FROM THE  
LEGISLATIVE REFERENCE BUREAU**

LRB-1956/1dn

February 24, 1999

Representative Foti:

This draft prohibits DOT from selling personal information it collects from vehicle registrations, licenses, identification cards and operating records. It does not prohibit DOT from providing this information free of charge to the public.

Also, under current law DOT may enter into contracts for the sale of information and sell subscriptions to this information. This draft does not affect contracts or subscriptions already entered into by DOT as that might place an impermissible restriction on current contracts. Therefore, the prohibition on the release of personal identifiers applies to contracts or subscriptions entered into, extended, modified or renewed on the effective date of this draft.

Please review this draft carefully to make sure it reflects your intent. If you have any questions or comments, please feel free to contact me.
