Tax Cut

## Summary

Agriculture Package ( See Attached)

## Fiscal Impact

## Statement of Intent

Agriculture Package

Request#

Tuesday, June 22, 1999

**Motion:**

This motion would maintain JCF funding, but return local assistance grants to County Drainage Boards to 60 percent, and extend the established sunset for this program from 2004 to 2006.

**Fiscal Effect:**

There is no fiscal effect associated with this provision. Maintains \$500,000 GPR FY 00-01 appropriated by JFC.

**Provision #4**

**Agency:**

Agriculture, Trade & Consumer Protection

**JFC Action:**

The Joint Finance Committee required DATCP to seek at least a \$130,000 increase in federal funds annually for agriculture export marketing promotion. The committee created a GPR sum-sufficient appropriation to equal the difference between \$300,000 and the amount by which federal monies exceed federal monies received in 1998-99 for export promotion.

**Motion:**

This motion would remove the provision implemented by JFC to require DATCP to reimburse the general fund dollar for dollar for every federal dollar it receives.

**Fiscal Effect:**

According to the LFB, this motion would technically have no fiscal effect this biennium. However, in practical terms, this may increase costs to the state anywhere between \$0-\$130 GPR over the biennium if federal dollars come into the state (which is not expected to occur until next biennium).

**Provision #5**

**Agency:**

Agriculture, Trade & Consumer Protection

**JFC Action:**

The Joint Finance Committee modified fees for nursery growers and replaced \$32,500 GPR in 1999-2000 and \$43,300 GPR in 2000-01 for 1.0 nursery inspector with PR. Modified nursery grower fees would be expected to generate an additional \$45,400 annually. The committee specified that employees of nursery dealers are exempt from nursery dealer license and fee requirements.

The committee also removed all permitting and fee requirements for nonprofit organizations that sell nursery stock for a period of not more than seven consecutive days. The committee excluded Christmas trees from the definition of nursery stock, eliminating the surcharge for Christmas tree growers operating without a license, allowing DATCP to inspect Christmas tree growers and dealers. The committee classified persons growing both Christmas trees and nursery stock as either Christmas tree growers or nursery growers and excluded Christmas tree growers from the labeling, reporting and other regulatory requirements of nursery growers. Growers receiving over 50% of their nursery and Christmas tree stock are excluded from nursery stock requirements to
