ENVIRONMENTAL PACKAGE

(Rep. DuWayne Johnsrud, Rep. Mike Powers, Rep. Marc Duff, Rep. Neal Kedzie)

I. PECFA (Petroleum Environmental Cleanup Fund Award) Program

JFC Action:

JFC authorized \$270 million in bonding for PECFA claims payments, directing that no more than \$170 million in bonding authority be released upon enactment of the bill. Before the Building Commission issues the remaining \$100 million, DOA, Commerce and the DNR would be required to submit a report to the JFC for approval under s. 13.10.

Motion:

The motion would require \$270 million in bonding for the PECFA program to be released upon enactment of the biennial budget bill.

Fiscal impact

Releasing all bonding authority (the total amount is already in the budget) immediately reduces the amount of interest that will accrue.

Motion:

The motion exempts home heating oil tanks with less than 1,100 tank capacity from the tank tightness test and upgrading requirements, as of the effective date of this bill.

Fiscal impact

None.

Please review the attached draft to ensure that it is consistent with your intent. It removes the requirement that JFC would need to approve a report before \$100 million of the \$270 million in bonding can be used for PECFA. Please note that it simply removes the prior approval requirement for the issuance of the \$100 million, it does not mandate that the borrowing be done immediately upon enactment of the budget bill.

June 25, 1999

At your request, I modified the amendment to require the building commission to issue revenue obligations as soon as possible after the budget is enacted and to the maximum amount (up to the \$270,000,000 limit) that the building commission believes can be repaid from the revenue in the special fund. Please review this draft carefully and let me know if it is in any way inconsistent with your intent.
