families of persons with special needs to an array of respite care service options for which the person with special needs is eligible, that are responsive to caregiver and family needs and that are available before families and primary caregivers reach a crisis situation.
 - (f) Assist caregivers and families of persons with special needs to identify and coordinate funds and resources available for respite care for which the person with special needs is eligible, and authorize and provide a variety of funds and resources to make available additional respite care services for persons with special needs, under eligibility criteria established by the project.
 - (5) ADVISORY COMMITTEES. Each grantee of moneys to conduct a life-span respite care project under sub. (2) shall create an advisory committee that shall advise the project on how the project may best serve persons with special needs and their caregivers. Consumers of respite care services and caregivers shall comprise at least 51% of the advisory committee membership and shall be representative of the diversity of persons who receive services under the project. Other members shall include providers, representatives of local service agencies and members of the community.
 - (6) By June 1, 2004, the department and the organization with which the department contracts under sub. (2) (a) shall together evaluate the life—span respite care projects that are conducted under this section. If, following the evaluation, the department and the organization together determine that it is feasible to integrate the life—span respite care projects with any integrated, organized system of

- long-term care services that is operated by the department, the department shall,
- by July 1, 2004, provide to the department of administration statutory language that
- 3 is proposed for inclusion in the 2005-07 biennial budget bill to effect the

4 integration.".
