

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRBb1555/1dn
RJM:cmh:jf

June 30, 1999

1. The attached draft creates a dairy farm wiring professional training and certification program in the department of commerce. The draft also appropriates \$100,000 of GPR annually to fund the program.

2. Currently, under s. 196.857, stats., the public service commission is required to administer a stray voltage program. As part of that program, the commission is required to conduct classroom and on-farm stray voltage training sessions for public utilities, cooperatives, electricians or other interested parties. See s. 196.857 (1g) (c), stats. This existing program may already satisfy your intent.
