8 amount by subtracting the total obligated amount from \$1,000,000. The department  
9 shall then adjust the available bonding authority for the subprogram for land  
10 acquisition by increasing the available bonding authority in an amount equal to the  
11 unobligated amount.

12           (c) The department may not obligate moneys for the subprogram for bluff  
13 protection after June 30, 2004.

14           (4m) BARABOO HILLS. (a) *Definitions.* In this subsection:

15           1. “Assigned amount” means the sum of the amounts made available for  
16 expenditure under par. (g) and the amounts set aside by the department under par.

17 (h) 1.

18           2. “Federal nontransportation moneys” means moneys received from the  
19 federal government that are not deposited in the transportation fund and that are  
20 not credited to the appropriations under ss. 20.115 (2) (m) and 20.445 (1) (ox).

21           3. “Local governmental unit” means a city, village, town, county, lake sanitary  
22 district, as defined in s. 30.50 (4q), or a public inland lake protection and  
23 rehabilitation district.

1           (b) *Matching funding.* The department shall provide funding under the  
2 subprogram for the Baraboo Hills to match the value of land acquisitions that are  
3 certified as qualifying matching land acquisitions under par. (e).

4           (c) *Overall requirements.* 1. The department may obligate not more than  
5 \$5,000,000 under the subprogram for the Baraboo Hills.

6           2. The amount of moneys, other than federal moneys, that may be used by local  
7 governmental units or nonprofit conservation organizations to make land  
8 acquisitions that are certified as qualifying matching land acquisitions under par.  
9 (e) may not exceed \$2,500,000.

10           3. Land that is either certified as a qualifying matching land acquisition under  
11 par. (e) or (h) 2. or acquired with moneys made available for expenditure under par.  
12 (g) or (h) 2. may not be department land or land that is otherwise owned or under the  
13 jurisdiction of the state on the effective date of this subdivision .... [revisor inserts  
14 date].

15           (d) *Matching land acquisitions; requirements.* The department may only  
16 certify as a qualifying matching land acquisition in the Baraboo Hills an acquisition  
17 to which all of the following apply:

18           1. The land is being acquired for conservation purposes.

19           2. The land is being acquired by the federal government, by a local  
20 governmental unit or by a nonprofit conservation organization.

21           3. Any federal moneys being used for the acquisition are federal  
22 nontransportation moneys.

23           (e) *Matching land acquisitions; certification.* The department shall certify  
24 which land acquisitions qualify as matching land acquisitions for the subprogram for

1 the Baraboo Hills and shall determine the values of these matching land acquisitions  
2 as provided in par. (f).

3 (f) *Matching land acquisitions; valuation.* The value of a land acquisition that  
4 is certified as a qualifying matching land acquisition under par. (e), shall be  
5 calculated as follows:

6 1. For land that is acquired by purchase at fair market value, the value shall  
7 equal the sum of the purchase price and the costs incurred by the federal  
8 government, local governmental unit or nonprofit conservation organization in  
9 acquiring the land.

10 2. For land that is acquired by gift or bequest or by purchase at less than fair  
11 market value, the value shall equal the sum of the appraised fair market value of the  
12 land at the time of the acquisition and the costs incurred by the acquiring entity in  
13 acquiring the land. The acquiring entity shall supply the appraisal upon which the  
14 appraised fair market value is based.

15 (g) *Matching land acquisitions; available moneys.* For each land acquisition  
16 that is certified as a qualifying matching land acquisition under par. (e), the  
17 department shall make available for expenditure moneys in an amount that equals  
18 the value of the land acquisition, as calculated under par. (f). This paragraph does  
19 not apply to a land acquisition that is acquired with moneys committed by the federal  
20 government, local governmental unit or nonprofit conservation organization under  
21 par. (h).

22 (h) *Matching land acquisitions; future commitments.* 1. In addition to the  
23 moneys made available for expenditure under par. (g), the department shall set aside  
24 moneys in amounts that equal amounts that the federal government, local  
25 governmental units or nonprofit conservation organizations commit for the

1 acquisition of land in the Baraboo Hills for conservation purposes. Federal moneys  
2 that are committed under this paragraph shall be federal nontransportation  
3 moneys. The department may set aside moneys under this paragraph only for  
4 commitments that are made before January 1, 2006.

