Rick--

Here is the follow-up on the numbers I promised to you .

The first sheet (see "75% of totals") represents the amounts that should be appropriated under the new appropriation for implementation of retirement legislation. That appropriation should be established as a biennial appropriation with an end of the fiscal biennium repeal on it. Why don't you use 20.515(1)(v) for the new appropriation. There are 19 FTE 18-month project positions that will be funded from this new appropriation. I don't know if you need to reference that or not, but if you do, that is the FTE number to use.

A separate draft needs to be prepared to fund ETF's additional imaging project costs. The appropriated amounts under s. 20.515(1)(w) need to be increased by \$405,700 in 1999-00 and \$150,900 in 2000-01.

Call me (6-8744) if you have any questions.

Tony Mason, LFB
