There appears to be some discrepancy between the 17 permanent positions that are needed in January and March, 2000, and the appropriation of the amount requested to pay for those positions, \$999,600, that does not begin until July 1, 2000. I think some funding is needed for the new positions in fiscal year 2000, not just fiscal year 2001. However, the draft follows the request, and only provides money for the positions beginning on July 1, 2000. OK?