5 2. For each land acquisition that is made by using moneys that are committed  
6 by the federal government, a local governmental unit or a nonprofit conservation  
7 organization under this paragraph and that is certified as a qualifying matching  
8 land acquisition under par. (e), the department shall make available for expenditure  
9 moneys in an amount that equals the value of the land acquisition, as calculated  
10 under par. (f), after the acquisition is certified.

11 (i) *Available moneys; uses.* The moneys made available for expenditure under  
12 par. (g) or (h) 2. may be used by the department to acquire land in the Baraboo Hills  
13 for conservation purposes and to award grants to local governmental units and  
14 nonprofit conservation organizations.

15 (j) *Available moneys; grant requirements.* A local governmental unit or  
16 nonprofit conservation organization that receives a grant under par. (i) does not need  
17 to provide any matching funding. Land acquired with moneys from a grant awarded  
18 under par. (i) may not be certified by the department as a qualifying matching land  
19 acquisition under par. (e). Grants awarded under par. (i) shall be used to acquire land  
20 for conservation purposes in the Baraboo Hills.

21 (k) *Unassigned amount.* If the assigned amount for the subprogram for the  
22 Baraboo Hills on January 1, 2006, is less than the available bonding authority, the  
23 department shall calculate the unassigned amount by subtracting the assigned  
24 amount from the available bonding authority. The department shall then adjust the  
25 annual bonding authority for the subprogram for land acquisition by increasing its

1 annual bonding authority by an amount equal to this unassigned amount. The  
2 department shall expend any assigned amount that has not been expended before  
3 January 1, 2006, for acquisitions, by the department, of land for conservation  
4 purposes and for grants that meet the requirements under par. (j).

5 (L) *Highway construction required.* No moneys may be obligated for the  
6 subprogram for the Baraboo Hills before the department of transportation certifies  
7 to the department of natural resources that highway construction that will result in  
8 at least 4 traffic lanes has begun on the portion of USH 12 between the city of  
9 Middleton and the village of Sauk City.”

12 1999-2000, the department, subject to the approval of the governor and the joint  
13 committee on finance under sub. (6), may obligate under the subprogram for land  
14 acquisition any amount not in excess of the total bonding authority for that  
15 subprogram for the acquisition of land.

16 (b) For each land acquisition transaction under this subsection, all of the  
17 following apply:

18 1. The department shall sell a portion of the acquired land.

19 2. All proceeds from the sale of the land, up to the amount obligated under par.

22 Notwithstanding s. 25.29 (1) (a), the proceeds in excess of the amount obligated  
23 under par. (a) shall be deposited in the general fund.

1           3. For bonds that are retired from the proceeds of the sale of the acquired land  
2 within 3 years after the date on which the land was acquired by the department, the  
3 department shall adjust the available bonding authority for the subprogram for land  
4 acquisition by increasing the available bonding authority for the fiscal year in which  
5 the bonds are retired by an amount equal to the total amount of the bonds issued for  
6 the sale that have been retired in that fiscal year.

7           4. For bonds that are not retired from the proceeds of the sale of the acquired  
8 land within 3 years after the date on which the land was acquired by the department,  
9 the department shall adjust the available bonding authority for the subprogram for  
10 land acquisition by decreasing the available bonding authority for the next fiscal  
11 year beginning after the end of that 3-year period by an amount equal to the total  
12 amount of the bonds that have not been retired from such proceeds in that fiscal year  
13 and, if necessary, shall decrease for each subsequent fiscal year the available bonding  
14 authority in an amount equal to that available bonding authority or equal to the  
15 amount still needed to equal the total amount of the bonds that have not been retired  
16 from such proceeds, whichever is less, until the available bonding authority has been  
17 decreased by an amount equal to the total of the bonds that have not been retired.

18           (c) Notwithstanding sub. (2) (a) 1., land acquired under this subsection need  
19 not be for conservation or recreational purposes.

20           (d) The department of administration shall monitor all transactions under this  
21 subsection to ensure compliance with federal law and to ensure that interest on the  
22 bonds is tax-exempt for the holders of the bonds.”

