Revised.

(27) (CS-No 3) (A) STUDY OF INTERCHANGE ON I-39 AT KOWALSKI ROAD IN MARATHON COUNTY.

The department of transportation shall require DOT to seek a waiver from federal regulations on the placement of interchanges on interstate highways if the placement of an interchange at the intersection of I-39 and Kowalski Road in the Town of Kronenwetter in Marathon County would violate those regulations. Require DOT to design an interchange for that location if the federal government issues a waiver for the placement of this interchange or if it is determined that a waiver is not needed. Specify that upon completion of the design for this interchange, DOT must allocate funds for future construction of the interchange.
