SPENDING REDUCTIONS

Commerce, Justice, MWBAC, Natural Resources, Tourism and Taxes

1. *DNR--Nonpoint Source Program.* Delete \$500,000 GPR annually in DNR nonpoint funding. Overall funding for the combined DNR and DATCP programs would increase from \$47.1 million in 1997-99 to \$71 million in the 1999-01 biennium (a 51% increase).

2. *DNR--Clean Sweep Grants (Menard, Inc.) Trust Fund.* Prohibit DNR from making any further expenditures from the \$500,000 received in a court-ordered agreement with Menard, Inc. for the purposes of household hazardous waste (clean sweep) grants to local governments. Require that the remaining trust fund balance be lapsed to the Common School Fund as of December, 2002, as specified in the court-ordered agreement. Modify Chapter 20.907 of the Statutes to require that all state agencies receive approval from the Joint Committee on Finance for receipt of all funds from court-ordered agreements (in addition to gifts, grants, bequests and devises currently) and to report by December 1 annually, to the Committee and the Department of Administration on expenditures made by the agency during the preceding year from such funds.

3. *DNR--TMDL Staffing.* Delete 1.5 regional water resource management positions and \$111,700 GPR in 1999-2000 and \$119,800 GPR in 2000-01 from DNR for developing total maximum daily load (TMDL) standards for 550 waterbodies that DNR designated as impaired in 1998.

4. *DNR--Parks account Lapse.* Lapse an additional \$1.0 million each year of the 1999-01 biennium from the parks account to the general fund. Also delete the Joint Finance Committee provision allowing DNR to seek up to \$1.4 million in additional expenditure authority under s. 13.10 without the finding of an emergency. The June 30, 2001, parks account balance would be estimated at \$1.2 million.

5. *DNR--Forestry Account for Stewardship Debt.* Shift an additional \$1.0 million annually in stewardship debt service related to the purchase and development of state forest lands from GPR to SEG from the forestry account of the conservation fund. The forestry account would be expected to have a June 30, 2001, balance of \$0.9 million.

6. *DNR--All-Terrain Vehicle Account Lapse.* Lapse \$500,000 from the ATV account to the general fund in 1999-00. The June 30, 2001, balance of the ATV account would be \$0.4 million.

Subject: TMDL appropriation

The TMDL GPR reduction and positions should come from 20.370(4)(ma), watershed management, reducing funding in the first year from \$9,109,300 to \$8,997,600 and in the second year from \$9,130,400 to \$9,010,600. This change will also reduce the net appropriation amount by \$111,700 in the first year and \$119,800 in the second year.