1. Per my discussion with Al Runde on October 1, this draft increases federal funding for the Milwaukee Lakeshore State Park project by \$2,000,000 in addition to the \$2,000,000 proposed by the conferees in order to reflect the \$2,000,000 in federal moneys from the department of transportation that was appropriated under proposed s. 20.395 (2) (ny) in ASA 1 to AB-133. It is our understanding that this funding is a part of the state park development.

2. The grant of \$400,000 to the Milwaukee Art Museum for construction of a breakwater is not reflected in the project schedule under this draft because we understand that this is not a state building project. It is just a waterways or harbor improvement grant and these grants are never included in the project schedule.

14          30, 2004, is less than \$1,000,000, the department shall calculate the unobligated  
15          amount by subtracting the total obligated amount from \$1,000,000. The department  
16          shall then adjust the available bonding authority for the subprogram for land  
17          acquisition by increasing the available bonding authority in an amount equal to the  
18          unobligated amount.

19          (c) The department may not obligate moneys for the subprogram for bluff  
20          protection after June 30, 2004.

21          **(4m) BARABOO HILLS.** (a) *Definitions.* In this subsection:

22          1. “Assigned amount” means the sum of the amounts made available for  
23          expenditure under par. (g) and the amounts set aside by the department under par.

24          (h) 1.

1       2. "Federal nontransportation moneys" means moneys received from the  
2 federal government that are not deposited in the transportation fund and that are  
3 not credited to the appropriations under ss. 20.115 (2) (m) and 20.445 (1) (ox).

4       3. "Local governmental unit" means a city, village, town, county, lake sanitary  
5 district, as defined in s. 30.50 (4q), or a public inland lake protection and  
6 rehabilitation district.

7       (b) *Matching funding.* The department shall provide funding under the  
8 subprogram for the Baraboo Hills to match the value of land acquisitions that are  
9 certified as qualifying matching land acquisitions under par. (e).

10       (c) *Overall requirements.* 1. The department may obligate not more than  
11 \$5,000,000 under the subprogram for the Baraboo Hills.

12       2. The amount of moneys, other than federal moneys, that may be used by local  
13 governmental units or nonprofit conservation organizations to make land  
14 acquisitions that are certified as qualifying matching land acquisitions under par.  
15 (e) may not exceed \$2,500,000.

16       3. Land that is either certified as a qualifying matching land acquisition under  
17 par. (e) or (h) 2. or acquired with moneys made available for expenditure under par.  
18 (g) or (h) 2. may not be department land or land that is otherwise owned or under the  
19 jurisdiction of the state on the effective date of this subdivision .... [revisor inserts  
20 date].

21       (d) *Matching land acquisitions; requirements.* The department may only  
22 certify as a qualifying matching land acquisition in the Baraboo Hills an acquisition  
23 to which all of the following apply:

24       1. The land is being acquired for conservation purposes.

1       2. The land is being acquired by the federal government, by a local  
2 governmental unit or by a nonprofit conservation organization.

3       3. Any federal moneys being used for the acquisition are federal  
4 nontransportation moneys.

5       (e) *Matching land acquisitions; certification.* The department shall certify  
6 which land acquisitions qualify as matching land acquisitions for the subprogram for  
7 the Baraboo Hills and shall determine the values of these matching land acquisitions  
8 as provided in par. (f).

9       (f) *Matching land acquisitions; valuation.* The value of a land acquisition that  
10 is certified as a qualifying matching land acquisition under par. (e), shall be  
11 calculated as follows:

12       1. For land that is acquired by purchase at fair market value, the value shall  
13 equal the sum of the purchase price and the costs incurred by the federal  
14 government, local governmental unit or nonprofit conservation organization in  
15 acquiring the land.

16       2. For land that is acquired by gift or bequest or by purchase at less than fair  
17 market value, the value shall equal the sum of the appraised fair market value of the  
18 land at the time of the acquisition and the costs incurred by the acquiring entity in  
19 acquiring the land. The acquiring entity shall supply the appraisal upon which the  
20 appraised fair market value is based.

