Move to modify the bill as follows: (a) specify that after a patient provides all of the information required under current law for a do-not-resuscitate order, the attending physician or the person directed by the attending physician would document in a patient's medical record the medical condition that qualifies the patient for a do-not-resuscitate order, would make the order in writing and would do one of the following, as requested by the patient: (a) affix to the wrist of the patient a do-not-resuscitate bracelet that meets the uniform standard established by DHFS by rule; or (b) provide an order form from a commercial vendor approved by the Department to permit the patient to order a do-not-resuscitate bracelet from the commercial vendor. Specify that DHFS may approve a do-not-resuscitate bracelet developed and distributed by a commercial vendor if the bracelet contains an emblem that displays an internationally recognized medical symbol on the front and the words "Wisconsin Do-Not-Resuscitate-EMS" and the qualified patient's first and last name on the back. Prohibit DHFS from approving a do-not-resuscitate bracelet developed and distributed by a commercial vendor if the vendor does not require a doctor's order for the bracelet prior to distributing it to the patient.

1999 BILL

Budget Amendment

1 ~~AN ACT to renumber and amend 154.19 (2) (b) and 154.27; to amend 154.17~~
 2 ~~(1), 154.29 (1) and 154.29 (2); and to create 154.19 (2) (b) 2. and 154.27 (2) of~~

Analysis by the Legislative Reference Bureau

~~Under current law, a person who is at least 18 years old and who has a terminal or very severe medical condition (qualified patient) may request from a physician a do-not-resuscitate order. If the order is issued, the physician, or someone directed by the physician, affixes on the qualified patient's wrist a do-not-resuscitate bracelet designed by the department of health and family services (DHFS) that alerts medical technicians, first responders and emergency health care facility personnel not to administer cardiopulmonary resuscitation on the patient in the event of cardiac or respiratory failure.~~

~~This bill allows a qualified patient who requests a do-not-resuscitate order to request that the physician, or person directed by the physician, affix a do-not-resuscitate bracelet designed by DHFS to his or her wrist or provide an order form to permit the patient to order a bracelet developed and issued by an approved commercial vendor.~~