21       (g) *Matching land acquisitions; available moneys.* For each land acquisition  
22 that is certified as a qualifying matching land acquisition under par. (e), the  
23 department shall make available for expenditure moneys in an amount that equals  
24 the value of the land acquisition, as calculated under par. (f). This paragraph does  
25 not apply to a land acquisition that is acquired with moneys committed by the federal

1 government, local governmental unit or nonprofit conservation organization under  
2 par. (h).

3 (h) *Matching land acquisitions; future commitments.* 1. In addition to the  
4 moneys made available for expenditure under par. (g), the department shall set aside  
5 moneys in amounts that equal amounts that the federal government, local  
6 governmental units or nonprofit conservation organizations commit for the  
7 acquisition of land in the Baraboo Hills for conservation purposes. Federal moneys  
8 that are committed under this paragraph shall be federal nontransportation  
9 moneys. The department may set aside moneys under this paragraph only for  
10 commitments that are made before January 1, 2006.

11 2. For each land acquisition that is made by using moneys that are committed  
12 by the federal government, a local governmental unit or a nonprofit conservation  
13 organization under this paragraph and that is certified as a qualifying matching  
14 land acquisition under par. (e), the department shall make available for expenditure  
15 moneys in an amount that equals the value of the land acquisition, as calculated  
16 under par. (f), after the acquisition is certified.

17 (i) *Available moneys; uses.* The moneys made available for expenditure under  
18 par. (g) or (h) 2. may be used by the department to acquire land in the Baraboo Hills  
19 for conservation purposes and to award grants to local governmental units and  
20 nonprofit conservation organizations.

21 (j) *Available moneys; grant requirements.* A local governmental unit or  
22 nonprofit conservation organization that receives a grant under par. (i) does not need  
23 to provide any matching funding. Land acquired with moneys from a grant awarded  
24 under par. (i) may not be certified by the department as a qualifying matching land

1 acquisition under par. (e). Grants awarded under par. (i) shall be used to acquire land  
2 for conservation purposes in the Baraboo Hills.

3 (k) *Unassigned amount.* If the assigned amount for the subprogram for the  
4 Baraboo Hills on January 1, 2006, is less than the available bonding authority, the  
5 department shall calculate the unassigned amount by subtracting the assigned  
6 amount from the available bonding authority. The department shall then adjust the  
7 annual bonding authority for the subprogram for land acquisition by increasing its  
8 annual bonding authority by an amount equal to this unassigned amount. The  
9 department shall expend any assigned amount that has not been expended before  
10 January 1, 2006, for acquisitions, by the department, of land for conservation  
11 purposes and for grants that meet the requirements under par. (j).

12 (L) *Highway construction required.* No moneys may be obligated for the  
13 subprogram for the Baraboo Hills before the department of transportation certifies  
14 to the department of natural resources that highway construction that will result in  
15 at least 4 traffic lanes has begun on the portion of USH 12 between the city of  
16 Middleton and the village of Sauk City.

17 **28.** Page 436, line 9: after that line insert:

18 **"(5m) ADJUSTMENTS FOR LAND ACQUISITIONS.** (a) Beginning in fiscal year  
19 1999-2000, the department, subject to the approval of the governor and the joint  
20 committee on finance under sub. (6), may obligate under the subprogram for land  
21 acquisition any amount not in excess of the total bonding authority for that  
22 subprogram for the acquisition of land.

23 (b) For each land acquisition transaction under this subsection, all of the  
24 following apply:

- 1           1. The department shall sell a portion of the acquired land.
- 2           2. All proceeds from the sale of the land, up to the amount obligated under par.
- 3           (a) as determined by the secretary of administration, shall be deposited in the
- 4           general fund and credited to the appropriation account under s. 20.370 (7) (ag).
- 5           Notwithstanding s. 25.29 (1) (a), the proceeds in excess of the amount obligated
- 6           under par. (a) shall be deposited in the general fund.
- 7           3. For bonds that are retired from the proceeds of the sale of the acquired land
- 8           within 3 years after the date on which the land was acquired by the department, the
- 9           department shall adjust the available bonding authority for the subprogram for land
- 10          acquisition by increasing the available bonding authority for the fiscal year in which
- 11          the bonds are retired by an amount equal to the total amount of the bonds issued for
- 12          the sale that have been retired in that fiscal year.
- 13          4. For bonds that are not retired from the proceeds of the sale of the acquired
- 14          land within 3 years after the date on which the land was acquired by the department,
- 15          the department shall adjust the available bonding authority for the subprogram for
- 16          land acquisition by decreasing the available bonding authority for the next fiscal
- 17          year beginning after the end of that 3-year period by an amount equal to the total
- 18          amount of the bonds that have not been retired from such proceeds in that fiscal year
- 19          and, if necessary, shall decrease for each subsequent fiscal year the available bonding
- 20          authority in an amount equal to that available bonding authority or equal to the
- 21          amount still needed to equal the total amount of the bonds that have not been retired
- 22          from such proceeds, whichever is less, until the available bonding authority has been
- 23          decreased by an amount equal to the total of the bonds that have not been retired.
- 24          (c) Notwithstanding sub. (2) (a) 1., land acquired under this subsection need
- 25          not be for conservation or recreational purposes.

1 (d) The department of administration shall monitor all transactions under this  
2 subsection to ensure compliance with federal law and to ensure that interest on the  
3 bonds is tax-exempt for the holders of the bonds.”

21           **(4m) BARABOO HILLS.** (a) *Definitions.* In this subsection:

22           1. “Assigned amount” means the sum of the amounts made available for  
23 expenditure under par. (g) and the amounts set aside by the department under par.

24           (h) 1.

1           2. "Federal nontransportation moneys" means moneys received from the  
2 federal government that are not deposited in the transportation fund and that are  
3 not credited to the appropriations under ss. 20.115 (2) (m) and 20.445 (1) (ox).

4           3. "Local governmental unit" means a city, village, town, county, lake sanitary  
5 district, as defined in s. 30.50 (4q), or a public inland lake protection and  
6 rehabilitation district.

7           (b) *Matching funding.* The department shall provide funding under the  
8 subprogram for the Baraboo Hills to match the value of land acquisitions that are  
9 certified as qualifying matching land acquisitions under par. (e).

10           (c) *Overall requirements.* 1. The department may obligate not more than  
11 \$5,000,000 under the subprogram for the Baraboo Hills.

12           2. The amount of moneys, other than federal moneys, that may be used by local  
13 governmental units or nonprofit conservation organizations to make land  
14 acquisitions that are certified as qualifying matching land acquisitions under par.  
15 (e) may not exceed \$2,500,000.

16           3. Land that is either certified as a qualifying matching land acquisition under  
17 par. (e) or (h) 2. or acquired with moneys made available for expenditure under par.  
18 (g) or (h) 2. may not be department land or land that is otherwise owned or under the  
19 jurisdiction of the state on the effective date of this subdivision .... [revisor inserts  
20 date].

21           (d) *Matching land acquisitions; requirements.* The department may only  
22 certify as a qualifying matching land acquisition in the Baraboo Hills an acquisition  
23 to which all of the following apply:

24           1. The land is being acquired for conservation purposes.

1           2. The land is being acquired by the federal government, by a local  
2 governmental unit or by a nonprofit conservation organization.

3           3. Any federal moneys being used for the acquisition are federal  
4 nontransportation moneys.

5           (e) *Matching land acquisitions; certification.* The department shall certify  
6 which land acquisitions qualify as matching land acquisitions for the subprogram for  
7 the Baraboo Hills and shall determine the values of these matching land acquisitions  
8 as provided in par. (f).

9           (f) *Matching land acquisitions; valuation.* The value of a land acquisition that  
10 is certified as a qualifying matching land acquisition under par. (e), shall be  
11 calculated as follows:

12           1. For land that is acquired by purchase at fair market value, the value shall  
13 equal the sum of the purchase price and the costs incurred by the federal  
14 government, local governmental unit or nonprofit conservation organization in  
15 acquiring the land.

16           2. For land that is acquired by gift or bequest or by purchase at less than fair  
17 market value, the value shall equal the sum of the appraised fair market value of the  
18 land at the time of the acquisition and the costs incurred by the acquiring entity in  
19 acquiring the land. The acquiring entity shall supply the appraisal upon which the  
20 appraised fair market value is based.

21           (g) *Matching land acquisitions; available moneys.* For each land acquisition  
22 that is certified as a qualifying matching land acquisition under par. (e), the  
23 department shall make available for expenditure moneys in an amount that equals  
24 the value of the land acquisition, as calculated under par. (f). This paragraph does  
25 not apply to a land acquisition that is acquired with moneys committed by the federal

1 government, local governmental unit or nonprofit conservation organization under  
2 par. (h).

3 (h) *Matching land acquisitions; future commitments.* 1. In addition to the  
4 moneys made available for expenditure under par. (g), the department shall set aside  
5 moneys in amounts that equal amounts that the federal government, local  
6 governmental units or nonprofit conservation organizations commit for the  
7 acquisition of land in the Baraboo Hills for conservation purposes. Federal moneys  
8 that are committed under this paragraph shall be federal nontransportation  
9 moneys. The department may set aside moneys under this paragraph only for  
10 commitments that are made before January 1, 2006.

11 2. For each land acquisition that is made by using moneys that are committed  
12 by the federal government, a local governmental unit or a nonprofit conservation  
13 organization under this paragraph and that is certified as a qualifying matching  
14 land acquisition under par. (e), the department shall make available for expenditure  
15 moneys in an amount that equals the value of the land acquisition, as calculated  
16 under par. (f), after the acquisition is certified.

17 (i) *Available moneys; uses.* The moneys made available for expenditure under  
18 par. (g) or (h) 2. may be used by the department to acquire land in the Baraboo Hills  
19 for conservation purposes and to award grants to local governmental units and  
20 nonprofit conservation organizations.

21 (j) *Available moneys; grant requirements.* A local governmental unit or  
22 nonprofit conservation organization that receives a grant under par. (i) does not need  
23 to provide any matching funding. Land acquired with moneys from a grant awarded  
24 under par. (i) may not be certified by the department as a qualifying matching land

1 acquisition under par. (e). Grants awarded under par. (i) shall be used to acquire land  
2 for conservation purposes in the Baraboo Hills.

3 (k) *Unassigned amount.* If the assigned amount for the subprogram for the  
4 Baraboo Hills on January 1, 2006, is less than the available bonding authority, the  
5 department shall calculate the unassigned amount by subtracting the assigned  
6 amount from the available bonding authority. The department shall then adjust the  
7 annual bonding authority for the subprogram for land acquisition by increasing its  
8 annual bonding authority by an amount equal to this unassigned amount. The  
9 department shall expend any assigned amount that has not been expended before  
10 January 1, 2006, for acquisitions, by the department, of land for conservation  
11 purposes and for grants that meet the requirements under par. (j).

12 (L) *Highway construction required.* No moneys may be obligated for the  
13 subprogram for the Baraboo Hills before the department of transportation certifies  
14 to the department of natural resources that highway construction that will result in  
15 at least 4 traffic lanes has begun on the portion of USH 12 between the city of  
16 Middleton and the village of Sauk City.”

18 “(5m) ADJUSTMENTS FOR LAND ACQUISITIONS. (a) Beginning in fiscal year  
19 1999–2000, the department, subject to the approval of the governor and the joint  
20 committee on finance under sub. (6), may obligate under the subprogram for land  
21 acquisition any amount not in excess of the total bonding authority for that  
22 subprogram for the acquisition of land.

23 (b) For each land acquisition transaction under this subsection, all of the  
24 following apply:

6 under par. (a) shall be deposited in the general fund.

7           3. For bonds that are retired from the proceeds of the sale of the acquired land

11 the bonds are retired by an amount equal to the total amount of the bonds issued for  
12 the sale that have been retired in that fiscal year.

13           4. For bonds that are not retired from the proceeds of the sale of the acquired  
14 land within 3 years after the date on which the land was acquired by the department,  
15 the department shall adjust the available bonding authority for the subprogram for  
16 land acquisition by decreasing the available bonding authority for the next fiscal  
17 year beginning after the end of that 3-year period by an amount equal to the total  
18 amount of the bonds that have not been retired from such proceeds in that fiscal year  
19 and, if necessary, shall decrease for each subsequent fiscal year the available bonding  
20 authority in an amount equal to that available bonding authority or equal to the  
21 amount still needed to equal the total amount of the bonds that have not been retired  
22 from such proceeds, whichever is less, until the available bonding authority has been  
23 decreased by an amount equal to the total of the bonds that have not been retired.

24           (c) Notwithstanding sub. (2) (a) 1., land acquired under this subsection need  
25 not be for conservation or recreational purposes.

1 (d) The department of administration shall monitor all transactions under this  
2 subsection to ensure compliance with federal law and to ensure that interest on the

21 **(4m) BARABOO HILLS.** (a) *Definitions.* In this subsection:

22 1. “Assigned amount” means the sum of the amounts made available for  
23 expenditure under par. (g) and the amounts set aside by the department under par.

24 (h) 1.

1           2. “Federal nontransportation moneys” means moneys received from the  
2 federal government that are not deposited in the transportation fund and that are  
3 not credited to the appropriations under ss. 20.115 (2) (m) and 20.445 (1) (ox).

4           3. “Local governmental unit” means a city, village, town, county, lake sanitary  
5 district, as defined in s. 30.50 (4q), or a public inland lake protection and  
6 rehabilitation district.

7           (b) *Matching funding.* The department shall provide funding under the  
8 subprogram for the Baraboo Hills to match the value of land acquisitions that are  
9 certified as qualifying matching land acquisitions under par. (e).

10          (c) *Overall requirements.* 1. The department may obligate not more than  
11 \$5,000,000 under the subprogram for the Baraboo Hills.

12          2. The amount of moneys, other than federal moneys, that may be used by local  
13 governmental units or nonprofit conservation organizations to make land  
14 acquisitions that are certified as qualifying matching land acquisitions under par.  
15 (e) may not exceed \$2,500,000.

16          3. Land that is either certified as a qualifying matching land acquisition under  
17 par. (e) or (h) 2. or acquired with moneys made available for expenditure under par.  
18 (g) or (h) 2. may not be department land or land that is otherwise owned or under the  
19 jurisdiction of the state on the effective date of this subdivision .... [revisor inserts  
20 date].

21          (d) *Matching land acquisitions; requirements.* The department may only  
22 certify as a qualifying matching land acquisition in the Baraboo Hills an acquisition  
23 to which all of the following apply:

24           1. The land is being acquired for conservation purposes.

1           2. The land is being acquired by the federal government, by a local  
2 governmental unit or by a nonprofit conservation organization.

3           3. Any federal moneys being used for the acquisition are federal  
4 nontransportation moneys.

5           (e) *Matching land acquisitions; certification.* The department shall certify  
6 which land acquisitions qualify as matching land acquisitions for the subprogram for  
7 the Baraboo Hills and shall determine the values of these matching land acquisitions  
8 as provided in par. (f).

9           (f) *Matching land acquisitions; valuation.* The value of a land acquisition that  
10 is certified as a qualifying matching land acquisition under par. (e), shall be  
11 calculated as follows:

12           1. For land that is acquired by purchase at fair market value, the value shall  
13 equal the sum of the purchase price and the costs incurred by the federal  
14 government, local governmental unit or nonprofit conservation organization in  
15 acquiring the land.

16           2. For land that is acquired by gift or bequest or by purchase at less than fair  
17 market value, the value shall equal the sum of the appraised fair market value of the  
18 land at the time of the acquisition and the costs incurred by the acquiring entity in  
19 acquiring the land. The acquiring entity shall supply the appraisal upon which the  
20 appraised fair market value is based.

21           (g) *Matching land acquisitions; available moneys.* For each land acquisition  
22 that is certified as a qualifying matching land acquisition under par. (e), the  
23 department shall make available for expenditure moneys in an amount that equals  
24 the value of the land acquisition, as calculated under par. (f). This paragraph does  
25 not apply to a land acquisition that is acquired with moneys committed by the federal

1 government, local governmental unit or nonprofit conservation organization under  
2 par. (h).

3 (h) *Matching land acquisitions; future commitments.* 1. In addition to the  
4 moneys made available for expenditure under par. (g), the department shall set aside  
5 moneys in amounts that equal amounts that the federal government, local  
6 governmental units or nonprofit conservation organizations commit for the  
7 acquisition of land in the Baraboo Hills for conservation purposes. Federal moneys  
8 that are committed under this paragraph shall be federal nontransportation  
9 moneys. The department may set aside moneys under this paragraph only for  
10 commitments that are made before January 1, 2006.

11 2. For each land acquisition that is made by using moneys that are committed  
12 by the federal government, a local governmental unit or a nonprofit conservation  
13 organization under this paragraph and that is certified as a qualifying matching  
14 land acquisition under par. (e), the department shall make available for expenditure  
15 moneys in an amount that equals the value of the land acquisition, as calculated  
16 under par. (f), after the acquisition is certified.

17 (i) *Available moneys; uses.* The moneys made available for expenditure under  
18 par. (g) or (h) 2. may be used by the department to acquire land in the Baraboo Hills  
19 for conservation purposes and to award grants to local governmental units and  
20 nonprofit conservation organizations.

21 (j) *Available moneys; grant requirements.* A local governmental unit or  
22 nonprofit conservation organization that receives a grant under par. (i) does not need  
23 to provide any matching funding. Land acquired with moneys from a grant awarded  
24 under par. (i) may not be certified by the department as a qualifying matching land

1 acquisition under par. (e). Grants awarded under par. (i) shall be used to acquire land  
2 for conservation purposes in the Baraboo Hills.

3 (k) *Unassigned amount.* If the assigned amount for the subprogram for the  
4 Baraboo Hills on January 1, 2006, is less than the available bonding authority, the  
5 department shall calculate the unassigned amount by subtracting the assigned  
6 amount from the available bonding authority. The department shall then adjust the  
7 annual bonding authority for the subprogram for land acquisition by increasing its  
8 annual bonding authority by an amount equal to this unassigned amount. The  
9 department shall expend any assigned amount that has not been expended before  
10 January 1, 2006, for acquisitions, by the department, of land for conservation  
11 purposes and for grants that meet the requirements under par. (j).

12 (L) *Highway construction required.* No moneys may be obligated for the  
13 subprogram for the Baraboo Hills before the department of transportation certifies  
14 to the department of natural resources that highway construction that will result in  
15 at least 4 traffic lanes has begun on the portion of USH 12 between the city of  
16 Middleton and the village of Sauk City.”

17 **29.** Page 436, line 9: after that line insert:

20 committee on finance under sub. (6), may obligate under the subprogram for land  
21 acquisition any amount not in excess of the total bonding authority for that  
22 subprogram for the acquisition of land.

23 (b) For each land acquisition transaction under this subsection, all of the  
24 following apply:

1           1. The department shall sell a portion of the acquired land.

2           2. All proceeds from the sale of the land, up to the amount obligated under par.  
3 (a) as determined by the secretary of administration, shall be deposited in the

5 Notwithstanding s. 25.29 (1) (a), the proceeds in excess of the amount obligated  
6 under par. (a) shall be deposited in the general fund.

7           3. For bonds that are retired from the proceeds of the sale of the acquired land  
8 within 3 years after the date on which the land was acquired by the department, the  
9 department shall adjust the available bonding authority for the subprogram for land  
10 acquisition by increasing the available bonding authority for the fiscal year in which  
11 the bonds are retired by an amount equal to the total amount of the bonds issued for  
12 the sale that have been retired in that fiscal year.

13           4. For bonds that are not retired from the proceeds of the sale of the acquired  
14 land within 3 years after the date on which the land was acquired by the department,  
15 the department shall adjust the available bonding authority for the subprogram for  
16 land acquisition by decreasing the available bonding authority for the next fiscal  
17 year beginning after the end of that 3-year period by an amount equal to the total  
18 amount of the bonds that have not been retired from such proceeds in that fiscal year  
19 and, if necessary, shall decrease for each subsequent fiscal year the available bonding  
20 authority in an amount equal to that available bonding authority or equal to the
